POLICE ARRANGEMENTS.

His WORSHIP stated that the report of the committee on police arrangements could not be procured. He expressed surprise at the reticence of members of the committee on the subject.

Reseve LEARY said as far as he remembered the report only stated that the arrangements were to be tried for one month. He did not know that it said anything about changing off.

Dep.-Reeve DIAMENT said that owing to a mistake in the date of his notice he was not at the meeting of the committee, but he understood from Coun. Crandel that the constables were to change off each mosah.

Coun. PILKIE said it was the intention of the committee to have the constables change off monthly, but as to whether the report specified this he was not certain.

Coun. CRANDELLs said the Mayor had given the substance of the report.

His WORSHIP said it was distinctly understood from Count. CRANDELLs said the Mayor had given the substance of the report.

His WORSHIP said it was distinctly understood that such should be the arrangement.

After some further discussion, in which His WORSHIP said that the constables were not to understand that because they were piaced on night duty they were night watchman, a motion was passed authorizing the constables to continue en their duties until next meeting of Council.

The Council them adjourned:
