LOCAL MISCELLANY.

ROUND TOWN.

SCHOOL LAW LECTURES. New and revised edition, Parts I and 2, at Porter's Bookstore.

THE NEW POSTAL GUIDE. New edition of Sankey's Hymns, new invitation golograf at Porter's Bookstore.

ST. PAUL'S CHURCH. The Rev. C. W. Patterson, of Port Hope, will preach in the church next Sunday morning and evening.

THIS IS A FACT and no scarecrow, and all concerned will take notice, that all who are indebted to me either by note or book account and not paid in the month of January, 1876, will be collected without delay. E. McFEELY.

NIGHTING TIME TABLE. In our advertising columns will be found the "winter arrangements" time table of the Nipissing Railway, which came in force on Monday last. Make a note of the changes at the chief points.

RUNAWAY. On Wednesday afternoon the horses attached to the Manilla stage took fright at the post office, and started at full speed up Kent Street, and turning Wesse's corner ran into Mr. Jewett's yard, breaking the vehicle badly.

NEW STORE. Mrs. Sheridan, of Barrie, has leased the store in Mr. Keenan's block, formerly occupied by Mr. Burk, for the purpose of carrying on the dry goods and millinery business. The store will be opened in the latter part of March. Mrs. Sheridan has had long experience in this business.

MISSIONS. The annual missionary meeting will be held in St. Paul's church this evening at 7.30 o'clock. The Rev's. Rural Dean Allen, T. Walker, of Bobcaygeon, and R. H. Harris, of Omemee, will address the meeting. The Ven. Archdeacon of Peterboro' is also expected.

BLANKETS, BLANKETS, BLANKETS. W. Milne has just received a large assortment of White, English and Canadian Blankets, Grey, Shanty and Horse Blankets. Always on hand a full stock of Carpets and English Oil Cloths, Grain Rugs, Men and Ladies' Wool under clothing, and a large stock of General Dry Goods, at the sign of the Golden Fleece, corner of Kent and William streets, south side. 81f.

SUCCESSFUL AMPUTATION.—A young lad, the son of Mr. Wm. Mitch, 11 concession Manvers; near Franklin, had his leg amputated on Thursday week, rendered necessary by reason of the effects of a disease of the knee joint. A successful operation was performed by Dr. E. A. Herriman, of Lindsay, assisted by Dr. Herriman, of Port Hope. The unfortunate lad is doing as well as, under the circumstances, could be expected. [Guide.

SOCIAL. The wives of the trustees of the Methodist Church gave a social on Monday evening in aid of the improvement fund of the church. The entertainment was good and the programme, which consisted of singing by the choir and a lecture entitled, "The Sea of Glass mingled with Fire" by Rev. Mr. Ryan, supplemented by refreshments was instructive and entertaining. The proceeds we understand were satisfactory.

SOUTH VICTORIA AGRICULTURAL SOCIETY. In electing Mr. Thos. Thompson, Mr. T. Beall and Mr. Fowler, to the offices of President and First and Second Vice Presidents, The South Riding Society has taken a step that will, we are confident, increase its usefulness and popularity. Mr. Thompson is well known as an enterprising and sagacious farmer, while the other officers will spare no pains in the discharge of their duty. As the "Central Exhibition" is to be held here next year, it would not be amiss to consider how to prepare for it; and it has been suggested that the present fair ground should be sold, and more spacious grounds secured upon which larger buildings could be erected.

HOTEL TO RENT.—As will be seen by our advertising columns, the Dominion Hotel, William Street, is to let.

CROWDED OUT.—Verulam and Eldon Council minutes, and some local correspondence arriving just as the paper was going to press.

ST. ANDREW'S CHURCH.—Rev. Jno. S. Lochead, of Kelso, Quebec, will preach in the above church next Sunday morning and evening.

ENGLISH CHURCH MISSIONS.—Rev. Rural Dean Allen and Rev. Dr. Smithett have this week held successful missionary meetings at Dunsford, Bobcaygeon, Lambs', and Fenelon Falls, in connection with the mission-work of the church of England.

ELECTION CHAFF.—The favorite song over the Ottawa Mayoralty among the jolly good Fellowes is "Slap Bangs, here we are again." Lindsay has won the Poole in the Mayoralty, and Peterboro has found for its chair a very willing Toole. Kingston Whig.—Oshawa has admitted a Rae of light into her Council, and henceforth we may expect it to be true as steel.—Oshawa Reformer. And Fenelon shows good Reason by sending a Naylor to the County Council, to keep matters from getting too loose; while in our town council if the "Little Band" get's wrong Mann will be sure to Ketchum.

PERSONAL.—Mr. P. Martin and wife, late of this town, have taken up their abode in Peterborough. Mr. Martin has been engaged as organist in the Roman Catholic Church.—We regret to learn that Mr. Jno. McCarthy, head master of the Public School is lying very ill of inflammation.—Mr. W. J. Webster, of Webster & McMartin, Boot & Shoe manufacturers, Montreal, and formerly of Lindsay, called on us Wednesday. He notes a remarkable improvement in Lindsay and predicts a brilliant future.—Mr. Hugh O'Leary, late in law office of Blake, Kerr and Boyd, has returned to town, and is at present in Mr. A. O'Leary's office.—Mr. J. M. Rodgers, teacher of S. S. No. 3, Eldon, has gone to the Collegiate Institute, Toronto, with the view of preparing for Knox College, which he will probably enter in the fall. Mr. Rogers' intention is to study for the ministry of the Presbyterian Church.

OPS COUNCIL MEETING. The Council met on the 15th inst., pursuant to adjournment. All the members present. The minutes of last meeting read and approved. Moved by Mr. Fisher, sec. by Mr. Morrison, that Christopher Armstrong be paid one-half amount of damages sustained by him on account of injury received on boundary between Ops and Manvers not exceeding in the whole $6, conditional that the township of Manvers pay other half said damages, order to be given when the Reeve is satisfied that Manvers Council has paid their part. Carried. Moved by Mr. Morrison, seconded by Mr. Fisher, that the following orders be granted, viz: John Morrison, sess. allowance, $22, milege, 85.50 com. $9.00; J. Bryan, do. $22, mileage, 86.00 com. $9.05; P. Fisher, do $22, com. $12.85, mileage, $4.40; John Fitzpatrick, sess. allowance $22, mileage, $1.40, com. $11.70; also, A. Walker, att'g equally sch. rolls Ops and Manvers $2.50; Tuesday at meeting for Union sch. Ops and Pt. Perry, $5.80; time purchasing and measuring gravel pit, $2.50; two days att'g Lindsay regarding settlement of debt, $2, in all $11.80; also, A. O'Leary, $30 salary, conveyance $7.63, costs $23.70; expenses paid deputy returning officers for election expenses, $81.31; municipal taxes on Mrs. Frank Bell 74 and 75 $15; postage $2.08; also, James Kenear $2.75 for wood at hall; C. D. Barr printing account $12.25; Patrick Barragy $8 for work on 8th con. south of middle line; R. Parkins, $5, paid man for work on 5th con. line, south middle line; Trustees sch. sec. No. 2, $200; assistance in building new school house; R. McCausland $1.30 repairing swing bridge; also, Trustees s.s. No. 12, $140.07 assisting in building school house; John Morrison for R. Ryerson an indigent person, $5; John Twohey for Chas. McCarthy do, $10; Timothy Geough for Joseph Cox, $10 charity; also P. Quillan $3 charity; Ann O'Neil $10 charity; L. Maguire, Esq., $3.30 am't paid by him sending Miss Scott, an indigent person, to hospital; John Armstrong $80 salary as treasurer; Robt. Reed $3 for work on 8th con. line south of 2nd quarter line. Carried. Council then adjourned. The Council met on the 11th Jan. pursuant to law. All members having taken the declaration of office and qualification, the Council was called to order by the clerk. The Reeve appointed Jeremiah O'Leary as auditor. It was moved by Mr. Bryan, seconded by Mr. Morrison, that James Gillogly be appointed by the Council as the other auditor, and that a by-law be passed appointing him. —Carried. By-law passed. Moved by Mr. Morrison, seconded by Mr. Fitzpatrick, that Jas. J. Heenan be appointed assessor for the township of Ops for current year at the salary of $80, and that a by-law be passed in accordance herewith.—Carried. Moved by Mr. Bryans, seconded by Mr. Fitzpatrick, that Master Douglass get an order for two dollars for making on fires at Council meetings in Council Chambers, Lindsay. Carried. The Council then adjourned until the 3rd Saturday in February to meet at Council Chamber, Lindsay.

TOWN COUNCIL.

The new Council met on Monday last at 11 o'clock, a.m., and took the declaration of office. A committee was appointed to strike the Standing Committees for the year.

The Council then adjourned until 8p.m.

EVENING SESSION.

Members present: the Mayor, Reeve, Deputy-Reeves and Councillors Cahill, Winters, Ketchum, Duffus, Hopkins and Ingle.

MAYOR'S ADDRESS.

The members of the Council having assembled the Mayor congratulated them on being elected to the honorable position they now held and expressed the hope that the deliberations would be characterized by unanimity and that everything would be done in the interests of the town. He hoped the Council would hear a little with him if in all cases his ruling was not to their wishes and ascribe the cause to his inexperience and not to any desire to do wrong.

AUDITORS.

The Mayor appointed Mr. Samuel Irwin, auditor for 1876.

On motion of Coun. KETCHUM, seconded by Deputy-Reeve MCDONELL, Mr. M. Sanderson was appointed auditor by the Council.

COMMUNICATIONS.

The CLERK read a communication from Mr. Buell, who proposed giving an entertainment in the the Town Hall, Wednesday evening, half of the proceeds of which were to be given to the poor of the town, asking that the hall be granted him free; from Mr. Philip Nicolle and Mr. Peter Sennett, asking that they be appointed assessors for 1876; from the President of the Midland Railway, asking the town to petition the Ontario Government to aid the extension of the Midland Railway from Orillia to Midland City.

COUN. DIAMENT entered and took his seat.

REFORMS.

Deputy-Reeve CRANDELL, said he had a number of reforms he would introduce at the next meeting of the Council, by way of by-law for the purpose of putting our charity business in a different position. It would provide that the amount so expended be curtailed and aid given only to deserving parties. A Poor Master would be appointed to attend to the matter, whose duty it would be to report to the Council when application was made to him for assistance if the party was deserving. This, he said, would do away with a great deal of work and unpleasantness which heretofore devolved on Councillors, and at the same time would provide for the work being more thoroughly attended to. The holder of this office would also hold the position of Fire Warden an office which was long wanted and Sanitary Inspector. Another reform he would introduce was the appointment of a labouring man during six months in the year for supervising the streets and sidewalks. He advocated letting all contracts by tender and said this officer's duty would be to report as to whether the contracts were carried out properly.

COUN. HOPKINS asked if one person was to attend to these duties. He thought it was sufficient for one man to superintend the streets and sidewalks.

Deputy-Reeve CRANDELL said it was his intention to have two men.

HIGH SCHOOL TRUSTEES.

On motion of Reeve RUSSELL, seconded by Deputy-Reeve MCDONNELL, a by-law to appoint a High School Trustee and one in the place of Mr. John McLennan, resigned, was read a first time and Council went into committee thereon, Coun. Hopkins in the chair.

The committee rose and reported by-law passed without amendment and the blanks filled in with the names of Mr. D. Brown and Mr. L. Maguire.

FROZEN HYDRANTS.

The MAYOR stated that he was informed by Mr. Morison that the hydrant in front of Mr. Baker's store was frozen that morning. He considered some steps should be taken to have the person in charge of the works examine the hydrants once or twice a week.

Reeve RUSSELL said he understood from the chief engineer that that officer would examine them once or twice a week also said Mr. Forbert was willing to take week until the 1st of February. He charge of the hydrants at a slight advance over his present salary.

EXTENSION OF TIME.

On motion of Reeve RUSSELL, seconded by Deputy-Reeve MCDONNELL, the time for collecting the taxes was extended until the 1st of February.

COUN. WINTERS enquired what amount of taxes was yet outstanding.

The CLERK said about $3,000.

CHARITY ENTERTAINMENT.

On motion of Deputy-Reeve MCDONNELL, seconded by Reeve RUSSELL, the Town Hall, light and firewood for one night in each week were placed at the disposal of the charity committees for holding entertainments for the benefit of the poor of the town, and also the hall for next Wednesday evening.

A MEMORIAL

On motion of Reeve RUSSELL, seconded by Deputy-Reeve MCDONNELL, the Clerk was instructed to memorialise the Ontario Government as requested by the President of the Midland Railway, asking for aid for extension of said railway to Midland City.

A FINANCIAL STATEMENT WANTED.

On motion of Reeve RUSSELL, seconded by Deputy-Reeve CRANDELL, the Clerk was instructed to furnish the Council by next meeting of Council with a statement of the liabilities and present available assets of the town.

CHARITY GRANT.

On motion of Deputy-Reeve MCDONNELL, seconded by Coun. KETCHUM, $80 was placed in the hands of the Mayor, Reeve and Deputy-Reeves for the disbursement of charity until next meeting of Council, said disbursements to be included in the charity accounts for the year.

LICENSE BY-LAW.

The MAYOR stated that the license by-law must be passed not later than the 15th February, and as only one meeting would take place before that date the Inspector should be authorised to inspect the hotels.

CHARITY ENTERTAINMENT.

On motion of Reeve RUSSELL, seconded by Coun. DIAMENT, Couns. Duffus, Winters and Deputy-Reeve McDonnell were appointed a committee to further the interest of the entertainment to be given by Mr. Buell on Wednesday evening for the benefit of the poor of the town.

The Council then adjourned.

TEMPERANCE TEA MEETING.—An entertainment of this kind will be given under the auspices of "Shady Rill" Lodge, U. T., in school house No. 3, Bexley, on Wednesday evening, Feb. 2nd. An excellent programme has been provided, and a good time may be expected. Recitations, singing and dialogues by local talent, and addresses by Rev. Messrs. Lawson, Andrews, and others. A cakewill be put up for competition by two young ladies—whoever gets the most votes to be the winner. No bribery or corruption. No intimidation.

AGRICULTURAL SOCIETIES.—There is quite a controversy here now about agricultural society matters. There has been a society here for the last four years called Somerville Society, and last year a society of the same name was organized at Coboconk, and as there can only be one in the township recommended by the County Society those at Coboconk will no doubt have to abandon their claim to Somerville, and attach themselves to some of the other townships close by Coboconk.

LECTURE.—A lecture is to be given by the Rev. Mr. Tocque on Thursday evening, on "Geology." A very interesting subject in this romantic locality.

SUNDAY SCHOOL.—A Sunday School in connection with the M. E. church has been opened here by the Rev. J. Wells.

SCHOOL MATTERS now occupy considerable attention. Although school should have been opened on Monday last the trustees have not yet engaged a teacher.

OMEMEE.

[Correspondence of The Post.]

TRUSTEE.—Dr. Cornwall was appointed High School Trustee by the Council on Monday.

AGRICULTURAL.—The officers of the Emily Branch Agricultural Society for the ensuing year are:—President, A. McQuade; Vice-President, C. Knowlson; Sec. W. H. Hill; Directors, Wm. Adams, Davin Toole, John Fee, A. Faulkener, W. C. Penton, John Bannon, J. A. McMurray, John Brady, G. Switzer. A resolution was passed to the family of the late Thos. Franks, whose generous nature and valuable services as a director on behalf of the society will be long remembered.

SOCIAL. The Christmas Tree and social of the Sunday School of Christ Church came off on Wednesday. Musical and complimentary presentations and addresses enlivened the evening.

DESERVED.—The sum of $10 was presented to Mr. W. H. Hill for his very efficient and attentive services as Secretary during the past year by the Agricultural Society. Mr. Hill makes an excellent officer.

PRESBYTERIAN.—There is a rumour that the Rev. Mr. Ewing for the past quarter of a century pastor of the Omemee Presbyterian church, is likely to resign. Should this prove true the Presbyterian position in this section will be a difficult one, because of isolation resulting from the late Presbyterian limits.

BEAVERTON.

[Correspondence of The Post.]

COMMITTED TO GAOL.—Joseph Elliott and Wm. Wrightman, both hard cases, were arrested on the 12th inst. and brought before Charles Robinson and G. F. Bruce, J. P's., charged by Capt. Paterson with breaking into the drill shed and stealing therefrom a pair of pants and an overcoat each, and a quantity of ammunition. The prisoners admitted the charges and were committed to Whitby jail to await their trial. Each party leaves a wife and family in destitute circumstances.

TOWNSHIP COUNCIL.—The first Council took the oath of office on Monday last. There was no business of any importance transacted, with the exception of the appointment of assessor and auditors. Mr. Joseph Robinson was appointed township assessor, and Messrs. J. B. Linton and William McCaskill township auditors. The former is the Reeve's brother-in-law, and the latter the treasurer's father-in-law. Why not appoint the Reeve and Treasurer at once?

GRIP.—Canada's cartoonist, Mr. Bengough, is to lecture in the Alexandria Hall on Tuesday evening, 28th inst. He will no doubt have a large audience.

NEW CHURCH.—The congregation in connection with the Presbyterian Church in Canada of this place, intends erecting a large brick church. The committee are making a "big push" to have it built next summer.

GRAIN MARKET.—The grain market has been unusually brisk for the last week. On an average there were about 2,000 bushels a day sold here, for which the highest market price was paid. On Tuesday last notwithstanding the heavy rain and bad weather there were 1,500 bushels of wheat taken at the Midland freight house, and over a thousand bushels of it came from the township of North Gwillimbury in the township of York, the prices being about 3 cents per bushel better here than at Newmarket.

ENTERPRISING.—Mr. Angus McKinnon, of the Ontario, Hotel has been pushing a large trade in the pork business. On Friday last he purchased over 100 hogs, for which he paid almost Toronto prices. He has built a large addition to his hotel, which is intended for a sample room. He deserves credit for his enterprise.

BRIGHT PROSPECTS.—Business is looking up. The business men were very cautious last fall in selecting their stocks, and did not purchase as heavily as on former years. They are now receiving their stock, and seem not to feel the stagnation in trade that other places are complaining so much about. also said Mr. Forbert was willing to take

SCHOOL MEETING.—At our annual school meeting Mr. George R. Proctor was elected school trustee in place of Mr. Daniel Williamson, retired.

COMMENDABLE.—At the meeting of Council on Monday our "worshipful body" granted some aid to several indigent persons in the municipality.

AGRICULTURAL SOCIETY.—The Orrah Branch Agricultural Society held their annual meeting on Saturday the 22nd inst., for the purpose of passing auditors and other reports, and for electing officers and amending the rules of the society if necessary. The meeting will take place at 3 o'clock, p. m., in the town hall.

DEBATE.—Our Good Templar friends have been amusing themselves lately by having a debate on the question, "Whether intemperance or war has caused the more misery to mankind?" The question was ably handled on both sides, and after hearing the discussion the chairman decided that according to the arguments brought forward intemperance had caused more misery.

CHANGE OF TEACHERS.—Our school was opened on the 10th by Mr. Thompson, who has been engaged in the room of Mr. Anderson, who has been obliged to retire on account of ill-health. We wish Mr. Thompson every success, and hope that he will have the hearty co-operation of the parents.

SCHOOL MEETING.—Our school meeting passed off very quietly and resulted in the election of Mr. Alexander Spence as trustee, and Mr. Wm. Ashman as auditor for 1876.

PROGRESSIVE.—Quite an improvement to our village has been made by the erection of a new waggon and sleigh shop by Mr. Fitzsimmons, brother-in-law to our worthy hotel-keeper, Mr. Patrick Maguire. Mr. Fitzsimmons is now in full blast, and is turning out some first-class sleighs and cutters. The iron department is under the superintendence of our well-known blacksmith, Mr. Neil Gilchrist.

VICTORIA ROAD STATION.

[Correspondence of The Post.]

"ORION" TO THE RESCUE.—In looking over the columns of that welcome visitor, THE CANADIAN POST, of the 14th inst., I saw a communication headed Victoria Road, and what appeared strange to one was the fact that your correspondent did not know himself, for he commenced his article enquiring "has your correspondent forgotten us?" "Have fear and trembling taken hold on him?" Such questions are easiest answered by himself. His production reminds me of an event that happened in Canada not many years ago. A carpenter by the name of Jackson happening with the misfortune of becoming inebriate, was drawn into a small closet under the stairway of a seventh class hotel by a comrade whom he had recently served in the same manner, and when he had revived sufficiently to look round and see where he was, he exclaimed, (after looking at himself as best he could) "I cannot be Martin Conner; but I must be Martin Conner; for this is where I put Martin Conner." So it seems to be with your correspondent when enquiring after himself. I do not mean to say that he is under the influence of any spirits earthly, but he must have had something on the brain apart from the subject that he undertook to write, or he would not have mistaken himself for some other person and inquired of the public if he were trembling. If he had said the other correspondent, people would think that there were two correspondents at this place when they would not be applying it to this, and it is that person, but I wonder who they are. He has never thought of himself; perhaps the other correspondent's articles would not be published, or if he believes so he conceals it, or does he solicit a trial of strength, and wishes the other correspondent to tremble for fear of his powerful intellect? ORION.

MISSIONARY MEETING.—The annual missionary meeting of the Presbyterian congregation was held last Monday evening. Though the weather was unfavourable the meeting was well attended. Addresses were given by Messrs. Fyper, Gillespie, McLennan, and Cockburn.

SCHOOL ELECTION.—At the annual chool meeting several candidates were nominated for the office of trustee. Upon a vote by show of hands being taken, Dr. Gillespie was declared re-elected. A poll was then demanded when he was again elected by a still larger majority. The defeated party are talking loudly about overthrowing the election on the ground that the corporate seal was not put to the notice calling the meeting. They forget that it is only those who are ignorant of the use of the seal who attach it to such notices. Vide school manual, page 53, paragraph 20. "The trustees seal should not be affixed to mere notices or letters, but only to contracts, agreements, deeds, or other papers which are designed to bind the trustees as a corporation for the payment of money, or the performance of any specified duty."

ACCIDENT.—Mr. D. Langland, of this village, met with an accident by breaking through the floor of a waggon-box while the waggon was in motion. The hind wheel went over his head and foot.

SNOW.—To-day the fields are completely bare of snow. The like has not been remembered within the memory of man. It looks as if this end of the earth some how or other got turned to the south. If so, we may put away our sleighs, and bid farewell to snow. Probably your Lindsay astronomers can settle this very important question.

WOODVILLE.

[Correspondence of The Post.]

BENGOUGH.—The renowned "Grip" Cartoonist is to deliver his celebrated lecture "Heads and Tales" in the town hall here on Wednesday evening, Jan. 26. We bespeak for him a large audience. Among the press notices of this lecture we find the following from the Mail of Dec. 20:—"The very flattering audience which greeted Mr. J. W. Bengough, Grip's clever cartoonist, on the occasion of his new lecture on "Heads and Tales," in Shaftesbury Hall last night, attests that his popularity in Toronto is as vigorous as ever. The hall was full, and among the audience there was a large sprinkling of members of Parliament, clergymen, lawyers and other public men. Mr. Bengough was in his happiest humor, and the numerous hits, puns, incidents, and humorisms contained in his sparkling remarks together with the ludicrous creations of his pencil, kept the audience in unbounded merriment. Seems he began to get more sinned against than sinning. A praiseworthy result was the consequence. The C. C. says the manner in which the whole thing was conducted was a pleasure to the strayed and a credit to the lodge. Who could or would have the temerity to question the accuracy of such a sublime truth? Our contemporary seems to be hanging by a secure from contamination is to handle not, taste not, touch not the unclean thing.

NOVEL EVENT.—We have no wolf escapes to narrate, but a lynx was shot a few days since, and a large snake was put to death last Sunday by Mr. C. McDonald, when returning from church—a notable fact, as such a thing as a serpent being observed much less killed is a rarity this time of the year.

NEW STATION.—This station was opened on the 4th inst., by the agent, Mr. Edward Kelly, who has been promoted from Garden Hill. This will be a great convenience to the public and especially to farmers who have heretofore been obliged to take their grain to Atherly or Beaverton. The express and telegraph offices connected with the agency will also supply a want which has been very much required in this section.

[Correspondence of The Post.]

ADVANCING.—Mr. Simmonds has disposed of his parcel of land adjoining the village at an advance of twenty-five per cent. on the purchase money two years since. A lot on the Portage Road, near the Portage Station, which could be bought four or five years ago for $600 dollars, has lately realized $1,500. Mr. Dickson has erected a considerable expense an elegant and substantial dwelling house on his farm, midway between this place and Balsover. It is an ornament to the neighborhood and a credit to his enterprise. He is introducing thorough-bred stock on his land, and contemplates further improvements. More such as he are wanted. They would be held at a premium.

ACCIDENT.—Mr. M. Flood, of Cardon, whilst engaged in adjusting his sawing machine, inadvertently placed his hand immediately under the saw, which fell with such force as to drive several teeth completely through it. The wound was an ugly one, but is doing well through the care he is bestowing upon it. He thinks many of the accidents are caused by being careless. We dare not dispute. The other hand was sound.

BIRTH-DAY SOCIAL.—One of our most popular citizens presented several of his friends with a gratuitous oyster supper on Wednesday evening last, it being the occasion of his 47th birthday. The events connected with that night will be remembered for many a day by those present. After the viands had justice done them the ladies retired, the tables were cleaned and large vessels filled to the brim with hot and smoking whiskey punch were deposited in convenient attitudes before the guests. The first toast, "the Host and Hostess," was quaffed with the utmost enthusiasm and responded to in an original and unique manner by the former, who concluded his masterly address by singing in a semi-baritone voice, "Who so happy as we." An encore being vociferously called for, he gave "The Rollicking Irishman," in the richest of Hibernian brogues, causing great sensation. Toast—"Canada and her glorious privileges," washed down with copious libations of the creature." Several jumped up to express their loyalty by a suitable response. But, alas! The attempt was a miserable failure, none were there that could face the music, and all friends with such dignified composure quietly took their seats in silent confusion. Song by all in dulcet but doleful tones, "Try, try again." Such with slight variations was the order of the night. The entertainment concluded with a roaring farce. The guests betaking themselves to their several abodes imagining that a brick had been put in each of their hats.

THE TIMES.—Messrs. McKenzie and Campbell are taking out large contracts for ties, cordwood, posts, &c. This being a good season for working in the woods people are only waiting for snow to haul their commodities to the station. Money it is expected will be then more plentiful, as farmers are not selling any of their grain,—expecting it to rise in price—which hope from all appearances is a forlorn one. They will be apt to find themselves at a loss if they do not sell, as accounts are owing by them which are long past due. Creditors will not wait forever, and before they are aware costs will be put on for the collection of debts which every honorable man endeavors to pay at the proper time.

GRISTING.—Our grist-mill is doing a thriving business. Grinding is continued almost day and night. It has turned out first-class work. The miller is a superior one, and gives the highest satisfaction both from his agreeable and convenient manner and the quality of his productions.

BUSINESS.—Notwithstanding the dullness of times and the bad state of the roads business is as brisk as usual, and on Saturday last the crossways were lined with teams, and people were in considerable numbers coursing their way from one place to another in quest of their several wants.

NEW STORE.—A confectionery and baker's shop is about to be opened, which, if conducted properly will in all probability do well, as Port Sarage is leaving this place to conduct a store in Sunderland. A good opening is presented for an enterprising man with some capital.

DOMINION HOTEL.—The Dominion Hotel having been fitted up Boniface smiles complacently as he reflects upon the fact that a little money judiciously spent is genuine economy, and when he notices the increase of custom and the replenished state of his coffers, he gives you to understand that attention to business combined with economy leads to independence, if not to wealth.

RESTORED.—Those fallen leaves I wrote you about have since been grafted to the parent link with a cement that in all probability will produce a more lasting and beneficial effect than the original. Grafting is a practice as old as the Prodigal Son of old, they were received with open arms. The calf was killed, the ring put on, coals of hot fire placed on the head, and those that went astray were led to believe that they were more sinned against than sinning. A praiseworthy result was the consequence. The W. C. says the manner in which the whole thing was conducted was a pleasure to the strayed and a credit to the lodge. Who could or would have the temerity to question the accuracy of such a sublime truth? Our contemporary seems to be hanging by a secure from contamination is to handle not, taste not, touch not the unclean thing.

NOVEL EVENT.—We have no wolf escapes to narrate, but a lynx was shot a few days since, and a large snake was put to death last Sunday by Mr. C. McDonald, when returning from church—a notable fact, as such a thing as a serpent being observed much less killed is a rarity this time of the year.

—Prince Bismarck has chosen one rather peculiar way of showing his grief at the death of his intended son-in-law. Count von Eulenberg. He does not intend to reduce the number of entertainments that he had planned to give during the winter, but he proposes to exclude ladies. Only gentlemen will be invited.

—The St. John Morning Globe says that the herring fisheries of Grand Manan and the adjoining islands have been unusually successful this season. The fish are of excellent quality, and abundant. The schools are so close to the shore that the fishermen are able to converse from their boats with the people on the land.

—The general passenger agents of the four trunk lines and principal western railways at a conference in Philadelphia, on Tuesday, relative to railway rates of fare during the Centennial Exhibition, decided to discontinue at once and permanently all arrangements with the so-called "tourists agencies."

—The detectives who have been engaged in investigating the Bremerhaven disaster are endeavoring to substantiate a suspicion they entertain, that Thomassen caused the loss of the City of Boston in May, 1870, by the same or some similar means as that by which he intended to send the Mosel to the bottom of the sea. It has been ascertained that in the following month of that year he left the United States, and in apparently excellent circumstances, resided in Germany for a long time. This and the fact that a suspected accomplice, in New York, has disappeared, have further excited suspicion. The destruction of the City of Boston could not have been more complete, not a scrap of her wreck, not a tidbit of her fate have ever come to light. If Thomassen and confederates conspired to bring about her loss, the success attending diabolical ingenuity was never more thorough.

THE WHITBY EXTENSION

THOSE "STARTLING REVELATIONS."

PUBLIC MEETING TO INVESTIGATE THE FINANCIAL POSITION OF THE WHITBY RAILWAY CO.—SHERIFF REYNOLDS AND HIS "CHARGES"—THE COMPANY'S EXPLANATIONS — THE SHERIFF "DEMORALIZED."

The formal and lamb-like requisition to the Mayor to call a public meeting to hear explanations regarding the financial standing of the Whitby Railway Company was supplemented by a "hand-bill" that promised something intitutually exciting, as will be judged from its contents!—

To the Ratepayers of the Township of Ops, Mariposa and Pension,

You are respectfully requested to attend a

PUBLIC MEETING

IN THE

TOWN HALL, LINDSAY, THIS EVENING, January 12th, at 7 o'clock, to meet the promoters of the Whitby and Port Perry Railway Extension and to hear

STARTLING REVELATIONS

concerning the standing of the Company which have come to light.

Fellow ratepayers don't fail to attend and meet those advocates of the road face to face before mortgaging our municipalities for $100,000 forever and shutting out any honest scheme that may be presented to you. THOS. KEENAN.

The Mayor appointed Wednesday evening, Jan. 12th, for the public meeting, and at the stated hour the town hall was packed with residents of the town and many from the country. Reports had been industriously circulated all over town and throughout the townships concerning the terrible state of affairs the Sheriff had exposed, and everybody was in a more or less anxious frame of mind to hear the revelations.

Mr. MAGUIRE called the meeting to order, and after reading the requisition said when it was placed in his hands he was given to understand it was for the purpose of understanding more thoroughly the affairs of the Company, and as it was considered necessary that the promoters of the scheme should be present, he had telegraphed to Messrs. Austin, Gilmore and Michie, of Toronto, requesting them to be present to make explanations. Those were the facts so far as he was concerned. He trusted the discussion would elucidate all the points possible, so as to enable the ratepayers to give an intelligent vote upon the by-law, and he was confident they would give the speakers an attentive hearing. He called upon Mr. A. Hudspeth, as one of the signers of the requisition, to address the meeting.

Mr. HUDSPETH said a gentleman from Whitby had called upon him the day previous, and given him a short history of this road. In the course
