

YOU SEE

If there is anything that people like, it is one thing more than another. Why? Because we live in a progressive age, hence the determination of the City Dry Goods and Tailoring House of Lindsay to take the lead and keep it. We prefer being in advance of the times rather than behind the age, consequently we are now in receipt of the bulk of our fall goods, and as we told you last week we intend to create a sensation with low prices. Remember that we are the only exclusively Cash Store in Lindsay.

CROWN JEWEL FLOUR.

NOTICE.

This Flour is made of No. 1 Hard Wheat by the new process, combined with the best methods and machinery in operation in the best Hungarian Mills, and will produce from 30 to 40 lbs. more bread per barrel than the best superior wheat flour. Therefore, the first cost though higher, is fully compensated in the increased yield of bread as well as being a much better quality and more nutritious, having a much larger percentage of gluten and less starch than ordinary wheat flour. To those who may not be familiar with the use of this kind of flour, we suggest mixing it moderately soft, which will require considerably more water than ordinarily used. Knead thoroughly, and bake with a strong heat and in such a manner that bottom and top shall be equally well baked.
