The nominations for the Municipal Council of the Township of Verulam, for the year 1875, took place on Monday last in the new Town Hall. A large number of electors were present. Good order and good feeling prevailed throughout the whole proceedings. For nominations see first page. Messrs. J. L. Read, M. McConneil and J. Montgomery are not supposed to be candidates for election. The contest between the Reserves and Deputy-Reerves promises. the Reeves and Deputy-Reeves promises
to be very close, both sides being confident of succese. There were some very
good speeches, particularly on financial
matters, between the candidates for the
New Connexion Methodist cause in this
village. Addresses were delivered by matters, between the candidates for the Revership, the present Reeve maintaining we were entirely free of debt to the County, or nearly so; Mr. Bick, as positively asserting we were more in debt now than two years ago. The impression left on the electors was one of uncertainty as to which was right, believed to the could have as ice bridge the year round it would be much better than the old rickety thing which is called a bridge at the narrows.

Even if it were much weaker it would be nearly as safe as the bridge. If we independ to the country of the resident ministers.
