us then make a few reflections. Firstly, in remembering the pas price list of Dry Goods, Carpets and Clothing, which has comrevolutionized and paralyzed the old Credit System. convince the most skeptical that the exclusively Cash smaller margin than ever before known in Lindsay. As an instance we would quote a few prices: Prints, 5 cents a yard; Dress Goods, commencing at 7 cents a yard; All Wool Dress Goods for 15 cents a yard; plain colors in Dress Silk, all pure silk, for 35 cents a yard. These are facts, with which we are prepared to shatter fiction. Thirdly, in prognosticating the future we beg to say that it is our intention to give the people cheap goods, and if our trade continues to increase in the future as in the past we will reduce our profits another five per cent., for be it remembered the larger the trade we can do the closer we can and will sell.
