will very well nerve fifty or sixty ewes tion which Arne's Samarantal a enjoys. The Southdown is admitted to us the most profitable of the breads, frequently having twins and losing few by cold or ex course. Mr. Parkinson, however, as no reason to complain of his Leicesters in that respect. In 1870 he got 38 lambs from 20 ewes; in 1871, 38 lambs from 20 ewes; in 1879, 30 lambs from 22 ewes; and in 1880, 26 lambs from 22 ewes; and in 1880, 26 lambs from 28 ewes; and in 1880, 26 lambs to 105 ewes, an increase of 14 per head. Prof. Hrown gives 14 per head as a good aver.

VARIETIES.

If you are suffering with a cold do not fall to bey Hagyard's Protoral Baham; it is daily reliaving the hundreds throughout our dominion. It is pleasant and palatable. - 33 3. lambing has been mentioned as having promulened loss to the breeder in some

stimes proves the rule, so in

nothing to feater either in the dry, healthy, bracing atmosphere of Ontario. Our farmers, then, should by all means devote more attention to advanced sheep farming. Excellent progress has already been made in Maripone, but the other townships are somewhat backhave started and are circulating a report to the effect that the stallions imported

The liver is the grand purifying organ of the system; when inactive or obstructed bad bloo and ill health are certain results. Burdock Bloo Bibbers cure all diseases arising from disorders Liver, Shomach, Bowles of Kulneys, purifying restoring, and deregalbening, it regulates to thousels, cleaness and originates the Blood, and in parks tone to every organ of the body. Trial boles 10 cents. 33-5. proclation is very unfair, and is very porting these two fine valuable animals. ments of the kind mentioned. We have other documents, showing that Mr. Sadler himself brought over the horses

mon with many of our leading citizens from other sources that Mr. Sadler made
