the present year free MUNICIPAL MATTERS.

In a short time our townspeeple will be called upon to choose municipal representatives for another year, and we believe they could not do any better than re elect the present Council. There may be very probably three will became, for we are not aware whether each member of the Council intends to seek resolucion. This must, however, may be said, and we think it will receive, general approxit, that the numbers of the present Council have faulthfully and honeally discharged their dities, and have carefully managed the affairs of the town. They densere resolucion is in not probable, however election. It is not probable, however election. It is not probable, however election. It is not probable, however election is in connection with the Mayor all the members of the town. They densere resolucing in the construction with the Mayor ality, but feel conditions and hor carefully managed the effects of the town. They densere resolucin the intended of the present connection with the Mayor ality, but feel conditions are not heard any name mentioned in connection with the Mayor ality, but feel conditions are not heard any name mentioned in connection with the Mayor ality, but feel condition we reflect popular opinion in suggesting that the present estenance of every new the connection with the Mayor ality, but feel condition were reflected popular opinion in suggesting that the present estenance of every new who was commenced the energy and decrease which may ality and the construction of the military, and in time they will be constructed desired to the present estenance of every new who was commenced to every new have commenced the extension. THE VICTORIA BAILWAY.

The construction of the section of he Victoria Railway between Lindsay and Kinmount is being pushed mpidly forward with an energy and thorough ness that cannot be otherwise than highly satisfactory to the municipalities which aided the Company with bonuses as well as the Covernment and Legisla-ture which willingly contributed a small portion of the railway aid fund. They must be pleased with the already large results of their progressive policy; but a brief consideration of the surround-ings and advantages of the Victoria of to trail their coats. The Review is brief consideration of the surroundfinilway project cannot fail to convince greatly exercised because no Reforms all who have at heart the material wellbeing and progress of the province, and especially of that large and important section between Lakes Sengog and Niplasing and the Ottawa River that a more liberal policy is essentially necessary in order to the full development of our resources and the effectual building up of a sure foundation for our na-
