Dentistry. DGAR E. CULBERT, L. D. S..

SURGEON DENTIST.

OFFICE-In Brandon's Block, Cannington, Nitrous Oxide Gas used.-70-ly. W.H. GROSS DENTIST. Nearly 24 Year's Experience.

The call upon Mr. Gross for ENGLISH BLACK RUBBER PLATES, will soon exceed BLACK RUBBER PLATES, will soon exceed his capacity to supply them. From 4 to 6 sets of artificial teeth on this valuable material leaves his office every, week. No material in the world possesses so many essentials for a perfect dental plate. Those wearing ENGLISH BLACK RUBBER PLATES would have no other. Mr. Gross will make teeth on any plate preferred, and will forfeit \$25 to any person whose mouth he cannot fit. A stock of about 10.000 Artificial Teeth to select from. It is believed that no dentist in the Midland district has a stock so large and well selected. Mr. Gross has lately procured one of Dr. Hurd's has a stock so large and well selected. Mr. Gross has lately procured one of Dr. Hurd's Vitalized Air Attachments, to be used in connection with the liquified gas. He extracts from 15 to 20 teeth with one inhalation of this combination. ELECTRICITY still used with success. The natural teeth permanently filled and saved. As no term under FIVE YEARS is considered a fair test for a filling, Mr. Gross will guarantee all his fillings for that length of time. In another dental advertisement in this paper Mr. Gross is accused of jealousy. The man whose business is steadily on the increase and who welcomes to his office, almost daily, new faces in search of better dentristy, need not entertain, much less betray, any m rked feelings of jealousy. For good advice and reliable work call on Mr. Gross, over Kennedy's store, Kent-st., Lindsay. Feb. 14, 1884.

L. D. S. Over 20 Years' Experience. The most suc-

cessful Dentist in this part of Canada. The Gold Alloy used by Mr. Neelands for artificial teeth is a grand success notwithstanding the false statements made about it by a Lindsay dentist, jealous of Mr. Neeland's enterprise in buying the patent right. This individual exhibits to his patrons a piece of gross metal resembling soit sawder or lead, and teils them that it is a poison and the same as Neeland's Gold Alloy, which is a falsehood, as the Gold Alloy used by him contains both gold and silver and no poison. Mr. Neelands inserts numbers of perfect-fitting sets of teeth for people in Lindsay, Ops, Mariposa, as well as in vanvers and other places, after this dentist had tried and entirely failed to give satisfaction. Black Rubber has been used by Mr. Neelands for the last 17 years. The "Only Genuine English Black Rubber" kept constantly on hand. Teeth inserted on any plate desired. In extracting teeth with gas it is a common thing for Mr, Neelands to extract from 10 to 15 teeth with one dose of gas and the person leaving quite well and strong. Mr. Neelands made a special study of this gas under Dr. Colton of New York, the inventor, who writes to Mr. Neelands that he has given the gas to 136,713 persons without an accident. Teeth filled to lest a life time. The Gold Alloy used by Mr. Neelands for artithe inventor, who writes to Mr. Neelands that he has given the gas to 136,713 persons without an accident. Teeth filled to last a life-time. One lady says she had her teeth filled with gold by Mr. Neelands over 15 years ago, and her teeth are all good yet. "The People's Dental Instructor," a book worth its weight in gold. Call and get a copy free. Office next door to R. Smyth's Store. May be found after hours at private residence, Mill-st., near Kent.
