FRIDAY, NOV. 10 1876.

LOCAL MISCELLANY.

...

BAKERS' PACKING HOUSE is now in full blast. Sausages at 10c. per lb.; ... Farmers can bring in their ... as they like; but they should take care to have them well fat ... for it is not the size of the hogs but the thickness that governs the price. The packing house will do more than ever this year, and it is important that farmers should fatten their hogs well. C. L. BAKER. 895-2.

LIFE INSURANCE. The Canada Life Assurance Company has lately adopted the minimum system of rates, by which they offer Life Assurance at lower rates than have ever been offered by any company. The long and increased success of the Canada Life has enabled the Directors of the Company to now present this system to intending assurers. A table of rates will appear in our next issue; in the meantime all necessary information can be obtained from F. C. Taylor, agent.

TEAS AND GENERAL GROCERIES.—C. L. Baker has received large consignments of Teas and General Groceries, selected with great care from the first houses, so that quality and price will give satisfaction. The stock of Teas is large and choice, and comprises all the leading grades in Japans, Blacks, Greens and Gunpowders. It is not pretended that these Teas will be sold at cost or less than cost, but I will endeavor to suit the public in prices, and I am confident I can do so in quality. C. L. BAKER.—295.

LOOK OUT for Mr. James Connolly's advertisement next week.

MEN were at work yesterday removing the mud from off the crossings on Kent st.

OPENING THE BALL.—Mr. G. H. Keeve is spoken of as one of the candidates for municipal honors in the East Ward.

THE NORTH WARD school building is approaching completion. It will be occupied after the Christmas holidays.

FIRST CARGO. Messrs. Dobson & Niblock shipped the first cargo north over the Victoria Railway several barrels of liquor for Kinmount.

THE attention of the ladies is called to the advertisement of Misses Hooper and Wilcox. The garments they make up are stylish and durable.

A "WHIGGISM." Noticing our removal to new premises the Kingston *Whig* says THE POST is a "bully" paper. We are pleased to be able to return the expressive compliment.

DEER HUNTING. Messrs. J. Mann and F. R. Weston returned from their deer hunting expedition last Saturday without meeting with success. The weather was bad and no game was to be seen. The other members of the party remained to "do or die."

ST. PAUL'S CHURCH. Rev. C. W. Paterson, of Port Hope, will preach in St. Paul's church on Sunday next in the absence of Rev. Dr. Smithett, who will open the new church at Bethany.

M. E. CHURCH. The Methodist Episcopal Church will be re-opened on the 19th inst. Preparations are being made for an interesting time. Full particulars next week.

ARRIVED THIS WEEK AT MILNE'S: New Wincies, New Shawls, New Dress Goods, New Furs and New Dry Goods, in all the latest goods. Bargains in Carpets and Ready made Clothing. 898.

FOR SALE. That desirable property, corner of William and Peel-sts., containing six tenement houses, will be sold in part or *en bloc* to suit purchaser. Apply to JAMES GRAHAM, Kent-st., Lindsay, or WM. MILNE. 896.

HARD TIMES INDEED. We hear a good deal just now about hard times. A look at Milne's store shows more of the indications. We see a very handsome South Sea seal jacket, cap, muff, and boa, and all he asks for the whole being the modest sum of two hundred dollars.

TEACHER'S CERTIFICATE SUSPENDED. The certificate of James H. Byers, teacher of S. S. No. 11, Emily, has been suspended by the Public School Inspector for East Victoria, for violation of the regulation which requires teachers to be in their respective rooms by a quarter to nine in the morning.

ST. PAUL'S CHURCH, LINDSAY. Hymns for November.

Day.	Morning.	Evening.
5th,	243, 278,	128, 78, 303,
12th,	301, 6, 73,	268, 176, 261,
19th,	250, 111, 167,	78, 311, 265,
26th,	192, 77, 116,	217, 221, 18,

The hymns and tunes are selected from Bickersteth's Hymnal Companion to the Book of Common Prayer.

CARD OF THANKS. Benson House, Nov. 8. *To D. M. Miller and others.* Gentlemen, I wish to return my most sincere thanks for the flattering testimonial you gave me last evening of your appreciation of my as an artiste. Hoping I shall again have the pleasure of appearing in your town and returning thanks to one and all, I remain your very grateful servant, ADA GRAY.

METHODIST SABBATH SCHOOL ANNIVERSARY. Sermons will be preached in the Methodist church on Sunday, 12th inst., at 11 a.m. and 7 p.m., in behalf of the Sabbath school. A collection will be taken up at the close of each service for the S. S. fund. On Wednesday, 15th, an entertainment will be given by the children consisting of singing, recitations and dialogues. Admission adults, 20c; children, 10c.

THE OPERA HOUSE. Mr. Hann, the stage manager of the Ada Gray Company, announced at the close of the performance Tuesday evening that it was the intention of Mr. Weese to place a gallery in the Opera House shortly. This arrangement would increase the sitting capacity of the building greatly and be a great convenience to the public generally, as well as an advantage to showmen. By all means let it be done.

A LARGE SALE. Mr. Scannan, who has recently opened a livery stable in ... purchased a couple of weeks ago from Mr. L. O'Connor, three single buggies, one of which took the first prize at the South Victoria Fall Show, two sulkies and a very fine cutter, which took a first prize at the same exhibition. Mr. Scannan prefers Mr. O'Connor's work to any turned out in any other part of the province, and has ordered a number of cutters, which are now in course of construction.

SHOW OF SLEIGHS AND CUTTERS. Mr. L. O'Connor has on exhibition at his show room on Lindsay st., one of the finest collections of cutters we have had the pleasure of inspecting for some time. They comprise all the latest styles, and are nicely ornamented with the finest trimmings and painted in Mr. George Wright's best style. Mr. O'Connor is fast gaining a provincial reputation for good work, as is evinced by the frequent orders he receives from all sections of the country. He succeeded in disposing of all his buggies ... and could have sold several others if he had had them in stock. Parties in want of a winter rig should inspect the stock.

MAKINS' NEW FOUNDRY. With his usual enterprise Mr. Makins is transforming the premises on William st., to which he has removed, into a first class foundry and machine shop. He has made numerous improvements in the building and the internal arrangements, and is equipped with all the machinery and implements required in his line. A fifteen horse-power engine drives the machinery. The number of patterns on hand is somewhat surprising, and ranges from "points" to enormous power wheels. The stock of ploughpoints, for which there is constant demand, is large. The additional room and machinery will greatly increase Mr. Makins' facilities for working, but there is not enough, and he expects to put up a spacious brick building next spring. We wish him all success in his new place.

PERSONAL. Rev. J. A. Murray has recovered ... We received a call on Wednesday from Mr. J. W. Bengough, the talented cartoonist of *Grip.* Mr. Bengough did not remain long across the border, as he found it hard to fight against the Centennial and the Presidential campaign. He delivered lectures in Oakwood, Omemee and Bethany this week, and will lecture in Peterboro this evening. He looks well; and we are pleased to be able to say of his avocation that "there's millions in it." The managers of the Midland Railway, Messrs. Hugel, Taylor and White passed over the Victoria Railway in a special car on Tuesday. Speaking of the Benson House, Mr. W. H. Brent says that it is the best managed and most comfortable hotel he has visited in Canada, and the other members of the troupe speak in equally flattering terms. Mr. E. D. Orde has been gazetted a Notary Public. Dr. E. A. Herriman left town this week for New York. Mr. W. H. Brent, the proprietor and manager of the Ada Gray Company, is not only a good actor but a thorough gentleman. During his brief stay in town he made a host of friends. We received a call yesterday from Mr. J. B. Traves, editor of the Port Hope *Times.* He attended the Victoria Railway excursion to Kinmount and the banquet last evening. Mr. G. Stewart, teller in the Ontario Bank here has been removed to Port Perry, where he occupies a similar position. The vacancy in the Lindsay agency has been filled by Mr. Flood.

PRESENTATION. In accordance with a resolution of the Canadian Press Association a committee, composed of Mr. C. B. Robinson, *B. A. Presbyterian;* Mr. E. Jackson, Newmarket *Era;* and Mr. J. G. Buchanan; Hamilton *Times,* presented Mr. W. C. Gould, General Northern Passenger Agent of the Erie and Lehigh Valley Railways, with a "handsome and valuable gold-headed ebony cane," inscribed as follows: "Presented to Wm. C. Gould, of the Erie Railway, by the Canadian Press Association, for courtesies received on Centennial Excursion, 1876." Mr. Jackson read an appropriate address, from which we take the following: "Along with it we beg to convey to you the kindly regards of the members of the Association, and of the ladies who accompanied them, and very heartily join their good wishes to ours for your future happiness and welfare. From the time that the Association came under your friendly care as Passenger Agent of the Erie Railway until their journey was ended, their comfort was cared for by you with an assiduity and geniality which altogether exceeded their expectations, and for which their thanks are but feebly expressed in this testimonial. It is our hope that you may long live to occupy important positions in connection with the American Railways, and that there may be many occasions upon which we shall have an opportunity of renewing our friendly relations with you. We take this opportunity of renewing the cordial invitation to you and Mrs. Gould, previously extended through the President, to accompany our next annual excursion, as the guest of the Association." Mr. Gould made a suitable and eloquent reply, in which he truly said it was such incidents as the present which contributed to consolidate the good feeling between the two nationalities, and he hoped next year to join the party at their annual merry-making. The presentation took place at the residence of Mr. W. Gillespie, the veteran editor of the Hamilton *Spectator,* and was largely attended. We hope Mr. Gould may long live to handle the stick, and that he may not for many years need its support.

ILL.—Rev. Mr. Prosser became ill on Sunday morning last with inflammation and was unable to officiate in the Baptist church.

NEW STORE. We understand that Mr. John Pens is at present in Montreal making extensive purchases in hardware and groceries for the new store he has just erected adjoining the Dominion Hotel, William-st.

ALTAR SOCIETY. The ladies of St. Mary's Church who constitute this society have secured rooms in Mr. Keenan's block, over Mr. Reekie's store, in which to hold their meetings. We understand they intend holding a bazaar in aid of the church this winter.

TEACHER'S CERTIFICATE SUSPENDED. The certificate of James H. Byers, teacher of S.S. No. 11, Emily has been suspended by the Public School Inspector for East Victoria, for violation of the regulation which requires teachers to be in their respective rooms by quarter to nine in the morning.

AN ATTEMPT was made to repair that sidewalk on Lindsay-st., and it ended in an attempt. It is in just as bad a condition as it was before the repairs were made. The old plank should be removed and replaced by new ones. The old ones can be cut and used on narrow walks in other parts of the town.

THE PURVISES. The O'Keefes are cast in the shade by the Purvises who are to meet in Ingersoll next week to divide the estate of the late Admiral Purvis, who died in British India, leaving property now worth $25,000,000. Our subscribers of this name will please take note, and give us something handsome when they get their share.

TOWN COUNCIL. There was no meeting of the town council on Monday evening, owing to the absence from home of several members. The finance committee met in the afternoon and examined several accounts. Although there is very little business to be done, an effort should be made to raise a quorum at the next regular meeting.

ORGANS AND SEWING MACHINES. R. Easton has been appointed agent in Lindsay for the celebrated Dominion Organ and the Wanzer Sewing Machines, and has several on exhibition at his news depot on Kent-st. These organs and sewing machines received the highest honors at the Centennial. An inspection of the samples is solicited. See adv.

HAND BALL. Mr. Wm. Grace, while in New York was announced to play a match game of hand-ball with Bernard McQuade, champion of the city, but ill-health prevented him. Rather than disappoint the large crowd which came to witness the game he and Mr. McQuade played a quiet game merely for the purpose of showing how they handled the ball.

THE CANADIAN TEA COMPANY.—This new firm opened their shop on Friday last with a large stock of new teas and fresh groceries. The shop is very neatly arranged with the teas on the east side, and fine groceries on the west. The rear will be used as a store-room for coarse groceries. We wish Messrs. Munro & Darby success in their undertaking.

ARM DISLOCATED. On Friday forenoon Mr. Robt. Robson, of Robson Bros., had his right arm put out of joint at the elbow, whilst putting a belt on a grinding machine. Had the belt been tight he would have had the arm torn off, but fortunately it was loose with a tightener attached, and when he got caught the loosener gave way. He suffered much pain for several days but is recovering rapidly.

GUNPOWDER PLOT. This anniversary was celebrated by the Orangemen of Lindsay by a dinner at Bell's Music Hall. There were about two hundred persons present, who sat down to an excellent repast provided by Mr. Bell. Short speeches were made by members of the order, and an oration was delivered by W. T. Smithett, D.D. The chair was occupied by County Master Winters. A very pleasant evening was spent, and the gathering broke up at a seasonable hour.

RUNAWAY. A span of horses belonging to a man named O'Neill took fright at the locomotive at the Midland station on Saturday last and ran against a wagon occupied by Mrs. Anderson, of Ops, breaking the wagon and throwing Mrs. Anderson out under the wheels. No damage was sustained except a broken wagon. This should be a warning to parties not to leave their horses untied at a railroad station, as in nine cases out of ten a runaway is the result.

LARGE TOW. The steamer "Anglo-Saxon" brought to Port Perry, the other day, in one raft, over 20,000 pine sawlogs for Messrs. Bigelow & Trounce. This looks like business on the part of our enterprising townsmen, being the largest raft ever towed into this harbor, and we have no other wish than that the proprietors may profit by it. They were cut in the township of Lutterworth, about 70 miles north of this, last winter, and their men are just now preparing for the shanties, to get out next year's supply in the same place. [Port Perry Standard.

THE BOBCAYGEON ROAD. The turnpiking done by the County Council last summer on the Bobcaygeon Road from the boundary of Lindsay to lot 26 two miles has rendered the road at this season worse than it has been for several years. The clay which has been thrown up from the sides now forms several feet of mud, and passage is next thing to impossible. It would have been better had they delayed the turnpiking until they were able to put on gravel. The bad state of the road is a great inconvenience to the residents of Verulam.

SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS.—Correspondence is now being carried on between gentlemen in this town and S. P. C. A., of Toronto, with a view to the establishment of a branch society here. A public meeting will shortly be held in town when addresses will be delivered by prominent members of the Toronto Society. We trust there will be a large attendance and a society established with a large membership of earnest workers, as a society of this nature is much needed in this section. Due notice of the night of holding the meeting will be given.

LECTURES ON THE LORD'S PRAYER. Rev. J. Hastie, of St. Andrew's Church, is now delivering a course of lectures on the Lord's Prayer every Sabbath evening. They are very instructing, and are listened to by large congregations. He expressed the opinion which he supported by numerous texts of scripture that one of the houses in the House of many mansions Heaven would be this earth, when in the fullness of time it became the new Jerusalem. He said nine out of every ten pointed upwards when asked where Heaven was, but he held a higher opinion of this sphere than many, and believed that it would be Heaven.

ADA GRAY. This versatile actress drew crowded houses at the Opera House during the past week. The plays presented were of a popular character, and the admirable acting of Miss Gray and Mr. Brent created an absorbing interest. On Tuesday evening Miss Gray was tendered a complimentary benefit by the townspeople—the petition being signed by some of the most influential men in town—on which occasion she took the character of Pauline in the Lady of Lyons. As may be supposed, she sustained the character with credit, and gave general satisfaction. The superior acting of Mr. Brent during the week added greatly to the success of each play. Mr. R. E. Graham is also worthy of special notice, he having sustained his parts admirably.

COUNTY JUDGE'S CRIMINAL COURT. His Honor Judge Dean held a criminal court in the Court House on Monday last, when the following cases came before him: The Queen v. Bryan Murtha, feloniously cutting a horse's leg. The prisoner resides in Carden and is a notoriously rough character. Through some spite existing between him and a neighbor, Chas. Macdonald, he cut the leg of a valuable horse belonging to the latter on the 20th ult. The prisoner was found guilty and sentenced to one year in the Central prison at hard labor. The Queen vs. John O'Brien, larceny.—The prisoner was charged with stealing on the 14th Sept., 1874, four trace chains, hand hammer, and a wrench, the property of John McDougall, of the same township, and selling them to one Hugh Copeland. After committing the act the prisoner fled the country and on returning a short time ago was arrested. He elected to be tried before the Judge and the day was fixed for Tuesday next.

WORTHLESS BANK BILLS.—A Montreal telegram of Wednesday says: "Yesterday afternoon a rumour was current in banking circles that a large number of the first issue of bills struck for the Consolidated Bank, representing $25,000, had been surreptitiously stolen from the premises of the Bank, either before removing them from the old Merchant's Bank building, on Saturday evening last, or after removing into their new building. A number of the first issue struck by the Consolidated Bank, but considerably under the figure stated above, have been stolen by parties at present unknown. None of the issue are in circulation, as they have never been signed, and are therefore not worth the paper they are engraved upon. It is the intention of the managers of the Bank to destroy the plate and the remaining bills of the issue stolen, and to order an entirely different plate to be engraved for a new issue. All persons are cautioned against receiving any bills of this Bank until official notice of the Bank has been published to that effect for four months previous to their circulation according to law. No trace has yet been obtained to the perpetrators of the robbery. The bills at present in circulation are those of the old City Bank. Detectives have the case in hand."

RUNAWAY.—A span of horses attached to a waggon belonging to Mr. James Holland, of Carden, took fright at the band on Kent-st. on Tuesday last and ran away, throwing the driver into the mud, but without doing him any injury. The horses were stopped at the market, after breaking the waggon considerably.

RIGHT OF WAY.—The Cobourg *Sentinel* very pertinently remarks:—"It is well enough for drivers and teamsters to know, if they do not know it already, that persons on foot have the right of way over street-crossings, and that by law they are compelled to give it. They are liable if they do not. We have recently seen drivers tear along over crossings, without holding in their horses, nearly running over passing pedestrians. After a few are arrested they may, perhaps learn to do better." We desire to give local application to the subjoined equally pertinent comments of the Belleville *Intelligencer:*—"We fully endorse all that our contemporary says in this regard, and would add that the misapprehension seems to exist in the minds of teamsters who visit this town that the street crossings were intended as halting places for their waggons and other vehicles. The practice generally is to stop the vehicle on the crossing, thus compelling pedestrians to wait until it suits the convenience of the driver to move on, to retrace their steps to the opposite sidewalk, or to pass around the vehicle, no matter what the condition of the road may be. The police might with no great labor to themselves, work a reform in the matter, which is certainly much to be desired."

INTERESTING ENGINEERING CASE.—An important case was up for trial at the Toronto assizes this week, in which the great engineering firm of Sir Charles Fox & Son sought to recover $5,000 from the Nipissing Railway Company. The firm were engaged as consulting engineers at the time of the construction of the railway, their terms being $150 per mile. The company refused to pay the above sum, on the ground that the rolling stock and locomotives, about which the plaintiffs were consulted, did not answer, and that the portion of the line from Toronto to Uxbridge, built on surveys made under supervision of the plaintiffs, had too many curves, thereby subjecting the Company to loss. Among those who gave evidence were Mr. Molesworth, the Government engineer, who stated that he had occasion to inspect the railway on behalf of the Government. A great many of the curves between Uxbridge and Scarborough were in his opinion unnecessary. A much better line could have been got at the same expense. His opinion was formed from observations made while riding on the rear car of a passenger train, not from actual survey. Alexander Manning, who had been one of the contractors for grading the Toronto and Nipissing Railway, gave it as his opinion that a great many curves were unnecessary, and when the road was being built it was quite a common remark that the men who were fencing could have located the road better. The first timbers proposed for the bridges and culverts were altogether too light. Mr. John Ginty, a partner of Mr. Manning's, corroborated the testimony given by that gentleman, adding that in one place a curve had been put in so as to get round a farmer's barn. Edmund Wragge, General Manager of the Toronto, Grey and Bruce Railway, in his evidence explained the cause of so many curves on the line between Scarborough and Uxbridge. Farmers were very much averse to having their farms cut up as proposed by the original location of the line, and by order of the directors he had utilized a "blind" line at the rear of the lots. This necessitated a jog at each concession line. The six-wheeled cars had been a failure. One hundred dollars a car was the loss, if any, by the conversion of the cars to truck cars; only one small engine had been sent from England; six about the same size had been ordered from Kingston, but against his wish; heavier engines had since been procured as tending to economy in working; bridges had to be strengthened in consequence of heavier engines being put on the road; in only one instance where he had differed from Mr. Fox had the advice of the latter been acted upon; that was in regard to the size of the wheels. A good deal of evidence was taken, and at the close the argument of counsel was postponed a few days, owing to the unavoidable absence of Mr. Bethune.

AUCTION AND CREDIT SALES.

SATURDAY, Nov. 11th. By W. L. Russell, Auctioneer, at his Auction Mart, Kent-st., Lindsay, ... in the 11th Con. Emily, containing 100 acres, the property of P. O'Grady.

SATURDAY, Nov. 11th. By E. A. Bowes, Auctioneer, valuable farm stock and implements, the property of Mr. Alex. Arthur, Lot 7, Con. 12, Mariposa. Sale at 12 o'clock sharp.

WEDNESDAY, Nov. 15th. By T. A. Mitchell, auctioneer, valuable farm stock and implements, sewing machines, desirable building lots, comfortable dwelling, etc., the property of Mr. John Mason, Omemee. Sale at 12 o'clock, noon.

THURSDAY, Nov. 16. By Peter McSwern, Auctioneer, on lot No. 14, in the 15th Con., Mariposa, valuable farm stock and implements, the property of Mr. Wm. Cameron. Sale at 1 o'clock sharp.

SATURDAY, Nov. 25. By Elias Bowes, auctioneer, on lot No. 3, Con. 8, Mariposa, valuable farm stock and implements, the property of Mr. Duncan McKinnon. Sale to commence at noon.

COMMERCIAL NEWS.

OFFICE OF THE CANADIAN POST, LINDSAY, NOV. 9, 1876.

Produce.

The local markets are unaltered, principally because there is not much grain coming in just now, owing mainly to muddy roads. The large market, on both sides the "big pond" are in a depressed condition with downward tendencies. The prospect of a pacific settlement of Turkey's difficulties becomes stronger every day, now that war has ceased and the diplomatists are at work. Barley is flat on the other side; no sales of any consequence have been made for some time, and buyers will not offer. A considerable number of hogs have been brought into the Lindsay market; and a large quantity of Butter has also come in. Still first-class table butter is wanted. It is somewhat surprising that butter-makers do not take more care. There is no reason in the world why Victoria should not make butter of quality as good as the famous Orange county.

Liverpool Grain Trade.

From the leading grain circular, issued last Saturday, the following has been cabled:—"With continued fine weather favoring the labors of husbandry, the British grain markets are still scantily supplied with wheat, the value of which remains unaltered. Foreign trade is at the same time more steady after the recent slight depression, and activity has been partially resumed. It is now understood that the armistice having been agreed upon between Turkey and Servia, the influence of war anticipations will not have the effect as of late of exciting speculation, but as stocktaking at the close of the month shows that the short supplies coming in since September 1st have resulted in a material reduction in quantities in granaries, there appears a fair element for steadiness at the current rates. At Liverpool we have 204,000 quarters less in store now than on August 31st, and our local consumption, without going to the interior or elsewhere, makes an average in the interval of 70,000 quarters per week. With a moderate attendance of country millers at to-day's market, trade has not been active, but sellers of wheat show much firmness. A tolerably fair business in the aggregate at the rates current on Tuesday. Flour was steady at quotations, corn was slow, and requested 1. Holders would willingly make concession of sixpence to effect sales."

Pay Up Now.

The present is the time when every effort possible should be made to collect outstanding debts. A considerable amount of money has passed into the hands of farmers, the proceeds of sales of barley, of cattle, or of dairy produce, and storekeepers should press for it now, and without waiting for that mystical time, always some weeks or months ahead, when so many of their country customers are *going to pay* their store bills. It may be well questioned whether New Year's day will see so favorable a prospect for getting in outstanding accounts.—[Monetary Times.

The general complaint now is that the best people don't pay. These are the people who do not fear being sued, and who, if hardly pressed for their accounts, would indignantly transfer their custom. These are the people who prolong the period of depression, and who, though they may not think it, are responsible for much business trouble and much general suffering. There is no real economy in buttoning up the pocket when accounts are due and the money at hand. The pretence that, because there is a restriction in circulation and the profitable use of money it is proper to decline to meet just responsibilities, is to assert a most fallacious doctrine. Yet it is one which is put forward confidently every day, and the consequences may be seen in the too numerous bankruptcies weekly reported in official gazettes.—Montreal Star.

The British Corn Trade.

The following is telegraphed by cable from the *Mark Lane Express'* weekly review of the corn trade, published Monday evening:—"The cold but seasonable weather of the past week has been favorable for field labour. A large quantity of wheat was sown under satisfactory conditions. The potato disease has not assumed alarming proportions, though certain localities have suffered severely. Irish advices are less gloomy. At the principal provincial markets, holders of wheat strenuously resisted any decline. In London a slight concession was necessary to effect sales. Foreign wheat was not so firm, and part of the advance produced by political influences has been lost. The imports last week were unusually light, and although stocks are still large, the rate of importation is far less than estimated for the requirements of the country, and a considerable diminution reported from Liverpool attests the inroad made into stock. Maize remains about the same. Other feeding stuffs are slightly cheaper. It is not improbable that this decline will shortly be more than recovered in consequence of the increased winter consumption. The floating cargo trade has been quiet in absence of arrivals at calling ports.

Toronto Cattle Market.

CATTLE.—The supply of the lower grades continues to be large, but first-class are scarce, and in good demand. Choice are worth $4 75 to $5; first-class, for local consumption, bring $4 50, second, $3 75 to $4; and third, $3 to $3 75.

SHEEP.—Receipts have amounted to ten carloads. The market is well supplied, and the demand is steady, both for local consumptive wants and the lower ports. First-class bring $5 to $6; second class, $4 to $4 50; and third-class, $3 to $3 50.

LAMBS.—The supply during the week footed up to 13 car-loads. The demand is fair and prices steady at $3 50 to $3 75 for first-class, $3 to $3 25 for second, and $2 to $2 50 for third.

CALVES.—There are few offering, and the enquiry is limited, as pork and poultry come in so freely. Prices are almost nominal, and will be for a few weeks to come, at $14 to $16 for first-class, $6 to $8 for second, and $3 to $4 for third.

HOGS.—The open state of the weather has kept back supplies of dressed. Some small lots have come in and brought $6 to $6, according to quality.—[Globe.

THE

Ottawa Agricultural

INSURANCE COMPANY.

HEAD OFFICE, OTTAWA.

Capital, $1,000,000.00.

Deposited with Government for Protection of Policy-Holders,

$50,000 IN CASH.

DIRECTORS:

President..................HON. JAMES SKEAD
Vice-President..................R. BLACKBURN
Secretary..................JAS. BLACKBURN

Insures against Loss or Damage by

FIRE & LIGHTNING.

The OTTAWA AGRICULTURAL INSURANCE COMPANY is a purely Canadian Company, which insures nothing more hazardous than Farm Properties and Private Residences.

It insures the contents of houses, such as furniture, wearing apparel, &c.

It insures all products of the farm, agricultural implements, carriages, harness, &c.

It insures animals, even when killed by lightning on the property of the insured.

It insures churches, parsonages, colleges, convents, school houses, and all risks of this class.

It does not insure factories, shops, hotels, or any other risk of this kind, thereby avoiding the serious losses to which many companies are liable.

Farmers and owners of private residences will find it to their advantage to insure in the "Ottawa," as their terms are more liberal than those of any other Company doing a similar class of business in the Dominion.

Insure in the Ottawa, thereby saving money and at the same time encourage Canadian enterprise.

The insuring public will please notice that our DEPOSIT is not in Debentures or Stock, generally of doubtful value, but CASH, securing absolute safety with low rates.

We would caution farmers and others not to be deceived by persons asking them to be insured in the Agricultural, but to be sure it is in the OTTAWA AGRICULTURAL, now the most popular and best Farmers' Company in Canada. Insure in no other.

H. A. WALLIS, General Agent.

Office in Dominion Telegraph Office, two doors west of the Ontario Bank, Lindsay.

W. E. ELLIS, Travelling Agent for Victoria County.

An active Agent wanted for Emily and Ops

New Advertisements.

JOHN BERRY,

Saddler and Harness Maker,

Has removed to his own Brick Building, opposite the English Church, on Kent Street, (next door to W. L. Russell's Auction Rooms.)

The Subscriber, thankful for past favors accorded him since commencing business, begs to intimate to his numerous friends and the public generally that, in his new and more commodious store he has much greater facilities to ensure increased satisfaction, and in order to do this he has enlarged his stock to nearly double its usual amount, feeling sure that all who favor him with a call will be enabled to suit themselves in anything they may require in his line, both as regards quality and cheapness. All orders instructed to him will have the best material, workmanship, and be manufactured under his own immediate supervision. Ladies' Satchels of all sizes. A large assortment of Saddles, Bridles, Trunks, Valises, Brushes, Combs, &c., &c.,—in fact everything appertaining to or connected with his business always on hand, and great inducements offered for cash. Horse Blankets in great variety, and all qualities. Collars and all work guaranteed. Repairs done with promptitude. Remember the Sign, Golden Saddle, opposite St. Paul's (English Church,) Kent St. north.

N. B.—J. B. must hereby notify that all old outstanding debts of 1875 must be settled by 1st of December next, or they will be placed in other hands for collection.—897.

VICTORIA FOUNDRY,

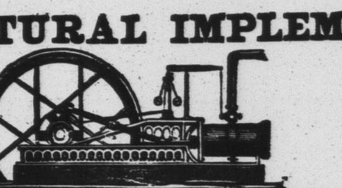
William Street, Lindsay.

JOHN MAKINS,

Iron and Brass Founder, Engineer, &c.

MANUFACTURER OF

AGRICULTURAL IMPLEMENTS.



Shafting Pullies, Hangers, Mill Gearing, &c.

Maker of Circular Saw Rigs, Saw Carriages, &c.

This Rig is so substantially got up that those who use it pronounce it the best in the country.

SHINGLE MACHINES, JOINTERS, X CUT & OTHER SAW RIGS

Our two-Horse Powers and Saw Attachments are without exception the most substantial and scientific before the public, and for the last two years since our present improvement was adopted has given universal satisfaction.

REPAIRS PROMPTLY EXECUTED.

Lumber and Shingle Manufacturers will please call on us before purchasing elsewhere and examine our machines and prices.

AGRICULTURAL IMPLEMENT DEPARTMENT.

This department will in future receive special attention, and all work turned out will be warranted first-class in every particular. The machines will include the following:—

From 2 to 10 Horse Powers, (for Farmer's use,) with Saw Attachments.

Hill's Patent Plough, (Improved) with Steel Landslide and Iron Beam. Dominion Plough, Steel Landslide and Wooden Beam. These two are the two best general purpose ploughs in the market.

An Improved Fanning Mill or Separator—acknowledged the best in use.

Keenan's Block, Kent St., East End

Miscellaneous.

TEMPERANCE HOUSE.—(Late Lehane's Hotel) King St., Lindsay, opposite Mr. Baker's storehouse, E. CORKERY, Proprietor. The House has been refurnished and is now ready for the reception of boarders and travellers to whom every attention will be paid. Rates reasonable. Good Stabling and a careful and attentive hostler. A call respectfully solicited. 893-11

NOTICE.—Application will be made to the Legislature of Ontario, at its next Session, by the Whitby & Port Perry Extension Railway Company for an Act ratifying the sale to the Company of certain property owned by Messrs. Austin, Fulton, Michie and Holden, and also the mode of payment therefor by the Company in cash or mortgage bonds; also ratifying all by-laws granting aid to the Company; also to modify the powers of the Company as to the issue of mortgage bonds, and for such other amendments to their Act of Incorporation and Amendments thereto, as may be considered advisable. WILLIAM MULOCK, Solicitor for the above-named Railway. Toronto, 27th September, 1876.—891-6.

New Advertisements

SLEIGHS AND CUTTERS.

L. O'CONNOR

In issuing his third annual winter circular, would respectfully thank his numerous friends and customers for the liberal patronage bestowed upon him since commencing business in Lindsay, and would call attention to the large and varied Winter Stock, which comprises

Pleasure Sleighs, Single and Double, Portland, Dexter, Piano Box, Conboy's Turn Down Seat, and Swell Side Cutters, and a large variety of Sleighs—Long and Bob.

The material used in the above is the very best second growth hickory timber, warranted dry, and the workmanship cannot be excelled in this section for design and durability which is substantiated by the fact that I have been awarded the first prize wherever I exhibited my goods. This winter's stock is the best ever got up in Lindsay. A large number of rigs are now on exhibition, an inspection of which is solicited. All work warranted. L. O'CONNOR.

ROBERT SPIER

(D. Thomas' Old Stand, next door to Dobson & Niblock), would respectfully call the attention of Cash Buyers to his stock of

Fall and Winter Dry Goods,

All Wool Diagonal Stripe Dress Goods, Serges, French Merino, French Twill and Lustres

In the new colours—very best value.

WINCEYS AND BLACK LUSTRES A SPECIALTY.
