Two Spring Shows of the South Victoria Agricultural Society will be held here on the 1st of May.

REAL IRISH SHAMROCKS will be found at E. Gregory's drug store, or round at Mr. Foley's greenhouse, from the 10th to the 17th March. A limited number only.

CURLING.—The Orillia Times says the great improvement in the play of the Lindsay curlers since they played the Orillians on our rink astonished the latter.

BILLIARD TOURNAMENT.—Arrangements are being made for a billiard tournament in town, in which amateurs only will be allowed to play, to come off in a few days.

THE RINK.—The ice was in a better condition yesterday than it has been any time during the season, and as a consequence the building was crowded last evening.

CARNIVAL POSTPONED.—Owing to the costumes not being able to be present on Tuesday evening next the Carnival has been postponed until the following Friday (March 9th).

THE CENTRAL FAIR.—At a regular meeting of the Ops council on Saturday last $100 was granted towards the erection of buildings for the Central Fair. Mariposa has granted $100 and Verulam $50.

EDUCATION.—Rev. Prof. Burwash preached two excellent sermons in the Methodist church on Sunday last. The attendance in the evening was very large, several of the ministers in town having closed their churches in order that their hearers might be present.

CANADIAN LAND CO.—The office of Mr. C. J. Blomfield, Manager of this Company, has been removed from Lakefield to Toronto, which is more convenient, now, that the Victoria Railway is about to get into the Company's territory. Mr. A. Nye remains agent at Haliburton, as usual.

30th	127, 122, 289	97, 110, 111

The Hymns and Tunes are selected from H. Kemble's Hymnal Companion to the Book of Common Prayer.

BIJOU TOY.—This musical prodigy will give one of his popular and highly interesting concerts in the Opera House on the evening of Friday 9th inst. As his concerts here previous on this occasion of his first appearance here are still fresh in the minds of most of our townspeople no commendations from us are necessary. Suffice it to say that the coming and the date of the entertainment ought to be sufficient to induce lovers of good music not to make any other engagement for that night, as tickets can be had at Porter's book store.

SUBSCRIBE FOR SUBSCRIPTIONS.—How not to stop a paper, and how to stop one.—First—Don't take your paper to the post-office and tell him to send it back. In nine cases out of ten you will fail to stop it in this way. Second—Don't attempt to return it yourself and write on the paper to discontinue. It has become unsafe, with a new structure. Third—Before your subscription expires send to the publisher a post-card saying your subscription expires on such a date, and if you want it discontinued. Please discontinue at the end of the month to which you have paid. Fourth—If the paper has been sent over time for which it has been paid, do not send a postal card, it will be destroyed. Rather write a letter enclosing a dollar for expiration of time, allowing a short time for the letter to reach the publisher and for the latter to be corrected. By observing these simple rules your subscription business can be promptly attended to, you will have a clear conscience and sleep well, and the publishers will be saved much unnecessary trouble.—*Exchange.*

MR. ANDREW'S SCHOOL.—Within a few days Mr. Andrew's Junior school will be in full working order. There is something to be learned from every phase of our weather. The management of our Dominy thaw, for instance, spells ruin to corner and intersectional lengths, has necessarily affected the programme for the fore part of February, but leaves intact the general character of the winter as a whole. The best part of the winter is the month to come; the second, or that expected to occur in proximity to the 15th inst. This will result in blending together the season in such a manner as to lend enjoyment particularly protracted and severe spell for a large part of February. Further, I learn from what we have just overheard, three lines, namely, the unusual power of the sun for the season, confirming my impression of an early spring 2nd, that this spring will be warm and dry, and 3rd, That the expected wet will commence a feature. I have already hinted at in my almanac.

SUNDAY SCHOOL PARLIAMENT.—The second meeting of the Sunday School Parliament of the Province, will be held on Wellesley Island, one of the famous Thousand Islands of the St. Lawrence River, lying between Brockville and Ogdensburg, N.Y., on August 30 to 31st, 1877. Rev. W. F. Crafts will be Conductor, as before, assisted by Mrs. W. E. Crafts, in charge of the Primary Department work, and Rev. Christian Endeavor Secretary of Canada and the United States, who will soon be announced. The first five days will be devoted to a "Bible Conference" on the books of Daniel and Revelation, and the last to Bible readings, &c., while the second five days will be given to methods of Sunday School work and christian work, including Parents' Institute, primary work, normal work, &c. A Normal class will be organized, which will meet twice a day through the whole session, taking two courses of study, 10 lessons each, with an examination and diploma at the close. The cottages will be given to popular conductors of leading preachers and singers, and the tents will be specially adapted to interest children as well as older ones. There will be several low priced boarding houses on the island, of excellent quality in tents, cottages and first class hotels, and first class boats, which excellent board is furnished at the lowest living bill on the grounds. Railroads and steamboats will meet all trains, bring persons as low as one half fare. Those who wish board or tents can get programmes sent them by addressing the names on a postal card to Rev. J. H. Bryan, Watertown, N.Y., secretary of the association of Thousand Island Park.

YOUNG MEN'S CONCERT.—The concert under the auspices of the young men of St. Andrew's church came off on Friday evening last in the Opera House, and was a success in every way. The attendance was very large, and the programme was rendered to the satisfaction of all. The chair was taken by Rev. J. Hastie, and the concert opened with the "Overture March," violin and pianoforte by Mrs. F. Roberts and Mr. T. Harris, and it is needless to say it was well executed. Mr. Bowman, of Omemee, followed with a comic song, as "Happy as a King," and received an encore. A quartette by Misses Wright and Mowry and Messrs. Thornbury and Hodder was well rendered, as also a duet by Mr. F. R. Weston next sang "The Dear Little Shamrock" in excellent style and received a hearty encore. "Mary of Argyle" was very sweetly sung by Mrs. Bowman, who on this occasion appeared to great advantage and established herself more firmly as a favorite. In response to an encore she sang a suitable selection with equal merit. Mr. J. B. Knowlson read "Sam Weller's Valentine," and kept the audience in convulsions of laughter. Miss Hillary, of Toronto, on making her appearance was warmly greeted. She sang, "I Love My Love" in a clear, sweet, well cultivated voice, and of course received a hearty encore. In response to which she sang "Killarney," in a manner perhaps never heard in Lindsay before. Mr. Muir, of Beaverton, next recited "Lochinvar" and the manner of the "Maple Leaf," and perfected the singing of his national song by a stirring introduction as regards both sentiment and execution that drew the enthusiasm of every Canadian present. During the delivery of the address he was frequently applauded, and at the close of the song, which was admirably rendered, the audience rose and cheered him. He responded with an anecdote, in which character and nationality was well represented. The second part opened with a Nocturne for piano and violin, by Mrs. Roberts and Mr. T. Harris. Mr. Weston sang "Goodbye, Sweetheart," and received an encore. The "native born Girl," by Mrs. Bowman by request, was one of the best efforts of the evening, and was well received. She responded with a suitable encore. A comic song, "Wearing Willie," by Mr. Bowman, followed and was productive of so much laughter as to secure the succession of "Sarah's Young Man," which also furnished its quota of amusement. Miss Hillary sang "Robin Adair" with good effect, and in response to a special request sang "Annie Laurie" in a suitable style. A capital song by Mr. McCammon was followed by the comic Irish song, "Teddy the Tyler," by Mr. Muir, which was introduced and supplanted by amusing anecdotes which won him popularity with the audience that will be lasting. A selection from the opera of Martha, violin and piano, by Mrs. Roberts and Mr. Harris, followed by the national anthem brought to a close an entertainment memories of which will not soon be forgotten. The young men to whose enterprise in furnishing such a treat is due deserve the highest commendation and we are pleased to hear that notwithstanding the large expense they were under the handsome sum of $40 was netted.

Two Spring Shows of the South Victoria Agricultural Society will be held here on the 1st of May.

REAL IRISH SHAMROCKS will be found at E. Gregory's drug store, or round at K. Gregory's greenhouse, from the 10th to the 17th March. A limited number only.

Some Scotch immigrants are coming to Manitoba.

Mr. Vennor, of Montreal, predicts three feet of snow on the level shortly. There will also be some tremendous gales.

New School House.

The Trustees of School Section No. 3, Emily, ask for tenders for a brick School house to be awarded on 8th March. The plans and specifications can be seen at the office of Wm. Duffus, architect, Lindsay.

Father Stafford in Toronto.

A brief summary of a temperance lecture by the Rev. Father Stafford in St. Michael's Cathedral, Toronto, last Saturday will be found on our fourth page. The rev. gentleman is spending the week in Pembroke.

INTERESTING INFORMATION.—On our fourth page this week will be found an interesting letter about Manitoba from Mr. G. Mackay, brother of Mr. D. S. Mackay of this town. The writer has spent several years in the "prairie province," and knows whereof he writes.

THE VICTORIA RAILWAY.—The trains were to have been running to-day but a delay of a few days has been occasioned in preparing the flat and box cars at the Toronto Car Works. The passenger cars are ready; and the locomotives have been inspected by Mr. Rose, the Chief Engineer, and are by this time ready for service. We are informed by the President that a time-table will be prepared next week and the long-expected train-service will be in active operation.

NORTH WARD SCHOOL DESKS.—(To *the Editor of The Post*). Sir, I think it would be advisable for our Trustees to advertise for tenders to take apart and rebuild the new school desks that are going into the new North Ward School, as they are going to pieces and may prove dangerous to the children in getting their legs through the joints or falling through the knot-holes.—A RATEPAYER.

THE RED RIBBON BRIGADE.—The latest temperance movement in the States is known by the name of the Red Ribbon Brigade, each member wearing a small red ribbon and thus proclaiming his or her principles. It is very popular, and is spreading extensively in some sections and has even got as far as Port Hope. The badge was worn in Lindsay to some extent a few months ago, but its significance was the very opposite.

THE MERCHANTS' BANK.—Considerable interest has been occasioned in financial and business circles the past week by the changes in the Merchants' Bank. The President, Sir Hugh Allan, resigned, and was succeeded by Hon. John Hamilton, a man of great wealth and large financial experience. The Cashier or General Manager, Mr. Jackson Rea, resigned and has been succeeded by Mr. George Hague, for many years general manager of the Bank of Toronto. The change is one that will make the bank stronger than ever.

BUILDING NOTES.—Building operations in both town and country are very dull, and contractors say they never for years have had such a poor summer's prospect before them. The Midland Railway Company will this summer replace the bridge over the Scugog which has become unsafe, with a new structure. Mr. J. S. McCarthy is getting the brick on the ground for the erection of a block between the Globe Hotel and Messrs. Wetherup & Logan's. Mr. Gowdon has the contract. Tenders will be asked for shortly for the erection of the Central Exhibition buildings and fencing the grounds.

BISCUITS.—C. L. Baker has just received a large consignment of Fancy Biscuits from the celebrated manufacturers, Christie, Brown & Co., Toronto. These biscuits are put up in neat tin boxes, weighing from 5 lbs. to 10 lbs. each, and are composed of the following varieties:—Lemon Bun, Jersey Lemon, Savoy drops, Savoy Fingers, Queen's drops, Italian Mixed, Grantham Fingers, Bon Bon, Ginger drops, Jersey drops, Lemon Tunbridge, Citron Tunbridge, Brighton Wafers, Currant Cakes, Diet Cakes, Oatmeal, Pink and White iced assorted, Victoria, Fancy Nic-nacs, Nonsuch, Coronation, Manis, Currant Tunbridge, and Iced Mixed. An inspection solicited.—212-2.

RIVER NOTES.—Commodore Crandell informs us that the prospects of improvement in the shipping trade in lumber during the season are brightening. He does not expect to find commencement of the stormy part of the month to be the second, or that expected to occur in proximity to the 15th inst. This will result in blending together the season in such a manner as to lend enjoyment particularly protracted and severe spell for a large part of February. Further, I learn from what we have just overheard, three lines, namely, the unusual power of the sun for the season, confirming my impression of an early spring 2nd, That this spring will be warm and dry, and 3rd, That the expected wet will commence a feature. VICTORIA RAILWAY.—Preparations are making to begin work on the extension from Kinmount to Haliburton as soon as possible—to grade and build bridges. Men are now driving piles through the ice. We are informed by parties watching and waiting for the first train and the first time-table. Large quantities of freight of all kinds are ready for transportation as soon as the cars arrive.

THE ORGAN QUESTION.—The Presbyterian church in this village have decided to introduce an organ into the church and also to use only the Presbyterian hymn books. Mr. F. McDougal is appointed leader of the choir for the ensuing year.

OUR LIBRARY is about being brought to light again. The boys in town appointed a master from among themselves, and gave they will not have to pay rent. If they can only agree to appoint a librarian they will no doubt get along.

NEW GRANGE.—A grange society was organized here on Wednesday, 21st inst. The following officers were elected: George Willock, W. Master; John Hay, Overseer; L. Ireton, Lecturer; T. P. Davis, Steward; James Bell, Assistant Steward; Thomas Robinson, Chaplain; Wm. Umphry, Treasurer; Thomas Bell, Secretary; Mrs. Bole-Hayes; Mrs. T. Bell, Ceres; Mrs. T. L. Davis, Pomona; Mrs. T. Brien, Flora; Mrs. W. Umphry, Assistant Stewardess. The next meeting will be held on the 7th March, at 2 p.m.

Kinmount.

NEW FIRM.—Messrs. Geo. Cluxton, of Peterboro', and W. H. Cottingham, of Omemee, have purchased Mr. Green's lease of saw and grist mills and timber limits, and are already making preparations which are calculated to push the business to its utmost capacity. The advent in the village of two capitalists of Messrs. Cluxton & Cottingham's standing, supplemented by good business ability, is looked upon by the villagers as an important event in the history of the village, and it is expected that a new era will follow in their wake. Repairs on the dam and the construction of piers are now in progress under the excellent superintendence of Mr. Wm. Graham.

REMOVAL.—Mr. Todd has removed to Cambray and opened a waggon-shop there. Mr. Todd was one of our most respected citizens and will be greatly missed in the vicinity and especially by the temperance lodge in which he has been for many years an earnest and efficient worker. We wish Mr. Todd success in business and congratulate the people of Cambray on having obtained a valuable acquisition to their staff of business men. Mrs Oakley has rented her farm to Mr. J. Post and removed to Goderich as soon as weighing permits. Mr. Post will have to take THE POST if he does not now do so.

We are informed by the President that a time-table will be prepared next week and the long-expected train-service will be in active operation.

NORTH WARD SCHOOL DESKS.—(To *the Editor of The Post*). Sir, I think it would be advisable for our Trustees to advertise for tenders to take apart and rebuild the new school desks that are going into the new North Ward School, as they are going to pieces and may prove dangerous to the children in getting their legs through the joints or falling through the knot-holes.—A RATEPAYER.

THE RED RIBBON BRIGADE.—The latest temperance movement in the States is known by the name of the Red Ribbon Brigade, each member wearing a small red ribbon and thus proclaiming his or her principles. It is very popular, and is spreading extensively in some sections and has even got as far as Port Hope. The badge was worn in Lindsay to some extent a few months ago, but its significance was the very opposite.

THE MERCHANTS' BANK.—Considerable interest has been occasioned in financial and business circles the past week by the changes in the Merchants' Bank. The President, Sir Hugh Allan, resigned, and was succeeded by Hon. John Hamilton, a man of great wealth and large financial experience. The Cashier or General Manager, Mr. Jackson Rea, resigned and has been succeeded by Mr. George Hague, for many years general manager of the Bank of Toronto. The change is one that will make the bank stronger than ever.

BUILDING NOTES.—Building operations in both town and country are very dull, and contractors say they never for years have had such a poor summer's prospect before them. The Midland Railway Company will this summer replace the bridge over the Scugog which has become unsafe, with a new structure. Mr. J. S. McCarthy is getting the brick on the ground for the erection of a block between the Globe Hotel and Messrs. Wetherup & Logan's. Mr. Gowdon has the contract. Tenders will be asked for shortly for the erection of the Central Exhibition buildings and fencing the grounds.

BISCUITS.—C. L. Baker has just received a large consignment of Fancy Biscuits from the celebrated manufacturers, Christie, Brown & Co., Toronto. These biscuits are put up in neat tin boxes, weighing from 5 lbs. to 10 lbs. each, and are composed of the following varieties:—Lemon Bun, Jersey Lemon, Savoy drops, Savoy Fingers, Queen's drops, Italian Mixed, Grantham Fingers, Bon Bon, Ginger drops, Jersey drops, Lemon Tunbridge, Citron Tunbridge, Brighton Wafers, Currant Cakes, Diet Cakes, Oatmeal, Pink and White iced assorted, Victoria, Fancy Nic-nacs, Nonsuch, Coronation, Manis, Currant Tunbridge, and Iced Mixed. An inspection solicited.—212-2.

RIVER NOTES.—Commodore Crandell informs us that the prospects of improvement in the shipping trade in lumber during the season are brightening. He does not expect to find commencement of the stormy part of the month to be the second, or that expected to occur in proximity to the 15th inst. This will result in blending together the season in such a manner as to lend enjoyment particularly protracted and severe spell for a large part of February. Further, I learn from what we have just overheard, three lines, namely, the unusual power of the sun for the season, confirming my impression of an early spring 2nd, That this spring will be warm and dry, and 3rd, That the expected wet will commence a feature. I have already hinted at in my almanac.

SUNDAY SCHOOL PARLIAMENT.—The second meeting of the Sunday School Parliament of the Province, will be held on Wellesley Island, one of the famous Thousand Islands of the St. Lawrence River, lying between Brockville and Ogdensburg, N.Y., on August 30 to 31st, 1877. Rev. W. F. Crafts will be Conductor, as before, assisted by Mrs. W. E. Crafts, in charge of the Primary Department work, and Rev. Christian Endeavor Secretary of Canada and the United States, who will soon be announced. The first five days will be devoted to a "Bible Conference" on the books of Daniel and Revelation, and the last to Bible readings, &c., while the second five days will be given to methods of Sunday School work and christian work, including Parents' Institute, primary work, normal work, &c. A Normal class will be organized, which will meet twice a day through the whole session, taking two courses of study, 10 lessons each, with an examination and diploma at the close. The cottages will be given to popular conductors of leading preachers and singers, and the tents will be specially adapted to interest children as well as older ones. There will be several low priced boarding houses on the island, of excellent quality in tents, cottages and first class hotels, and first class boats, which excellent board is furnished at the lowest living bill on the grounds. Railroads and steamboats will meet all trains, bring persons as low as one half fare. Those who wish board or tents can get programmes sent them by addressing the names on a postal card to Rev. J. H. Bryan, Watertown, N.Y., secretary of the association of Thousand Island Park.

YOUNG MEN'S CONCERT.—The concert under the auspices of the young men of St. Andrew's church came off on Friday evening last in the Opera House, and was a success in every way. The attendance was very large, and the programme was rendered to the satisfaction of all. The chair was taken by Rev. J. Hastie, and the concert opened with the "Overture March," violin and pianoforte by Mrs. F. Roberts and Mr. T. Harris, and it is needless to say it was well executed. Mr. Bowman, of Omemee, followed with a comic song, as "Happy as a King," and received an encore. A quartette by Misses Wright and Mowry and Messrs. Thornbury and Hodder was well rendered, as also a duet by Mr. F. R. Weston next sang "The Dear Little Shamrock" in excellent style and received a hearty encore. "Mary of Argyle" was very sweetly sung by Mrs. Bowman, who on this occasion appeared to great advantage and established herself more firmly as a favorite. In response to an encore she sang a suitable selection with equal merit. Mr. J. B. Knowlson read "Sam Weller's Valentine," and kept the audience in convulsions of laughter. Miss Hillary, of Toronto, on making her appearance was warmly greeted. She sang, "I Love My Love" in a clear, sweet, well cultivated voice, and of course received a hearty encore. In response to which she sang "Killarney," in a manner perhaps never heard in Lindsay before. Mr. Muir, of Beaverton, next recited "Lochinvar" and the manner of the "Maple Leaf," and perfected the singing of his national song by a stirring introduction as regards both sentiment and execution that drew the enthusiasm of every Canadian present. During the delivery of the address he was frequently applauded, and at the close of the song, which was admirably rendered, the audience rose and cheered him. He responded with an anecdote, in which character and nationality was well represented. The second part opened with a Nocturne for piano and violin, by Mrs. Roberts and Mr. T. Harris. Mr. Weston sang "Goodbye, Sweetheart," and received an encore. The "native born Girl," by Mrs. Bowman by request, was one of the best efforts of the evening, and was well received. She responded with a suitable encore. A comic song, "Wearing Willie," by Mr. Bowman, followed and was productive of so much laughter as to secure the succession of "Sarah's Young Man," which also furnished its quota of amusement. Miss Hillary sang "Robin Adair" with good effect, and in response to a special request sang "Annie Laurie" in a suitable style. A capital song by Mr. McCammon was followed by the comic Irish song, "Teddy the Tyler," by Mr. Muir, which was introduced and supplanted by amusing anecdotes which won him popularity with the audience that will be lasting. A selection from the opera of Martha, violin and piano, by Mrs. Roberts and Mr. Harris, followed by the national anthem brought to a close an entertainment memories of which will not soon be forgotten. The young men to whose enterprise in furnishing such a treat is due deserve the highest commendation and we are pleased to hear that notwithstanding the large expense they were under the handsome sum of $40 was netted.

Hungry Hat, Feb. 28th, 1877.

Snow is quite heavy.

SUMMARY.—Mr. Maloney, from the Chair.

Hidden.

[Correspondence of The Post.]

HIDDEN.—Quite a crowd of the boys met with a stick of wood through the windows of one of the houses belonging to Sam Hicks, on Saturday evening last. Sam is very much annoyed.

BOOT-BOX.—Mr. Maloney is now building a boot-waggon for horse-power which, when completed, is to be launched on Gull Lake, and will it is anticipated be a handy thing from Hidden to Moore's Falls.

Victoria Road Station.

CHANGE OF NAME.—At a public meeting held Feb. last week it was resolved to call this thriving place Victoria Town, and to notify the postmaster accordingly.—[NOTE.—Why not call it Sheddon and get the post office authorities to rename the office at Coboconk by the name of the village. This would perpetuate the name of a man who had a great deal to do with the construction of the Nipissing, and would remove all absurdity in connection with the Coboconk post office title.

Belleville.

DEAF AND DUMB INSTITUTE.—The number of pupils attending the Deaf and Dumb Institute is now 226. The average attendance at the last session was 230.

ATTEMPTED SUICIDE.—Henry Mattlews, a farmer in the 7th con. of Rawdon, attempted to commit suicide on Saturday last. He crawled under the barn, where he cut his throat with a razor. When found he was in a very exhausted state from loss of blood, but was still alive at last advices though his recovery is considered doubtful. No cause other than temporary insanity can be assigned for the rash act.

DUNKIN.—The temperance people will shortly hold a county convention for the purpose of considering the advisability of submitting the Dunkin Bill to the vote of the ratepayers of this county.
