day we have to record or we read in other papers fatal accidents arising from the carolicas use of freezers, and another instance of the kind has occured under distressing dremmatance. I have been a looking that the most at licinosis, under the following circumstances. Sage was looking at a remarkable of the himse wolver, when a vome lady present ask of first himse cold as of first himse wolver, when a vome lady present ask of the himse so it to see it tothing possession of it, affine himse to look on the same moment the plate we discharged, and the vome man ched out. You have shot me. Medical aid was promptly called, and one camination it was found that the builts had untered the left lung. The victim is still alive, although in much changer. The young lady is in seest (leapate over the infortunate affine).
