The loss of life by the burning of the streus in Berditscheff, Poland, was not so It is related that in a ladles' college great as was reported, but it is believed the scholars and teacher were assembled for morning praper. The reading and singing were over, and all were resuming their seats, when one of the young ladies, of a very short and thick stature, missing her chair, seated herself with a "thud" on the that over a nundred and fifty persons per-ished. The fire broke out towards the end of the performance, and was caused by the cardens handling of fireworks on the stage. The curtain became ignited, and the flames quickly spread to the walks and roof. The members of the orchestra were the first victims. The audience, numbering 300 persons, rushed to the door, but it opened inwards, and as the crowd present forward, it was rendered useless. A rush was then made to two side doors, both of which were sailed up thus consulting the results of floor. Nobody smiled; all were too decor-on for that. The fallen one, embarrassed into a momentary loss of common sense, cutained her lowly seat, opened her prayer-book, and appeared to be extreatly engaged examining its contents. This was almost too much for her companions and a smile made to two side doors, note of which were nailed up, thus compelling the people to go to the windows, from which many aprang into the street, with their clothes a sheet of flame. The fire brigade arrived within half ance, when the teacher rose and commenced reading the first morning leason. She tead from the fifth chapter of Amon, as follows: "The virgin of largel has fallen; and is forsaken upon her land; there is note to raise her up." This was too much. About 3,000 sets of teeth made during that time. Mr. Gross insertion of Artificial Teeth is bringing the mirror up to nature; they are lifelike in appearance, and perfect in eating and speaking. All kinds of plates made, ranging in price from \$9 to \$65 for a full Upper or Under Set. The reputation of his English Hlack Rubber Plates is established. Those who value excellence and purity, particularly in an article to be worn in the moutn, will have nothing but Black Rubber. It is free from mercury or any thing injurious and makes a more durable plate than any of the rubber compounds. One or more of Mr. Gross's English Black Rubber Plates may be found almost in every neighborhood within 30 miles of Lindsay and all giving the greatest satisfaction. Red rubber plates made for those who prefer them. Teeth extracts ed without a particle of pain by use of ELEC TRICITY. Sufferers are daily relieved without pain or risk, and voluntarily offer to testify in its favor. Mr. Gross experimented for months with a view of regulating the Electric current to suit the different temperaments. He was the first in Lindsay to introduce it and is the only one in the place using it successfully. A great many certificates in favor of this great destroyer of pain have been taken. No extra charge for its use. Pure Gas is kept, but, as it is considered unsafe and injurious to health, accidents from its use being of frequent occurrence it will be given only to parties who insist upon having it, and who are physically sound. Natural teeth preserved by fillings guaranteed for Five Years. A call upon Mr. Gross will consume but little time, and cost you nothing. Many have expressed to regret for having got a set of teeth, a tooth fined or extracted, without first calling on GROSS, over Kennedy's store, Kentst. Lindsay.—94. W. H. GROSS

OUEEN'S HOTEL, HALIBURTON against the black on account of the color. In fact Mr. Neelands has had a number of black plates that have been exchanged for re. An upper or under set from \$10 to \$60. GAS.—Mr. Neelands has had almost unparalled success with it in Canada and has no objection to being called a disciple of Dr. Colton. He has used it uninteruptedly for nearly 16 years and given it to thousands of persons with the most perfect satisfaction. One gentleman, a physician, has taken it at different periods some seven or eight times to get teeth out and always speaks in its favor. Mr. Neelands knows numbers of persons who have been ill for years and have had their health restored after taking gas and getting their diseased teeth out. Mr. Neelands made a special study of this gas under Dr. Colton of New York, the inventor of gas for extracting teeth without pain, who has given it up to April 20th, 1882, to 123,161, without an accident, Liquid Gas was introduced by Mr. Neelands in March, 1882. Electricity also used—was introduced by him 16 years ago. All other operations connected with the teeth electricity also used—was introduced by him 16 years ago. All other operations connected with the teeth skilfully performed. A book on teeth sent to any address free of charge. Call and see his thousands of beautiful teeth. Office-next door to R.
