TODAY TODAY JUNE 23, 1876

MISCELLANY.

MASONIC PICNIC on Wednesday next.

HIGH SCHOOL exhibition this afternoon.

NORTH WARD SCHOOL.—The contractor, Mr. Alex. McBurney, has commenced operations on this building, the foundation being nearly completed.

A MORMON.—On fine, warm evenings we all like to go out boating with our wives and sweethearts.—[Orillia Times. What a Mormon our coteem must be! How many go on a family ticket?

A THEAT.—The Masonic sermon will be preached on Sunday afternoon at half-past two, by Rev. J. Allister Murray, of London, late of Lindsay, in the Methodist Church. A very large attendance is expected.

BOW BELLS.—Mr. R. S. Porter has placed on our table the July number of this periodical. It has all the latest fashion plates, this month of unusual interest and an abundance of light literature and useful matter.

ST. ANDREW'S CHURCH.—The services at his church next Sunday will possess more than usual interest. The new minister, Rev. Mr. Hastie, will preach his first sermon in the morning; and in the evening Rev. J. A. Murray, the former pastor, will preach.

BUCKHORN LAKE LUMBER.—A yard for the sale of the above lumber has been opened at the end of Peel and York streets, on the river bank. A large stock of every description of lumber will be found on the premises. Mr. Henry Cheadle is the agent.

5TH BATT. BAND CONCERT.—A concert under the auspices of the 5th Batt. Band will be given about the 10th July, in which the best local talent will take part—and a programme of unusual excellence will be submitted. Further particulars will be given next week.

FOR KINGSTON.—Mr. Deputy Sheriff Mitchell, accompanied by Mr. H. Hughes, on Monday last conveyed Nelson Cohoen to the Kingston penitentiary, where he was sentenced to three years' confinement at hard labor for running away with a recipe with a horse at the end of it.

ANNUAL DRILL.—Owing to there being no brigade or battalion drill this year, the different companies in this county will meet on their own drill-shed at their own head-quarters. The Lindsay Company will muster on Monday, 3rd July, of which the members will take due notice.

DENTISTRY.—Dr. D. Jackson, surgeon, L. S. A., of Fort Lincoln, Texas, is in connection his brother, Mr. Jackson, of Jackson & McTavish. We regret to hear that ill health was the cause of the doctor's removal from our speedy town.

MR. and Mrs. C. L. Baker returned on Wednesday from a trip down the Otonabee.

CHEAP EXCURSION.—The Midland Railway will issue Return Tickets to and from all stations on Saturday, 1st July, good to return on the following Monday.

CRICKET MATCH.—A cricket match was played between the Lindsay and Beterboro' clubs on the ground of the latter yesterday. The following are the names of the Lindsay team:—J. Bruce Smith, Captain; F. Weston, Wm. Grace, J. A. Barron, Fred. Smith, Hugh Lumsden, M. Sanderson, C. Veitch, C. H. Lloyd, C. Rankin, Geo. Stewart; W. L. Russell, umpire; R. J. Maghett, scorer.

THE CATHER CASE.—*To the Editor of* THE POST). SIR,—I see by a communication in to-day's Warder over the signature of L. M. Cather, Veterinary Surgeon, respecting a paragraph in the police report in your last issue, in which he again charges me with having stolen a chain from him, and states that he withdrew the action against me at the request of your friends. Now, Sir, I do not wish to go into the particulars of the case, but I wish to deny that myself or any of my friends ever asked to have the case withdrawn, but on the contrary it was my wish that the case should be tried or he give a written statement of how the chain came into my possession. The facts of the case are as were stated in the police report in your paper, and I defy Mr. Cather to prove to the contrary. MARGARET RSA, Lindsay, June 22, 1876.

EXCURSION TO STURGEON POINT.—The County Council's excursion to the Sturgeon Point Hotel yesterday week—at the invitation of Capt. Crandell—was a very pleasant affair. The party included the "County Fathers" and a few gentlemen from Lindsay and Bracebridge—among the latter our old friends J. B. Browning and Aubrey White. They went down on the usual trip of the "Vanderbilt," and as the arrival was exceedingly pleasant everybody was in a most enjoyable mood. The Muskoka Reeves did not particularly admire the "winding Sturgeon" which with its margin of drowned land and dead timber therein does not at all compare with the deep picturesque Muskoka River; but when Sturgeon Lake was reached the beauty of the scenery was heartily acknowledged. The Point and the hotel's site was enthusiastically prised; a finer place for a summer hotel resort could scarcely have been made to order. The hotel is embosomed in a beautiful grove of oaks, giving abundant shade and as the banks are high, it commands a fine view of the lake. Good fishing, boating, a broad expanse of water, beautiful scenery, an excellent and shady grove for promenading, a commodious hotel in first class style, a high and dry situation, what more could be needed for a resort for pleasure and health. The building is nearly completed, the plasterers being very nearly finished, and it is expected the hotel will be open in a fortnight or three weeks. Its fine proportions and tasteful ornaments were much admired, but we shall have more to say at the opening of the building. At present we have mainly to do with the County Fathers," who enjoyed themselves heartily in strolling about while the "Vanderbilt" was making the trip to Bobcaygeon. An unusually interesting debate occured in the dining-room between the Reeves of Ops and Emily as to the administration of the Crandell's office, the taxes, the assessment rate, and the amount Ops was fairly entitled to receive from the county for roads. The Reeve of Bexley was chairman on the occasion, and though he had much on his shoulders, he ably and kept the debaters well to the point. Mr. Walker presented the claims of Ops with a good deal of vigour and ability, and showed that as its roads were used by all the other municipalities going to the county town it should receive additional assistance. Mr. Stephenson declared that the roads in Ops were a disgrace to that township, and maintained that those in Emily were much more cheply made. Emily was well up with great eloquence as a municipality whose affairs were carefully, prudently and honestly administered. Mr. Walker pointed out that it cost a good deal more to make roads in Ops owing to the absence of gravel in the township and roughness. At Hastings the same arguments with so much effect that the latter two or three times essay. A retrograde movement on to the reeve's chair, but was prevented by the chairman. At last after the whole matter had been fully discussed, the chairman gave as his decision that Emily had done a great deal for whole county, and the rounds of applause testified to the felicity and justice of the decision. Dinner was now announced, and the company sat down to a substantial repast to which full justice was done. On the removal of the cloth" Mr. Staples in the unavoidable absence of the, Mayor, proposed the usual loyal toasts and when the health of the host, Mr. Crandell, Mr. Staples spoke highly of the enterprise of the Captain which had been shown in this community during the last twenty years and he also bore testimony to his generosity. He was confident the Captain's hospitality on the present occasion would be heartily appreciated. The Captain delivered an appropriate and characteristic reply. A few volunteer toasts followed. In a short time the "Vanderbilt" came along and the party returned to Lindsay very well pleased with their excursion.

COUNTY COURT AND GENERAL SESSIONS.

[Before His Honor Judge Deane.]

THE GRAND JURY.

At the opening of this Court the following gentlemen were sworn in grand jurors: Alex. McAlpine, Foreman; Robt Vance, Geo. Andrews, Ephraim Boilton, Abram Baker, Wm. Brokenshire, Hugh Carmichael, Lauchlin Currie, Thos. Creighton, John Cruise, Fred. Dawson, Wm. Dewart, Jno. Dilman, Robert English, Nathaniel Flemming, Jno. Graham, Wm. Holland, John Jungman, Duncan Jamieson, Jas. McConnell, Wm. Quigley, Wm Richie, Michael Thornicke, P. Vankoughnet.

PRESENTMENT OF THE GRAND JURY.

The Grand Jury of the County of Victoria, in Quarter Sessions assembled, beg leave to present that there are at present seven prisoners in gaol. The Grand Jury in accordance with ancient custom have visited the County Jail which they found clean and comfortable and in charge of the gaoler, Mr. Cornish, who appears to carry out to the letter all the requirements for cleanliness and comfort for visitors on that day.

FIRE HALL BURNED.—About one o'clock on the morning of the last inst., the fire alarm was sounded by the ringing of the bell in the Fire Hall, and on the firemen assembling it was found that the building was on fire. The flames had made such headway that the building was completely destroyed, with all the contents, including the fire engine, hose, &c. The loss is estimated at $1,000 on the building and $500 on the contents. We understand Mr. Webster, the owner of the building, intends erecting a brick building on the site of the present one.

DAYTON DAY.—Owing to our new type not having arrived on Saturday, our publication has been delayed to-day. We have decided to celebrate Dayton Day (always) on this day of the month, and this day (Monday) in August will be the day. We are sorry to disappoint our friends for celebrating on the day named, which were Dayton's birthday, but the printing office and Dayton's business are two different things.

THE SECOND HOUSE.—The officers of the Second Provincial Shot Battalion, Peterboro', N.Y., will be at the Queen's Hotel, Lindsay, on Tuesday 27th inst. For those who would like to secure material and have a perfect fitting shirt should call and have their measure taken. Our gentlemen will call from actual measurement, fitted paper. A perfect fit guaranteed. WHITE & GRAHAM, Rochester, N.Y. 576 pd.

MONEY.—For cash Mr. Bradley Moore is making great headway with his trade on the corner of Russell and Wellington. He is carrying on the business formerly conducted by Mr. Moore and erecting commodious brick buildings on the rear, facing on Russell street. He will be ready for the new work in a few weeks. We hope Mr. Moore's enterprise will be fully rewarded by a large and increasing business.

THE OPERA HOUSE.—Mr. Cameron's company from Mr. Morrison's Grand Opera House, under the management of Messrs. Cameron and Lyons, will play Mark Twain's celebrated drama, the "Gilded Age," in the Opera House this evening. Mr. J. H. Byron's "Our Boys" will be played on Saturday evening. From the high standing of the management we have no hesitation in promising a rare treat.

HOT DRINK ICED.—On Tuesday evening of the meeting of the new hall of Victoria Odd Fellows, situated on Mr. Cox's new block, Goor street, was dedicated by J. Hoo. Perry, Esq., of Whitby. The arrangements of the evening leave no room to doubt the success of the meeting, and we will no doubt have a fine hall in the history of Odd Fellowship in Peterboro each. A number of the members of Lindsay Lodge will be present.

WARNING TO PEDESTRIANS.—A good many pedestrians have injured the bad habit of getting in the way of a number of cases where they allow an approaching vehicle to run on them when a sharp step would prevent it. This is stupid on the part of the aforesaid pedestrians, and will result in more accidents, instead of they are not more careful. Let them look out for coming vehicles, observe the rules and thus avoid being run down without damage.

PRESENTATION AND ADDRESS.—A number of the members of the congregation of Knox Church assembled in the Sunday evening last presented their pastor, Rev. A. Shooter, on the event of his leaving town, with an address and purse. Rev. Mr. Shooter, on receiving the address in which he is held in high appreciation and their regret at his departure. Mr. Schooter returned heartfelt thanks for the kind manner in which the address and accompanying purse was extended him.

TWO LARGE HOUSES.—Two stone houses have been put down on Kent street, opposite the Benson House. They are substantially constructed, and will soon be ready for occupancy. Another large house is being erected on Lindsay street, near the corner of Peel street, by Mr. Peter Graham, and will be ready for occupancy in a few weeks. Parties requiring cheap comfortable houses should give this item a perusal.

SECRETARY'S APPOINTMENT.—Celebrated hats, ladies' and gents' and gauntlet kid gloves, laces, harness balls and sticks, hosiery, dress gloves, &c., in stock at the sign of the Queen's Head, Kent street. Send for price list. 574 l

DR. RICHARD of the Medical Hall, the following English preparations:—Norton's Chemical Pills, Keating's Cough Lozenges, Rowlands preparations, a splendid stock of hair and tooth brushes, combs, &c.

CANADA LIFE ASSURANCE CO., Established 1847. Intending assurers would do well to examine the standing of this old and firmly established Company before insuring elsewhere. The Canada Life, from the late government report, stands at the head of all the companies doing business in Canada. Its rates are lower than American or British offices, the conditions of its policy more liberal, and its profits larger. FRED C. PAYTON, Express Agent, is also Agent for the Canada Life, from whom all necessary information can be obtained.

LOCAL NEWS-LETTERS.

BOWMANVILLE.

ASSIGNMENT.—The Bowmanville Manufacturing Company which asked for an extension not many weeks ago, has made an assignment.

PORT HOPE.

DESPICABLE.—Some despicable person poisoned a $30 cow belonging to Mr. J. T. Burtis, a compositor on the Times.

QUERY.—Business at the harbor is nearly at a stand-still, few of our vessels finding it rey to keep running, and many of them having laid up for some little past. It is sincerely to be hoped that this state of things will not continue much longer.—[Times.

IN CAMP.—On Monday last, Durham Field Battery of Artillery, under command of Captain Wm. Graham, of Bethany, went into camp here, in order to perform their annual drill.—[Times.

SCHOOL EXPENDITURE.—The amount required by the Public School Board for this year is $6,466.68. This is $746.16 less than was appropriated for the same purpose last year.—[Times.

KINMOUNT.

A GOOD RECIPE.—Take a handful or two of the vine called Runabout; the same quantity of the root called Nimble Tongue; a sprig or two of Backbite about dog days. A few spoonfuls of Never let on, mixed with six drachms of Malice, ten ounces of envy, twelve grains of Strife, 4 oz. of Jealousy. Simmer over the fire of Discontent, kindled with Hatred, stirred up with Strife, strained through Misconstruction, hung up with a skein or two of Street Yarn, purchased at Miss Raffle Off's tea table. The liquid to be well shaken before using, the patients to take a few drops before they walk out, then I am sure they will be able to speak all manner of Evil. This receipt is largely used in this village, and every young lady takes a drop or two several times a day.—[Cor. Bob. Independent.

FENELON FALLS.

[Correspondence of The Post.]

A ROW.—Friday last being pay day on the Victoria Railway several of the workmen got drunk after obtaining their cash, and about 6 o'clock a row began on Francis st., when stones were pretty freely used. Chief Constable Foster was getting into pretty close quarters when he called on some bystanders to assist him, or it is thought he would have been pretty badly used. He succeeded in placing five of them in the lock-up, and they all appeared with more or less cuts on them before Mr. Justice Lockhart on Saturday. Four of them were committed to stand their trial in Lindsay, and the fifth was discharged.

FIRE BY-LAW.—The by-law to raise $2,000 for fire protection was voted on to-day and lost, there being fifty votes against, and only thirteen for the by-law, the principal cause being the insufficiency of the sum to lay good serviceable implements of protection against fire.

RAILWAY BRIDGE.—The Victoria railway bridge is being pushed ahead, and all the spans are stretched except the channel for running logs over the falls.

TEMPERANCE LECTURE.—On Friday evening last Mr. Silence delivered a temperance lecture in the Good Templars' hall, of this place. He spoke well and pointedly, and was listened to with interest by a moderately filled house.

BELLEVILLE.

THE GRAND JUNCTION.—We learn from a correspondent that the canvass on behalf of the Grand Junction Railway in the Counties of Northumberland and Peterboro' is being prosecuted actively and with great success. The prospect is that liberal assistance will be given towards the completion of the line to Peterborough. If Belleville does her duty in the matter, of which there are little doubts, the completion of the road is assured. [Intelligencer.

BUTTER FACTORY.—The first butter factory so far established in this county is now in operation. The proprietor is Mr. James Birch, and the factory is located on his farm, just east of Stoco Village, Hungerford. At present the milk of 24 cows is being used and accommodation has been provided for 50 cows in all.

DARING RESCUE.—A very daring rescue of a child from drowning by a girl aged 17, named Sheehan, took place in the river near the railroad bridge last Wednesday. A little boy named Ross, who was playing on some saw logs, fell from a log into the deep water, and though a number of men were near, all were afraid to attempt to save the drowning child, who was rapidly being carried by the swift current towards a dam. Miss Sheehan, seeing the desperation of the case, plunged into the river, swam out and safely brought the little fellow to the shore. It is proposed to reward the young heroine in a substantial manner.

BEAVERTON.

[Correspondence of The Post.]

BILLIARD, FISHING, &c.—James White, John E. White and William White, all of Fiorah Island, were charged before G. F. Bruce, J.P., with fishing and killing fish by means of spear and light jack on Lake Simcoe during the month of May, in contravention of the Fishery Act. The prisoners acknowledged the charge and was fined $17.00 including costs. This should be a warning to others who are in the habit of fishing out of season.

POLITICAL.—Mr. Geo. Currie, the candidate in the Reform interests for North Ontario in the House of Commons, and Mr. Thos. Paxton, M. P. P., passed through the riding on Saturday and returned on Tuesday, after receiving a very warm reception from the people in that north. The ratepayers of Mara and Rama have on former occasions given overwhelming majorities to the Reform candidate, and at the present time assure Mr. Currie that they are determined to increase the majority for him. Mr. W. H. Gibbs, who was defeated in this riding in 1874, is to contest North Ontario in the Conservative interest. He was chosen at the convention on Monday last.

THE TWELFTH.—The Orangemen are to have a grand celebration here on the 12th July. There are expected about fifteen lodges from the country and along the different railway lines.

PERSONAL.—The Rev. John McTavish, of Woodstock, preaches in the Presbyterian church here on Sabbath next. He was pastor of this congregation a number of years. We understand the Rev. Calvin Shaw, Methodist minister, is to leave for Fenelon Falls. During his stay here he was much respected by all denominations.

POTATO BUGS.—The suckers have left us and the potato bug taken their place. You can have them at the same price as the suckers.

ST. ANDREW'S EXCURSION.—The St. Andrew's Society, of this place, will have their usual excursion to Barrie on Dominion Day. The commodious steamer "Lady of the Lakes" has been chartered for the occasion, and will leave the Beaverton wharf at 8.30 a. m. sharp, leaving Barrie at 6 p. m. This is the most popular excursion of the season; is always well managed, and attracts great numbers. We trust this year they will be more successful than ever, more particularly as the proceeds go to the charitable funds of the society.

OMEMEE.

[Correspondence of The Post.]

FOR THE "OLD SOD."—Mr. Frank Adams and Mr. John McQuade, son of Mr. A. McQuade, M. P., left for Ireland this week expecting to be away a couple of months.

SCHOOL APPARATUS.—The schools are to be furnished with complete sets of chemical and philosophical apparatus.

PICNIC.—A general picnic at the "Lovers' Cascade" is spoken of as a mode of Dominion Day observance.

LUMBER.—About half a million of lumber is piled in Mr. McNeely's lumber yard.

THE SCHOOLS close on 30th June to re-open on 16th August.

METHODIST MINISTERS.—The Rev. Messrs. Godfrey and Brown are set down by the stationing committee for the Omemee circuit.

FOR THE SYNOD.—The Rev. Mr. Harris, incumbent, and Mr. W. Curry, delegate of Emily, left Monday for the Anglican Synod met at Toronto this week.

LAYING THE CORNER STONE.—The foundation stone of the new Methodist church is to be laid on Saturday, 1st July. The Rev. Dr. Jeffers, President of the Conference, Rev. C. Fish, Chairman of the district, and a number of other able and eloquent speakers are to be present. Refreshments will be served up during the afternoon and evening. A very large gathering is anticipated, and a profitable time promised.

BAZAAR.—The bazaar in connection with Christ church will probably be held on Saturday, 1st July. A strawberry festival will be supplied during the afternoon.

PICTURE PRESENTATION.—The Rev. Mr. Walker for the past four or five years minister on the Omemee Methodist circuit, and one of the most earnest, hard-working and popular colaborer in the field, is to be entertained at by a grand picnic on Monday next. A presentation is to take place. He leaves next week.

EXAMINATIONS.—The High School entrance examination takes place Tuesday and Wednesday next, at 9 a. m.

OUT LATE or all night is our good wives' general complaint as present with good reason.

PASSABLE.—The floating bridge in Emily which was cut lately is said to be now passable.

FINED.—A case of infraction of the liquor law was up before Mr. W. Best, J. P., Emily, last Saturday. A fine of $20 was imposed.

THE CROPS.—There is very general satisfaction among the farmers with the state of the crops and the favorable variations of weather.

CAMERON.

[Correspondence of The Post.]

TEMPERANCE MEETING.—A district meeting of the United Temperance Order will be held in this place on Friday, June 23rd, at 2 p. m., with delegates from the I.O.G.T. A mass meeting will be held in the evening. We shall be glad to see your correspondent, both morning and evening.

CAMBRAY.

INDUCTION SERVICES.—The call from the Presbyterian congregation at Cambray and Islay to the Rev. D. McDonald, late of Arthur, has been accepted by that gentlemen, and the induction will take place at the Cambray church, on Tuesday, June 27th, at 2.30 p. m. Rev. Messrs. Gurrie, McNabb, Cockburn, Hastie, (the new minister of St. Andrew's, Lindsay) McClung, Campbell, McKay, Paul and Scott, will take part in the services. A tea will be served at 5 p. m., and the choir will vary the proceedings with choice selections.

COBOURG.

SPURIOUS DIMES.—We learn from the Colborne Express that spurious ten cent pieces (Canadian) are in circulation in this section, and are so well executed as to pass without detection if not accidentally tinged.

PERSONAL.—We are sorry to state that Mr. J. D. Armour, County Attorney, is so ill that he could not appear in the Division Court this week. Although confined to his room, his ailment, however, is not of a serious nature, and he is expected to be about again in a few days. [Sentinel.

PETERBORO.

"STORMY TIMES in the Council Chamber" is the Review's head line.

CALL ACCEPTED.—The Rev. Mr. Torrance, of Montreal, has accepted the call from St. Paul's Presbyterian church of this town, and will be ordained on the 28th inst.

FATAL ACCIDENT.—About half-past 5 o'clock on Monday morning last a child of Mr. David Lemay fell from the bed where it was lying to the floor. Though not in the least hurt death ensued almost instantly, and, as is supposed, from the fright which it must have received, as the fall was only a distance of about eighteen inches.—[Review.

COWARDLY ASSAULT.—On Wednesday, the 7th inst., as Mr. John Reid, P. L. S., was passing through Ashburnham on his way home he was met by a man named William Bell, who struck, beat and kicked him in a shocking manner, ending in leaving him in an insensible condition. He was arrested and brought before the Police Magistrate on Monday who fined him $20 and costs. The only provocation that he could give was that Mr. Reid, with about one hundred other ratepayers, had signed a petition last praying the North Douro Council not to grant Bell a license to sell liquor near his (Mr. Reid's) residence.—[Review.

A CANAL PROJET.—The Peterboro correspondent of the Bobcageon Independent, from his residence in Bokely, reports the following scheme, which, having long ears, he heard discussed in Peterboro by a number of gentlemen, among them several professional engineers. The discussion related to "the advantages to be gained by opening a navigation between the Little Lake just below Peterboro and Mud Lake, the present point of departure for the steamboats on the upper lakes. It was admitted that the scheme was very practicable, and that the cost would be very moderate. The creek which runs through the town has its rise only a short distance from Mud Lake, and of $1,000 would thus be raised in the township, and this expended through the medium of an experienced gang of road makers, working steadily throughout the season, would certainly accomplish better results than are obtained by the present system.—[Independent.

NAVIGATION.—The water in these lakes has this year been managed with admirable skill and judgment. There was no flood when the snow went off, and the water has kept up steadily till now. The back lakes are all brim full, and enough water is held back to supply a good level throughout the season of navigation. The quantity of water now stored in the back country is enormous.—[Independent.

COMMERCIAL NEWS.

OFFICE OF THE CANADIAN POST,
LINDSAY, June 22nd, 1876.

Produce.

Local deliveries of grain continued pretty heavy, but the slight decline noted in our quotation acted somewhat as a check, though from the tenor of the English commercial reviewers the prospects of better prices are not good.

The British Corn Trade.

The Mark Lane Express, of Monday, in its review of the corn trade for the week says:—"The market has relapsed into a state of calm, and with large supplies from America and Russia, trade has been confined to supplying present requirements. There does not seem to be much probability that the present price of wheat will vary to any marked extent; and in the absence of speculation, the probable wants of the millers must form the basis of future transactions. Cargoes off the coast have shown signs of steadiness, but the general tone of trade has been quiet, while very little inquiry is shown to operate for future delivery, quotations remaining nearly nominal. Maize has met with but little attention, buyers holding off in hope of a future concession."

Wool.

The local deliveries of Wool are not quite as large as last year, owing mainly to the fact that the lower price, 25c. is not considered much of an inducement. The Witness reports the Montreal market as follows:—"Canadian wools are nominally unchanged in price: Unassorted, 20½c to 26c; pulled super, 27 to 29c; lambs' wool 27c to 28c. There is not the least speculative demand, and business generally in this department of trade is very flat. There is no movement of importance to report in foreign wools and scarcely anything in fase transactions on. 10,000 lbs of greasy Cape wool changed hands at 20 cents."

Lumber.

The last report of the Albany Lumber market says:—"The most noticeable features of the market since our last report are increased activity and greater confidence on the part of buyers who look for improved trade as the season advances. The transactions have not been large, but there is a steady demand with a fair attendance of buyers. In prices there is not any chance to note, and though in some cases concessions may have been made, the general tone of the market is firm. Common descriptions of pine are getting scarce, with a prospect of a light supply. Cull boards find ready sale on arrival."

The European Grain Trade.

The Liverpool Grain Circular of Saturday last says there is a pause in the wheat trade, the continental demand having subsided. The principal markets of the Kingdom also show a declining tendency. As the supplies of wheat at this port are about half and some weeks two-thirds of the entire supplies for Great Britain, and as English wheat has attained a higher price than foreign, it must follow that the attention of consumers will be directed to the latter for the remainder of the season. Flour was dull; corn in limited request at 3d lower.

BIRTHS.

WEBSTER.—On the 16th inst., the wife of Mr. Thos. Webster, Marlpora, of a son.

RAY.—At Lindsay, on the 21st inst., the wife of D. Ray, of a son.

BURKE.—At Lindsay, the 2nd inst., the wife of Mr. Edward Burke, of a daughter.

MACKENZIE.—On the 9th inst., the wife of Mr. John Mackenzie, Fenelon, of a son.

BIGGAR.—In Lindsay, on the 9th inst., the wife of Mr. W. H. Robson, Merchant, of a daughter.

WALMOTH.—In Fenelon, on the 19th inst., the wife of Mr. Wm. Walroth, of a daughter.

MARRIAGES.

CRAMMELL—NEWELL.—In Snowdon, on the 30th May, by the Rev. Mr. Downs, at the residence of the bride's mother, Richard J. Crammell, of Port Perry, to Miss Martha Newell, of Snowdon.

JOHNSON.—On Friday morning, the 16th, Maria, wife of J. Jenkin, Esq., Deputy Reeve, aged 45 years.

VICTORIA ROAD STATION.

[Correspondence of The Post.]

CRICKET MATCH.—A match between the Kirkfield and Victoria Road Clubs was played here Saturday. The contest was keen and the playing very good. The result was as follows:—Kirkfield, 49 and 20—69; Victoria Road 19 and 40—39. Our club was at a disadvantage owing to the absence of Dr. Wood, one of our best players.

PRESENTATION.—On Wednesday last Rev. Mr. Andrews was waited upon by a number of leading residents of the village and presented with the following address, accompanied with a purse: *To the Rev. Mr. Andrews:*—REV. AND DEAR SIR,—In view of your early departure from Victoriaville we have assembled as representing the people of this village and vicinity to avail ourselves of this opportunity of expressing the very high respect which we entertain towards you as a man, and the esteem which we feel for you as a minister of the Gospel. During your residence amongst us your deportment as a Christian minister, and your genial and courteous qualities have endeared you to all who have enjoyed the pleasure of your acquaintance. We have ever found you actuated by the principles of humanity and religion, and we shall long remember the Christian spirit which you have ever striven to instil into our hearts. We beg of you to accept the accompanying testimonial as a slight token of our good-will toward you. Remembering that you carry with you our best wishes for the welfare of yourself and Mrs. Andrews, may you be stimulated to increased exertion. We would bid you and Mrs. Andrews an affectionate farewell, trusting that you will not soon forget your Victoria Road friends. May He who holdeth us all in the hollow of His hand ever guide you and each of us eventually to a happy meeting in Heaven.—N. HEASLIP, PETER MOFFAT, J. H. PEEL.

VICTORIA ROAD, June 7th, 1876.

BOBCAYGEON.

AMERICAN SILVER.—We understand that the merchants of this village have come to an arrangement, and decline to take American silver. Where the taking of it is unavoidable they are charging 20 per cent. It should therefore be noted that an American quarter dollar passes only as a 20 cent piece. Many persons refuse to take them on any terms whatever.—[Independent.

STATUTE LABOR.—In the township of Verulam there must be about three thousand days' labor to be done under the statute law for the maintenance of roads. This is in great part performed by the ratepayers themselves. It is needless to comment upon the manner in which the labor is done. We all know what statute labor means, and will probably be admitted that a trained road foreman, regularly employing say three or four men, would do, in one thousand days, more work than is done in three thousands days of ordinary statute labor. It is becoming common to hear the question asked, "Is not statute labor a nuisance, and a most wasteful method of obtaining a small amount of road work?" In times gone by the system was advantageous, and suitable to the poverty of the country. Fifty years ago money did not exist, and a payment in coin was impossible. At the present day the farmer or tradesman could far better afford to pay the in cash than waste a day by spending it in company with a few others in discussing local politics and tobacco on some jog in a side line. It is worthy of serious consideration whether it would not be better for the Council to commute the statute labor at 50c. per day and make it compulsory to pay the money and not perform the work. A sum of $1,000 would thus be raised in the township, and this expended through the medium of an experienced gang of road makers, working steadily throughout the season, would certainly accomplish better results than are obtained by the present system.—[Independent.

NAVIGATION.—The water in these lakes has this year been managed with admirable skill and judgment. There was no flood when the snow went off, and the water has kept up steadily till now. The back lakes are all brim full, and enough water is held back to supply a good level throughout the season of navigation. The quantity of water now stored in the back country is enormous.—[Independent.

Business Notices.

For Good Value and reliable goods, try the Medical Hall. Just received a fresh stock of Paints, Oils and Varnishes; also a fresh lot of Turnip seed.—Prices and quality that will please the closest buyers.

ONTARIO COPPER LIGHTNING ROD CO., OF HAMILTON, ONT.

TESTIMONIAL.

CAMERON, June 19th, 1876.

To the Ontario Copper Lightning Rod Co., Hamilton, Ont.

GENTLEMEN.—On the morning of the 14th inst., during the very heavy thunder storm which passed over this section of country, a heavy charge of lightning fell on the school house protected with copper lightning rod erected by the Ontario Copper Rod Co. of Hamilton. The charge was carried safely to the ground without damage to the rod or building. We consider the rod was instrumental in saving the lives of the scholars and building. We can therefore heartily recommend them to the public. Yours very truly, JOSEPH MAGEE, JOHN MERRIN, Trustees School Section No. 4, Fenelon Township.—876-1pd

NEW CHINA, GLASS & EARTHENWARE STORE.

PHILIP NICOLLE

Begs to intimate to his friends and the public that he has now ready for inspection a

Choice and well selected variety of China, Glass and Earthenware,

Which he will sell at the lowest possible rates. By giving this business sole attention and keeping the stock well assorted at all times, I hope to merit public patronage. Remember the place—**Kent St., W. L. Russell's late Auction Rooms—Opposite Wetherup & Logan's.**

The new China, Glass and Earthenware Store has not the largest stock through the Press; but there is not the least doubt that the largest stock and greatest variety is direc ly opposite Wetherup & Logan's, where you will find everything you want.
