#### MIDNIGHT DESPACHES.

[By Special Telegraph to The Post.]

PARIS, Oct. 1st.—The Russian telegraphic agency's private Bucharest despatch declares that the solution of the questions between Russia and Turkey must be sought on the battle field. Diplomacy may intervene later. The same day General Todleben succeeds General Zotoff as chief of staff to the Prince of Roumania before Plevna.

LONDON, Oct. 1st.—Trustworthy information says that Osman Pasha repulsed the Russian-Roumanian attack on the front and left inflicting heavy losses. He also attacked the Russians on the Lovatz Road and recovered several positions. Gen. Klapka denies rumors that he was one of the leaders of the movement to form a Hungarian legion in Transylvania to act in conjunction with a Turkish corps to destroy the Roumanian railways.

BELGRADE, Oct. 1st.—It is positively denied in official circles that Serbia has already resolved upon war-like action. However, it is thought probable that the final resolution of the Servian Government will mainly depend upon the communication of the newly appointed Russian agent just received.

BUCHAREST, Oct. 1.—The Czarewitch visited Gorny Studeni to attend a council of war as to whether the bulk of the Russian army should winter in Bulgaria or Roumania. [NOTE.—Yesterday's Bucharest special stated that the Czarewitch went to Gorny Studeni to relinquish the command of the left flank and resume command of the Imperial Guard.

St. PETERSBURG, Oct. 1.—The reports that petitions are being signed requesting the Emperor to return home are untrue. Uninvited offers of mediation would be regarded almost as a national insult.

BELGRADE, Oct. 1.—Since the arrival of the new Russian Consul-General and Roumanian envoy-extraordinary, Servian intervention is regarded as quite certain. It is said this question has been decided in a cabinet council. Troops have again been ordered to the frontier and officers and surgeons are being ordered to rejoin their regiments within three days. Ammunition and provisions have been sent to the border. Kragujevatz arsenal is working day and night.

VIENNA, Oct. 1.—The resolution come to at the Servian cabinet council is to ask the Porte to withdraw the troops concentrated near the frontier. As the refusal of this demand is almost inevitable it is believed at Belgrade that Serbia will be ready to take the field by the 15th. Here, however, it is thought Servian policy will be regulated by what happens at the seat of war.

#### SUNDAY MIDNIGHT DESPACHES.

CONSTANTINOPLE, Sept. 30.—It is reported that Osman Pasha has defeated the Roumanians before Plevna. The Porte has refused to permit the transit of timber across the Danube for housing the Russian wounded.

LONDON, Sept. 30.—A correspondent with the Turkish army telegraphs from Plevna that Osman Pasha's losses from the Russian cannonade is exceedingly light, but on the day when he retook the redoubts he lost 3,000. There are now (September 29) only 1,000 wounded at Plevna.

BUCHAREST, Sept. 30.—General Todleben's opinion of the situation at Plevna has been laid before the Grand Duke Nicholas. It is understood to declare that siege operations on a most extended scale are requisite for the capture of the place. The Czarewitch visited Gorny Studeni on Saturday to relinquish the command of the left flank and resume the command of the Imperial Guard. The second Turkish convoy for Plevna has returned to Orkante.

the Roumanian cavalry having captured eight wagons of grain. The Grand Duke Nicholas is suffering from liver complaint.

LONDON, Sept. 30.—A correspondent with General Kriloff, who commands the force endeavoring to prevent the revictualment of Plevna, says the first Turkish convoy which entered Plevna consisted of 2,000 wagons. Kriloff attempted to hold the road at a point so near Plevna that Osman Pasha was able to send a force which attacked him in the rear and obliged him to withdraw and leave the road open. On retiring, Kriloff left two regiments of Cossacks at Etropol to watch the Sofia road. Another convoy coming from the road, unknown to the Russians, running alongside the Sofia road, slipped through the fingers of the detachment on Monday, and was under the guns of Plevna before the Russians could attack it.

SHIPKA, Sept. 30.—Suleiman Pasha is fortifying his camp and apparently intends to winter here. They are just commencing a fourth and final parallel. Rain is continuous and the mud in the trenches is fearful. The weather is also very cold, but the officers and men stick to their posts with pluck and resolution.

A correspondent thinks the Roumanians are sure to carry the redoubt and says were the Russians advancing as rapidly on their side Plevna would fall before a fortnight, but the Russians seem completely at sea. They have no plan, no idea, no head, they are waiting for reinforcements which are arriving slowly and which when all are here will hardly more than cover their losses by battle and sickness during the last two months. History offer no such example of a splendid army in such an utterly helpless condition.

#### TORONTO.

TORONTO AND OTTAWA RAILWAY.

TORONTO, Oct. 1st.—This evening Alderman Canavan presented a petition from the promoters of the Toronto and Ottawa Railway, praying that a by-law be submitted to the people granting a bonus of \$300,000 to the road. Mr. W. H. Scott, M.P.P., addressed the Council in favor of the petition, pointing out the advantages the city would derive from having an independent and direct line running to and from the capital, and through the rich country along the route.

#### AMERICAN TUG SEIZED.

NAPANEE, Oct. 1st.—The American tug Sarah Daly of Ogdensburg, was seized here to-day by the Custom officials for infraction of the law in towing vessels in and out of the Napanee River.

#### GORED TO DEATH BY A BULL.

NEWMARKET, 1.—This forenoon Mr. Richard Marsh was leading a bull belonging to Mr. Alfred Dennis to Aurora fair, about a quarter of a mile from Mr. Dennis' gate and only about fifteen minutes after he had left, he was discovered in the road leading to Yongest. gored to death. An inquest was held and a verdict returned accordingly.

#### MONTREAL.

HEAVY BANK FORGERIES. MONTREAL, Oct. 1.—Forgeries on Canadian banks similar to those in the Western States have come to light. The Bank of Montreal has so far lost \$4,000; Union Bank of Lower Canada, \$5,000; and the Merchants' Bank and Ontario Bank are said to be also victimized.

#### THE HACKETT FUNERAL EXPENSES.

The city council decided this evening not to pay the volunteers for services at Hackett's funeral. The debate in council on the question was long and very acrimonious. The decision was a strictly party one—14 Catholics, French Canadians and Irish, voted against and ten protestants for the motion.

#### LONDON.

#### SINGULAR HORSE DISEASE.

LONDON, Oct. 1.—A singular disease is raging among the horses of this neighborhood. Several cases have proved fatal. Among the animals that have succumbed to the malady is the well-known trotting mare "Nora B," the property of Mr. John Peters, which won the Queen's plate in Toronto two years ago.

#### THE FAMINE IN INDIA.

LONDON, Oct. 1st.—Madras correspondence reviewing the actual effect in that Presidency of the famine says the registered deaths the present year to the end of June were 370,000 above the average. This probably does not represent more than two-thirds of the actual mortality, and we must add the deaths occurring since and not officially reported.

#### FRANCE.

#### APPREHENSION OF A COUP D'ETAT.

PARIS, Oct. 1st.—An unfounded rumor last night that the Duke de Broglie had resigned from the French Cabinet created alarm. The apprehension of a forcible coup d'etat by the Government is so great that the resignation of the Duke de Broglie and certain of his colleagues opposed to such measures would be considered a preface to violence of law. The ex-press disapproves of the Government's course since the 16th of May. The Prince Imperial also said if it is approved he will not throw impediments in the way of the regular Government. It is certain that the opinion of the Cabinet itself is divided. Some members think of coup de force in case of defeat at the elections. Others and non-Bonapartist Conservatives contemplate a second dissolution, but believed the Senate would not support the dissolution simply to help the Government.
