THE HAY FORK SWINDLE AGAIN.—This awindle has been operated again, this time in Keene, Peterborough, and as they may visit some part of our district again, we print the following from the Review, so as to put farmers on their guard: —A complaisant "agent for a hay fork" paid a visit to Keene and its vicinity, and succeded in defrauding several persons out of large amounts. His mode of operating reveals the old plan, so often tried and so frequeatly exposed. He represented himself as a general agent for the forks, and he wished to establish agencies throughout the country. The inducements he offered to persons to become agents for the machine, were that each agent would have a distinct district and would receive a fork free, while he would also have \$5 commission on every fork he succeeded in selling. He wanted to have everything done in a business way, this general agent, and therefore he would have a written agreement with each of his agents. But the person who fell into the trap, and signed the "agree ment," discovered, when it was too late, that they had signed a promissory note for a large amount. These notes were then given to a bank for collection. One man in Utonabee signed a note for \$900, another for \$300, and still another for \$700. How many more the fraud succeeded in trapping is not known, but we understand that he passed through other townships, carrying on his "business." The moral of this is easily seen, and is one that has been repeatedly pointed out. No man should put his signature to a blank paper and allow it to be filled in afterwards. Before a document of any kind is signed see that it is properly drawn up and filled in, and examine it carefully.

FENELON FALLS. A Novel. Sal.m.—Some days ago Mr. Henry Stewart of Verulam was offered \$70 for a young mare by a man from Toronto. The bid was refused, and after some talk the stranger saked what he would take for her per pound, and Mr. Stewart said, "Eight cents." This being agreed to the animal was placed on the scale and found to weigh a little under 900 pounds, and the price was \$71.25. We never before knew

The Bishop of Niagara is a sensible man and therefore inevitably holds the same view as the Gazette on any given subject. In our issue of the 2nd inst. we drew atten-tion to and approved of the remarks of the North American Review and the Toronto Globe on the present educational system; and in the Globe of the 7th the bishop has and it the cross of the title dishop has a long letter in the very same vein heartily endorsing the utterances of both the publications mentioned. He was, he says, a superintendent of common schools for the superintendent of common schools for the township of Thorne more than thirty years ago, and can testify that "the pupils in the common schools of those days could spell, read, write, cipher and understand geography better than they do now." We haven't the least doubt that the bishop is right, and as spelling, reading, writing and ciphering are the most useful accomplishments the average boy can learn it is a grave mistake to force him to spend the time that ought to be devoted to them in studies that will never be of the least advantage to him, to say nothing of wasting

studies that will never be of the least advantage to him, to say nothing of wasting public money on profilese pursuits. We have always maintained that the effect of the present peruicious system is to make the rising generation to "stuck up" to pursue any useful occupation that is not what they consider genteel. -[Gasette. OBITUARY.- It is with feelings of deep regret that we have to chronicle the death of Mrs. James Jack, who died on the 7th inst. The deceased had been silling for only a short time and her death was a great surprise to all as every one expected her recovery. Mrs. Jack was a daughter of Mr. John Nichols of this place and was highly respected by all who had the pleasure of knowing her. She had been married little less than a year. The funeral took place on Saturday and was followed by a large number of sympathizing and sorrowing friends and neighbors.

PERSONAL.-Mr. Andrew Graham of Carden and his son Mr. Samuel Graham are now on a visit to their numerous relatives and friends in this locality. They have been residents of Carden for the past seven years and from all appearance they have no cause to regret their removal to their northern home. That locality is much the better for their being there and it has not been niggardly in its returns to them for value received. An active, enterprising father and five sons, all strong, intelligent young men, are a great acquisition to any locality, but especially there where rugged nature has to be grappled with and subdued and the car of progress pushed on. The family have a large interest in that locality -several hundred acres of choice land with everything necessary for comfort and convenience in the way of buildings and other improvements. They also own a vast extent of woodland, and manifest a commendable vigilance in looking after and securing the social, intellectual and financial prosperity of their new

A WARNING. - Last Sunday Father Campbell took occasion to warn his parishioners against the deceptions that are being practised upon them by oily tongued and unscrupulous book, lightning rod and patent right agents, who are always on the road, and ever on the alert to catch the unsuspecting, and whose stock-intrade appears to be misrepresentation and fraud, which are unhesitatingly employed when opportunity offers; and not unfrequently, and without any authority, has his name been used to assist them in this connection. [Correspondence of The Post.] CONCERT. - The last and most successful which all the elite of Brechin assembled to listen to the rendering of select music by fine talent selected from all parts of he county. "The star of the evening, Miss Elliott of Cannington, sang several Scottish airs with great taste and spirit, showing an amount of musical skill and cultivation seldom exhibited by an amateur. The Misses Maybee, also of Cannington, sing and played a number of choice selections very prettily. Miss Mc-Rae's rendering of instrumental music was exceptionally fine. Mr. Gillogly exc-eded himself in comic selections, but was more deservedly admired in his masterly rendition of "The Minute Gun at Sea." Mr. Sherwood, the Braverton poet and painter (par excellence), gave one of his own literary compositions very effectively. Mr. Jewett of Lindsay read "The Village Goat" in fine style. Mr. Hubbell ang a favorite song with much taste and style. Mr. Johnson of Gamebridge, the celebrated dancer, brought down the house with his inimitable steps. The juvenile quartettes by the Misses Gattie and Miss Lack were deservedly encored. The committee deserve great credit in having obtained for our village such a musical treat. nent success. REVIVAL SERVICES .- For the last four weeks the Rev. Messrs. Greatrix and Holgate have been conducting revival services in the C. M. church, and a great deal of good has been done. A large number of the leading people of this vicinity have come forward and have been made happy. The untiring zeal of those rev. gentlemen will long be remembered in this place. Social.-It is said that in the course of

a few weeks there will be a social held in the C. M. church here. OBITUARY.-It is our mournful duty to record the death of one of our most respected residents, Mr. John Henry Segars, who died on Tuesday morning, the 22nd of January, after a long and painful illness, borne with christian resignation and for-titude. The deceased was born in the township of Medonte, Simcoe, and came to reside in this place in the year 1869, where through many reverses he has maintained a character of the highest integrity and most unblemished honour. integrity and most unblemished honour. He for a number of years held a position, as councillor in municipal affairs, in which he discharged his duties honorably and faithfully. Although making no parade of his religious feelings, we believe the deceased to have been a christian deeply imbued with the spirit of his divine master, bearing all his trials with exemplary meckness and nationes. Mrs. Segars plary meekness and patience. Mrs. Segars has the heartfelt sympathy of all the people
