That whereas the legislative grant to the public schools average only about 50c. per pupil, white the high school grant averages 36.42 per pupil or about thirfeen times as much as for the public schools, while the latter do a vastly more important work for the great majority of the public; your memorialist would respectfully suggest that there should be an increased grant from the legislature to the public schools by at least one hundred per cent, and an equal amount to be contributed by the municipalities, and that these additional appropriations be divided among the school sections in proportion to their respective rates on the dollar for teachers' salaries, as the present mode of distribution tends to injustice as making the rich richer and the poor poorer.

SUNDAY SCHOOL SOCIAL. On Wednes. day, the 24th inst., the Sunday school in connection with the C. M. church of Dunsford held a very successful tea and social, the proceeds of which were used to purchase a new library for the Sunday school.

After partaking of a very excellent tea
served by the ladies of the church in Mr. Cooper's paint shop, the party repaired to the church and were further entertained by the children of the Sunday school, who rehearsed a number of dialogues and sang several selections of sacred music. Rev. Mr. Power, pastor of the church, delivered a very sensible and pointed address. Mr. J. C. Thurston and Mr. E. Mosgrove each gave a reading and were loudly applauded. At the invitation of the charman, Mr. E. Woollard, superintendent of St. John's Sunday school, Dunsford, and Mr. Wm. Thurston, superintendent of C. M. Sunday school, Salem (Emily), addressed the meeting. Mr. E. Thurston, superintendent of the Sunday school, salem (action) superintendent of the Sunday school, salem (action) superintendent of the Sunday school, acted as chairman, and both in his opening address and the good order he preserved throughout the entertainment, proved himself the right man in the right place. Mr. John Thurston was the fortunate winner of a hand some three-storey cake, which he generous ly presented to the children of the school who soon disposed of it. Before closing the meeting votes of thanks were tendered to Mr. Cooper (for the use of his shop), the chairman, Mr. E. Thurston, Rev. Mr. Power, the ladies' of the church, Mr. John Thurston and the choir, which was an impromptu one, organized that evening to fill a vacancy caused by the non-arrival of the Omemee choir. DEER CAPTURED.—A few days ago Mr. Graham of Carden, heard the howl of a pack of hounds not far off. He got in readiness for the chase, and learned to his great surprise the deer and hounds were in a back field. He hastened to the scene and found the deer so much exhausted that he could not get up. He immediately put a rope around the animal and brought it to the barn. It is quite

tame now, and will eat anything given it.

People are going to see it every day.

THE BOOM. - Brechin is now one of the

Turner and Mr. Gillespie both come from Beaverton, and have good recommendations and as and have good recommendations and as far as we can learn are doing a nice trade. The county is large and full of wealthy farmers to back them up. We wish them success. Mr. Stanton, the implement merchant, has everything in his favor as he is the only one here. He is popular and respected. He has a large scope of country to work on. Mr. Luck, the carriage maker, is busy. He is doing a fine business here. He talks of making some

new carriages for the spring.

Mission—Brechin has been alive this week. Some time has escaped since there were so many people here. The mission priests from Toronto are holding meetings night and morning during this week. The church is crowded to its utmost capacity, and very able and instructive lectures are delivered.
