TEMPERANCE DEBATE.—The Manvers central temperance association will hold their next annual monthly meeting on the evening of the 23rd inst., when the members will have a debate on the subject: "Resolved, that the proper time has come to submit the Scott act to the people of the united counties of Northumberland and Durham." Captain Preston is appointed the chief wrangler on the affirmative and Mr. Isaac Preston, jr., on the negative.

BAND PICNIC.—The members of the Ballyduff brass band contemplate holding a picnic in D. McRoberta's grove on the 24th May. Preparations have already been made and an excellent time is expected.

REVIVAL SERVICES in the Bible Christian church here, conducted by Rev. D. Haif-penny, have been well attended during the past week, and will be continued during the present week, ending with three ser-vices, as usual, on Sabbath, 18th inst. Just here we wish to say a word in regard to the bad conduct of certain young men who attend the services. They do not belong to Franklin, and we give them fair warning to desist or we will publish every name of

such parties.

MAMMOTH PEARL POTATOES.—We see that Mr. W. Magnire has a large supply of the "Mammoth Pearl," a new variety of potato. The agricultural papers speak very highly of this potato. We would suggest that the farmers purchase enough this year so as to have enough for seed the year following. Only 50c. per peck. The seed houses are charging \$1.00 per pound by mail. Try them, as the rose potato has become decomposited.

SPRING WORK.—There has been a good deal of rain lately and the young maples around our streets look very well advanc-ed. The farmers have got their work well under way. The fall wheat as a rule is a

FOR MANITOBA.—On Monday morning last Mr. John Englishand son James of Omemee and Mr. J. H. McQuade of Emily left for Manitoba. Many of their friends saw them off and sent with them their best nes for their success in the great lone

New Bakery.—Mr. Samuel Grandy is talking of starting a bakery on a small scale in connection with his stove and tinware establishment. On Friday last he tried his new oven with a batch of buns and gave the Herald man a complimentary supper, which he disposed of in right good style. The Herald youth freels able now to cope with the privy council and now to cope with the privy council and "chaw up" THE POST. We think Sam had

better go ahead with it at once and bring bread down to ten cents again.

NEW SIDEWALKS.—It is expected that the laying of the eight-foot sidewalk which is to run from the post-office down to the foundry will commence in a few days and when completed we can boast of having the best sidewalk in the country. OBIT.—It is with feetings of sadness we chronicle the death of Mrs. John Mills, who some time ago became ill with congestion of the lungs and on Wednesday morning passed away. Mrs. Mills was highly respected by all who knew her, and Mr. Mills has the sympathy of the whole community

in his great bereavement. GLENIRM. [Correspondence of The Post.]

TEMPERANCE MEETING.—Our temperance society held their monthly meeting on Wednesday night, 7th inst. At the appointed time the chairman took the chair and called the meeting to order. He then called on the following gentlemen, who were appointed at the last meeting to address or entertain the meeting. The chair and called the meeting to order. He then called on the following gentlemen, who were appointed at the last meeting to address or entertain the meeting. The first to take the platform was Mr. Donald C. Smith, teacher, Ilay, who gave two good readings. The first was entitled "The Husband's Vow, the second "Handy Andy's Little Mistake." The latter was a very humorous piece. They were both well read. Mr. Smith is quite an orator. We expect to see himhave parliamentary honors in the future. Mr. K. McRae, our great reformer, gave ashort address, taking as his subject "Prihibition." He gave some very suitable remarks on this subject. Mr. Colin N. McDonald of Sandringham followed, takingas his subject Sir A. T. Galt's great speech on prohibition. He spoke for nearly one hour on this subject. It was an eloquent address. We believe Mr. McDonald is one of those independent liberals who are always ready to speak for the cause of temperance. . . . We think it will not be amiss to give a few nints about the little wild great that strayed from their cwner's flocks. They should put a little bell on them or else keep them at home to bunt their horns against their own buildings. We don't want any of their bunting here. We don't expect to have any more of those little goats or ignorant boys after this. In the future the meetings are going to be exclusively private for members only and those who know how to conduct themselves. This is as warning for those little goats or that ignorant class of boys to stay at home and see if they can learn any manners instead of their ignorant enter that their boys but very little. If they trained them better the boys would know how to conduct themselves at a meeting; me defense the next meeting. We hope the members will attend the meeting and that there will be a great change in the order to what it was at the last meeting. The writer dose not intend to hurt any of our temperance people here in writing thous remarks about that ignorant class of boys. A Missause or runs from the last meeting

con instead of an elder; and we have been informed that he said while they were discussing some questions he mentioned about his resigning the deaconate, but did not put in his resignation in writing, and on that ground it was not accepted as stated before in the paper. We hope that this will settle that matter for the present.

KILLED IN MICHIGAN.—At noon on Monday the body of Michael Crough of Ennismore arrived at the Midland station, Peterboro, from Michigan, where the young man was accidentally killed last week. The body was accompanied from Michigan by Messrs. M. Carew and Jehn Stockdale, also from Ennismore. The unfortunate young man was working in the woods in young man was working in the woods in Oswego county, about 120 miles from Bay City. It appears that on Thursday morning last he was assisting to load logs on a car, on which they were carried to Ostego lake for the drive. A horse drew the logs up on the car, and the unfortunate victim of the accident and Mr. Carew were on the opposite side, helping to draw a heavy log up by means of the tackle. The log went over too tar and fell off the car. The two men tried to escane but Mr. The two men tried to escape but Mr. Crough's legs were caught by the log and and he was thrown down, the heavy weight rolling over him. Mr. Crough's leg was broken by the weight of the log, and he was otherwise badly injured, death resulting almost instantly. Mr. Carew took charge of the body, and, with Mr. Stockdale, accompanied the remains to Peterboro. The deceased was twenty-two years of age, and was well known and highly respected in Ennismore, a fact that was demonstrated by the large number of friends who awaited the arrival of the corpse at the station. The body was taken to St. Peter's cathedral, and from there to the cemetery in Ennismore.—[Review. The two men tried to escape but Mr.

BRXLRY ce of The Post 1 TEMPERANCE.—The second meeting of the Bexley temperance society, held in the school house on the 7th inst., was, as anthe Bexley temperance society, held in the school house on the 7th inst., was, as anticipated, a grand success. The schoolhouse, which is one of the most commodious in the township, was crowded to its utmost capacity. Owing to the absence of the president the duties of the chair were ably performed by Mr. B. Williams of Victoria Road. The managing committee as was expected had in readiness an excellent program, which was disposed of in a manner highly creditable to the participators. It consisted of a temperance lecture by Mr. J. Reid; an excellent reading entitled "One glass more," by Miss McBain; another excellent reading, the title of which we did not eatch, by Mr. E. Gould of Bethel, (Give us another such as that next night, Ed.); and recitations by Mr. G. S. Brentnell and Master McBain. The programme was interspersed with fine musical selections by the choir, which we can safely say, though its members are but few, has not many rivals. But the best part of the proceedings was a reinforcement of ten to the ranks of the temperance army. May their places in its lines never be vacant. After the usual votes of thanks were tendered the meeting was brought to a close by singing the doxology......The next meeting is to be held on the 4th of June dered the meeting the developy.... OBITUARY.—Mr. Richard James and wife went to Bowmanville on Saturday ro attend the funeral of a niece, Miss Honora O. James, daughter of Mr. John James and sister of Mr. M. A. James, publisher and sister of Mr. M. A. James, publisher of the Bowmanville Statesman. Deceased was a successful teacher for some years in Ontario county, but in the spring of 1879 she contracted a bad cold which resulted in consumption. She was a devoted christian and bore her long and painful illness with remarkable patience. She was in her 27th year. Her funeral on Sunday was the largest that ever passed through Bowmanville; besides many citizens walking there were over 130 carriages in the funeral cortege.

WOODVILLE. THE BIGAMY CASE.—Atcheson Nixon has been up several times before the T onto police magistrate and remanded for further evidence. The second marriage to Maggie McLean has been proved. The first wife (nee Miss Margery McDonald) was in court Saturday. The first marriage was established. The prisoner is held for sentence until the 19th inst. to see if anything can be said in his favor. can be said in his favor. Singing Class.—On Monday night last Prof. Salter of Lindsay came to organize a singing class in this place. He comes highly recommended and we believe that

a great many of the young people intend to join at the next meeting on Monday evening in Spencer hall. PRESBYTERY MEETING. - The presbytery of Lindsay will meet in beaverton on the 27th inst.; and a Sabbath school convention will be held on Wednesday. Among the speakers will be Rev. G. M. DRAINING.—Considerable work has been done in the way of draining this season, especially by Messrs. P. Mangan and T. Herrington, who dug under-drains ranging in length from sixty to one hundred feet. This is a step in the right direction and wil! be a profitable one, as a great deal of crop has been lost in previous seasons for the want of draining. The material used is hemlock lumber, as tile is not manufactur-

ed nearer than Atheriy.

HATCHED, MATCHED AND DISPATCHED. A nest of young cranes was discovered near Mud lake. They were out of the shells only a few days and the finder fearing they would be a source of trouble some future day (1st of July), and having a special hatred towards that species of bird, laughtered the little ones in their nests. FISHING.-Four hundred and some odd suckers were caught by a young fellow named Sperin before breakfast in the drain leading to Lake Simcoe dug last winter. Who can beat this?

PERSONAL.-Mr. R. Gaughan, studen: of Orillia high school, was out among his friends for a visit..... Miss M. Gaughan, aunt of the avove named gentleman, has just arrived from Michigan, it being eighteen years since she left this place.

QUARTERLY FAIR.-The first quarterly fair, open to all competitors, was held here on Wednesday and was a decided success. Over sixty head of cattle were shown on the grounds, the great bulk of them having been fed in the township of Brock. On account of the busy times with farmers there were not as many visitors as might have been expected. A very fair number of exhibitors, however, were present and several good sales made. Six and a half cents, live weight, was readily offered by buyers. Mr. R. Sproule had on the ground a very fine young three year old bull that weighed 2,2:0 lbs., which he sold to Mr. A. McKinnon, who re-sold it to Mr. Bowes of Oakwood. Mr. Sproule is considered one of the best cattle feeders in Brock. Mr. Vandervort deserves great credit for the very convenient manner he has his weighscales arranged for the weighing of cattle. The great bulk of the cattle shown were bought by Mr. Maybee and Mr. Bowes. Mr. Wm. Thompson, a noted stock raiser, had on the ground twelve head of cattle whose weight averaged close on 1,400 lbs. each. Mr. Wm. McRae of Therah had several head of time cattle which he sold on ground. Messrs. Ward and and several others sold some fine cattle In driving horses there was a very fine dis-play. Mr. Wm. Taylor of Derry vville had a very fine driver, a Toronto Chief, for which he refused \$275. On the whole the fair was one that will encourage those taking part in it to have another at the end of the next quarter. The judges were Neil B. Campbell, Woodville; O. Vandervort, Cannington, and Jas. Clendenning, Vroomanton. The following is the list of prize-winners: - Best and fattest bull, ox or steer-in this class there were five entries: 1, R. Sproule: 2, Wm. Thompson. Best and fattest cow or heiter: l, Henry Maybee, this animal was fed by Mr. John Maybee, this animal was fed by Mr. John Clark of Thorah; 2. Henry Maybee, this animal was fed by R. Shier, Brock. Sweepstakes for the best and fattest beast: 1, R. Sproule. Driving horse, six entries: 1 W. Taylor, Derryville; 2 John Huston, Cannington: 3 Ben White, Brock.

BUILDING.—The masons have started the foundation of Wm. Sharp's store which we believe will add a good deal to the appearance of the village when completed.

GET "BOOTED."—J. A. Urquhart, our live boot and shoe man, is doing a live business and is worthy of the patronage of those who want to be booted. Farmers would find it to their interests to give him

a call. -38 1 SINGING CLASS.—Prof. Salter of Lindsay was here last Friday night for the purpose of organizing a singing class. There were about twenty present and wished him to go on with the class. We would bespeak a full house for him next Friday night at 3 o'clock in the town hall.

LACROSSE. - The lacrosse boys are prac-LACROSSE.—The lacrosse boys are practicing every evening. They intend going to Beaverton for a practice game on Friday, 16th inst. We wish them success.

THE BEAR NUISANCE.—Last Saturday our village was visited by four men and two acting bears. Those big lazy fellows are going around the country exhibiting those bears, and it is wonderful what money they collect. If the collection was taken up for some good purpose I am afraid taken up for some good purpose I am afraid it would be very small. Something should be done to prevent those characters from being a nuisance to both villages and the

country at large.

THE TWENTY-FOURTH.—Our village intends to "take the cake" on the 24th inst. They are offering some most splendid prizes for all games. The silverware that is to be given for prizes can be seen in Mr. J. G. Hoyle's window at the post office. We believe they are giving a silver sugar bowl and pitcher for the best lacrosse team. Now who is going to get the silver. For further particulars watch for the bills. SELLING IMPLEMENTS. -C. Jennings, our

SELLING IMPLEMENTS.—C. Jennings, our implement man, has just sold a seed drill to Mr. Jackson of Derryville to go to Manitoba. Mr. J. is a live agent.

Division Court.—The division court was held here on Wednesday, 7th inst. A number of important cases were on hand. The suit of Preston against Foster to recover wages occupied some time. Preston had engaged with Foster for a year, but at the end of six months left. It was proven by Foster and others that plaintiff had left without any just cause and that Mr. Foster Honor Roll.—The following are the names of the first four pupils of each class in our school who succeeded in obtaining the highest number of marks during the month of April:—Fifth class—lst, W. The Council Chamber,

JAMES B. KNOWLSON,

Remember that while some important importants have been made to these Watches the prices have been reduced. This is only possible owing to the enormous output of these factories. Smaller institutions cannot give the same quality of goods for the same price, because they require a larger margin of profit over the cost of production. The Rigin company turn out about 900 watches per day, the Waltham over 1,000 watches per day. We are selling these watches at prices beyond competition in Lindsny. Our business facilities enable us to do so, and we give our customers the benefit.
