In connection with clause referring to the appropriation of the Government grant, Mr. J. H. McFutt was heard, and explained that the Government grant to Lindsay, as based on the census of ISTLwas SSOT, and that that was divided between the Public and Separate Schools on the ratio of the average attendance. He had visited Mr. Swift, the Head Master of the Separate School and was told that would be too monatrons a thing to cal way."

Attempt to shilly shally with the forces they have stired up. Sir John Machine Consulted in large Residual is consequently "between the continue mainty interest the continue to consider this and decide what our separate School, and was told that there were 20 pupils on the roll there, and 250 on the roll of a department of the Convent forming a part of the Convent forming a part

CHANCERY SITTINGS.

The autumn sittings of the Court of Mr. Irwin entered and took his seat. Chancery opened here on Thursday of last week before the Chancellor The SEARETARY read communications There were only three cases. There from Miss Hamilton and Miss English, were present in addition to the mem

service.

HEAD MASTIM'S BEROOK.

The Secretary read the abouthly report of Mr. J. H. McFaul, iteal-Master of the Model and Public Schools. The report gave the total number of registered public at 701, and the average attendance, 380 also the results of the monthly competitive examinations. Several improvements were of the property to himself at the same of the proper

tions. Several improvements were recommended in the East Ward School grounds. Also that he had communicated with the Deputy Minister of Education concerning the manner in which the Government grant was apportioned to the Public and Separate Schools in Lindsay, the reply to which he had handed to the Secretary of the Board. That he had obtained from Mr. Swift the approximate number of mr. make the Government grant was apportioned to the Public and Separate Schools on Lindsay, the reply to which the had handed to the Secretary of the Board. That he had obtained from Mr. Swift the approximate number of pupils, amounting to 150, attending either the Separate School proper, or the Convent in which is taught a section of the Separate School pupils. He likewise learned that in the Convent there were a select that school and a boarding school department, but that they formed no part of the Separate School pupils. He signed and should be no converted to his in the theorem, ment of the Separate School and that no account of their attendance was made in the Separate School of the Separate School of the Separate School of the Separate School of the Separate Separate School of the Separate Separate School of the Separate Sep

NOTICE.

I beg respectfully to remind all parties indebted to me that prompt payment is absolutely necessary. Due notice to that effect was given a month ago and since then many accounts have been satisfactorily settled, but still there are a large number unpaid, especially small accounts.

There is no good excuse for longer delay in settling up. and those interested are requested to call during this month of November and settle up without tail, so that I can decide what accounts to place in suit for collection. I am anxious to collect my accounts with as few suits as
