On Sunday following next week, June 1st, the Sabbath Schools of the Bible Christian and Methodist churches will meet together as one school. It is intended to have the service on that afternoon take the shape of an open meet ing, and parents of the scholars from both churches and all friends of the schools are invited to be present. It is expected that suitable addresses will be given by the superintendent and by liev. Mr. Einsley and Rev. Mr. Limbert.

Sturgeon Point Lets.

An exceedingly favorable opportunity to purchase any one of a large number of building lots at Sturgeon Point is now offered. By referring to the advertisement of the property in another column it will be seen that no well-regulated column it will be seen that no well-regulated family can afford to be longer without its summer residence at Sturgeon Point. The land has been laid out by careful survey, and a plan can be seen at the law office of McIntyre & Stewart Lindsay. A large number of offers have already been received for lots and those who contemplate purchasing should select with speed. Prices range from \$20 to \$55, according to location.

Rallway Notes.

Mr. F. R. Jennings of Gueiph has received the appointment of agent at Peterboro for the O. & Q. railway. There were over fifty local applicants for the place.

-On Monday last the agent of the Grand Trunk at Lindsay received a cheque for nearly \$1,000, to be used in paying off the lands of the road in this section and on the branches running out of Lindsay.

It is understood that arrangements have been made whereby the steamer Eva will leave Lindsay each morning at about nine o'clock and run down to Sturgeon Point and probably Bobcaygeon. The steamer returns about six p.m. and will on the arrival of the Toronto train, about eight o'clock, run down to the Point every evening. This will prove to be a very convenient arrangement, as the boat leaves the Point in the morning at half-past six, reaching Lindsay in time for passengers to catch the Toronto trains going west at 8.30 or thereabouts. By taking advantage of the above time-table citizens of Lindsay, their wives and children, can slip down to the Point during the cool of the morning and return at a reasonable hour after the heat of the day is over. The time-table has been framed with a judicious regard for the public convenience and a large patronage should be the result. Besides the travelling public and visitors from a distance can make train connections with great certainty. Dear Sir,-In reply to your enquiry as to whether our store will be open for business on Saturday, 24th May, we have to say; -certainly, most certainly. Had the 24th dropped on any other day of the week, we'd close. But in this case business before pleasure, although we always try to make a pleasure of business to our customers.

Have we as good a stoch as ever! Now, you've only put the question to give us the opportunity to reply that we have. That it beats all previous stocks, and that's saying some-

Your wife wanted you to ask if the Millinery was nice this season, did she? That's like the ladies, always ready for giving or hearing information. Well, we haven't made any formal opening, but the goods are here. On that, womankind can rely. And the skill to coax the beautiful ribbons, and laces and ornaments into handsome shape. Tell your wife's sisters this and it will be as good as an advertisement to us.

Come in on Saturday. Let the fields alone for a day. See the sports. Look at the races and games and take a hand if you feel inclined. If voice shopping -or your wife has, which is perhaps a more important matter-to do, you will find time to attend to it.
