IT IS REMOVED that Hon. A. MacKenzie will shortly pay Lindsay a visit. He is doubtless looking forward with pleasure to the visit and the opportunity it will afford for enjoying one of George's oyster stews, for which the St. George's Restaurant is so widely celebrated. Go thou and secure the much coveted delicacy.—1-3.

RAILWAY PROJECTING.—Sunderland has had a meeting to agitate the building of a branch to the Whithy railway; Uxbridge is considering the propriety of building a line to Glen Major to connect with the Toronto & Ottawa, or to run to Frenchman's Bay; the Simcoe Junction locomotive has entered Sutton amid great rejoicing and that important feeder to the Nipissing will soon be opened.

PERSONAL.—We are pleased to see our enterprising young friend Mr. J.P. Sutherland about again after a short but severe illness. He could not resist the temptation of visiting the Central. We had the pleasure of a call from Mr. J. R. Stratton, Collector of Customs, Peterboro, and formerly editor of the Examiner. He is hale and hearty. He was greatly pleased with the appearance of things at our show.

BRADBURN & Co. A COMMON NUISANCE.—Newspaper proprietors are now besieged by the energetic man who wishes a tender for a dollar's worth of some kind of society printing, and who, after receiving an estimate, goes to a one-horse job office and by showing the estimate saves fifty cents, and then returns to the newspaper to get five dollars' worth of free notices for his society. This kind of man belongs to a very clever class, probably, but he doesn't get the notices all the same.—[London Advertiser.

COMPLIMENTARY.—The following address was adopted by St. Lawrence Lodge, No. 137, Independent Order of Oddfellows, of Brockville, and forwarded by Tuesday's mail to Mr. John H. McFaul, the talented Head Master of Lindsay Model School. The intention was to have the address presented at a social gathering of the members of the lodge, but Mr. McFaul having been called away with but few hours' notice prevented this being done.

—St. LAWRENCE LODGE, I. O. O. F. No. 137.—To John H. McFaul,—DEAR SIR AND BROTHER,—The members of St. Lawrence Lodge having been informed of your intention to remove from Brockville for the purpose of assuming the head mastership of one of the principal educational institutions of Lindsay, are desirous of expressing our appreciation of your services as an Oddfellow and the esteem in which you were held by your brethren here. While the loss of a worthy brother and a devoted member of the order, such as you have at all times shown yourself to be while a resident of Brockville, is keenly felt by our lodge, and while we in common with your many warm personal friends in Brockville shall regret your departure from among us, yet we feel confident that your sterling character and abilities will gain for you many warm personal friends in Lindsay, and that a well merited success you have met with in your profession as a teacher in the past will attend you still in your new sphere of action. As an Oddfellow your intercourse with our lodge has been most pleasing and profitable to us, your excellent judgment and well tutored mind brought to bear upon the discussion of lodge matters, your readiness at all times to render the lodge any service required of you, and your faithful adherence to the cardinal principles of Oddfellowship, have commanded our highest respect and admiration, and will ever be associated in our memories with feelings and recollections the most pleasing to us. While you are forming new friendships and overcoming perhaps difficulties which are incident to every new situation in life, it may be some slight encouragement for you to know that the warm fraternal feeling which prompts every Oddfellow to wish his brother well is with you, and that you and your family may be successful, prosperous and happy is the kind wish and the earnest hope of St. Lawrence Lodge. A. S. MANHARD, N. G., W. T. HENSON, Secretary.

FENELON FALLS. [Correspondence of The Post.]

OUR FALL SHOW was held in this place on Friday, 29th Sept., and was a grand success. There was a fine display in almost every department, and although it rained a little in the morning yet it turned out a most beautiful day, and an unusually large number of people made their appearance. Your correspondent was unable to make a personal inspection, but everybody seemed highly pleased until the prize list was read, when as usual in such cases some were dissatisfied. The Fenelon Falls brass band did good service in furnishing music throughout the day, and their playing was greatly admired. Their teacher, Mr. Foster, seems to be the right man in the right place. A hall was held in the evening in McArthur's hall, and the "light fantastic" was used freely until about 3 a. m.

RAPE CASE.—A most outrageous case of rape were committed on the person of one Miss Mason in the house of Mr. G. G. Keith, Verulam, under the following circumstances.—Mr. and Mrs. Keith went to Fenelon Falls to the fall show on Friday last, and left two children about two years (twins) old in the care of Miss Mason, their servant girl, also a little girl about eight years old, and a boy between these ages. The two older children went out playing around, and the girl was preparing to scrub when a man entered and asked for Mr. and Mrs. Keith. On being told that they were away he took hold of her she screamed and the choked her, and committed the rascally act. She appeared before Mr. James Dickson on Saturday morning last.

and made her declaration, stating that she believed it was one William Rutherford, who was arrested and brought before Messrs. Dickson, Naylor and Fielding, J.P's. On Saturday evening and after a careful examination he was admitted on bail to appear on Monday and then appeared and was committed for trial, when the question of power of the Justice to accept bail being raised in the case it was further adjourned until Tuesday morning. The prisoner is a young man of about 22 years of age, about 5 feet 8 inches and well built, and his family connections are of most respectable and unimpeachable character, and great sympathy is felt for his afflicted parents in their present trouble.

ATTEMPTED POISON.—An attempt was made one day last week to poison a young lady in this village by putting Paris Green in the tea kettle while she was out of the house. No clue has been obtained to the perpetrators of this diabolical act.

MAIL ARRANGEMENTS.—The long hoped for change in our postal arrangements came into operation on Monday last and our mail arrived two or three hours earlier than before and left about sixteen hours later, as regards the closing of the mail. Mr. Simpson appeared on our streets with his new stage full of passengers, and on his departure he had some passengers also. This is a satisfactory arrangement for Fenelon Falls.

BUSINESS took a start last week and promised to be good for a while. Since show day it has been slack again—the downward tendency of the grain market is the principle cause.

The Calkins Washer Again Victorious

What the People say about it:

At a public demonstration of the practical merits of this Washer on Friday, the 28th of September, (on which occasion having Washers on exhibition were invited and challenged to do but failed to put in an appearance) the following verdict was given:

"We, the undersigned, having this day witnessed the practical merits of the Calkins Washer on the grounds at the Ontario Provincial Exhibition, 1877, unhesitatingly say that the work performed by it was extraordinary. Very dirty shirts, collars, cuffs, handkerchiefs, woollen blankets, etc., were washed clean in less than the time that they could have been washed by hand, or with any other Washer we are acquainted with. In our opinion it was a perfect Washer." (Signed):
