-We take the following curious article from the Springfield Republican: The lawyers have abundant opportunity to air their imagination in a survivorship case at Clacinnati. William H. Woods and their imagination in a survivorant case at Cincinnati. William H. Woods and his wife went down with the steamer Asia on Lake Riuron in September, 1882. In settling the estate it is necessary to know who died first. Woods in his will enumerates a \$25,000 insurance on his life in favor of his wife. In case of her death intestate the estate is to be divided among both his and her family friends, they having no children. The life insurance policies were what is known as "wife policies," the premiums being paid by her and containing provisions as to who is to receive the money in case she dies before her husband. The question is: Could be control these policies by will. The wife had also \$19,000 in property. She left no will. If she died before her husband, her property and the insurance money would go to the husband's relatives. If she survived her husband the \$19,000 would go to her relatives. There is an old legal presumption that the woman, being the weaker would die first. In Georgia it is held that an a Mass Morrison who successed in climb-ing into an open best. DENTIST.

Lindsay, 1882. Dentistry.

EDGAR E. CULBERT, L. D. S., SURGEON DENTIST OFFICE-In Brandon's Block, Cannington, Nitrous Oxide Gas used .-- 70-11. W.H. GROSS

Nearly 24 Year's Experience. The call upon Mr. Gross for ENGLISH BLACK RUBBER PLATES, will soon exceed his capacity to supply them. From 4 to 6 sets of artificial teeth on this valuable material leaves his office every week. No material in the world possesses so many essentials for a perfect dental plate. Those wearing ENGLISH BLACK RUBBER PLATES would have no other. Mr. Gross will make teeth on any plate preferred, and will forfeit \$25 to any person whose mouth he cannot fit. A stock of about whose mouth he cannot fit. A stock of about 10.000 Artificial Teeth to select from. It is believed that no dentist in the Midland district believed that no dentist in the Midland district has a stock so large and well selected. Mr. Gross has lately procured one of Dr. Hurd's Vitalized Air Attachments, to be used in eonnection with the liquified gas. He extracts from 15 to 20 teeth with one inhalation of this combination. ELECTRICITY still used with success. The natural teeth permanently filled and saved. As no term under FIVE YEARS is considered a fair test for a filling, Mr. Gross will guarantee all his fillings for that length of time. In another dental advertisement in this paper Mr. Gross is accused of jealousy. The man whose business is steadily on the increase and who welcomes to his office, almost daily, new faces in search of better dentristy, need not entertain, much less betray, any m rked feelings of jealousy. For good advice and reliable work call on Mr. Gross, over Kennedy's store, Kent-st., Lindsay. Feb. 14, 1884.

L. D. S. Over 20 Years' Experience. The most suc-

cessful Dentist in this part of Canada. The Gold Alloy used by Mr Neelands for artificial teeth is a grand success not withstanding the false statements made about it by a Lindsay dentist, jealous of Mr. Neeland's enterprise in buying the patent right. This individual exhibits to his patrons a piece of gross metal resembling soft sawder or lead, and tells them that it is a poison and the same as Neeland's Gold Alloy, which is a falsehood, as the Gold Alloy used by him contains both gold and silver and no poison. Mr. Neelands inserts numbers of perfect-fitting sets of teeth for people in Lindsay. Ops, Mariposa, as well as in wanvers and other places, after this dentist had tried and entirely failed to give satisfaction. Black Rubber has been used by Mr. Neelands for the last 17 years. The "Only Genuine English Black Rubber" kept constantly on hand. Teeth inserted on any plate desired. In extracting teeth with gas it is a common thing for Mr. Neelands to extract from 10 to 15 teeth with one dose of gas and the person leaving quite well and strong. Mr. Neelands made a special study of this gas under Dr. Colton of New York, the inventor, who writes to Mr. Neelands that he has given the gas to 136,713 persons without an accident. Teeth filled to last a life-time. One lady says she had her teeth filled with gold by Mr. Neelands over 15 years ago, and her teeth are all good yet. "The People's Dental Instructor." a book worth its weight in gold. Call and get a copy free. Office next door to R. Smyth's Store. May be found after hours at private residence, Mill-st. near Kent. Persons from a distance will please send postal card before coming. The Gold Alloy used by Mr Neelands for artiom a distance will please send postal card
