THE MANHATTAN FEED. For Horses, Cattle, Milch Cows, Sheep, Pigs and Poultry.

We desire to tall the attention of the farming community to the above well known ranning will, now being manufatured at our works. We are oretared to give a written guarantee that our mill is all that is claimed for it. It is a PERFECT CLEANER and CHAFFER. It will take out Wild Oats perfectly. It will take out all Cockle, Chess and other fool seeds, making a perfect sample of Market Wheat. It is a most perfect separator, and will separate all kinds of grain as well as seeds, and shrunken grains. It is very rapid in its action. It separates all kinds of grain as well as seeds, and if Oats and Peas, or Timothy and Clover seed are mixed together and put through this Mill, they will come out perfectly separated. It will separate small and spit peas from large peas, taking them from the chaff in the most perfect manner. The Honey Improved Fanning Mill and Separator is acknowledged by all to be THE BEST MILL MANUFACTURED IN THE DOMINION, and in proof of this strong statement we can furnish abundant testimonials from those having them in use. To intending purchasers we would say, come and see it for yourselves, and we feel confident you will be entirely satisfied that they are all they are represented.
