### MANVILLE.

THE ABRAHAM FENELON  
interesting lecture delivered by  
day evening, Nov. 22nd, at the  
large attendance of the most  
siders of the most intelligent  
and two of the most prominent  
to throughout the evening and  
was to prove that the British  
direct line of descent of the  
great deal of the attention  
withstanding of our times and  
they were of very logical far-  
reaching views. This was the  
first of a series of lectures  
which he has given during the  
winter. The subject of the  
man who has long been a
