THE HIGGINS MURDER, Dr. Great, coroner, was notified to hold an inquest on the body of the man Jessie Higgins, who was murdered in the township of Ramalest week, as reported in The Post. Dr. Gilpin of Frechin performed the post-mortem. The jury gave as their verdict that the said Jesse Higgins came to his death by violence and battery at the hands of Edward Steel. Steel surrendered himself to the proper officials and was taken to Whitby last Friday to await his trial.

METHODIST PICNIC.—The picnic in connection with the Atherier mission of the Methodist church was held here on the light inst., and was very well stended from all parts of the mission. A very pleasant afternoon was spent, the young folks amusing themselves by swinging, promensating, and some other games. Mr. Jos. Medirath of Fairvailey, kindly lent his services in seiling "the quilt" and other articles. The autograph quilt which was purchased by Mr. Whitney of Atherely is a very nice piece of work, and reflects much credit on the ladies who made it, especially Mrs. Geatrix who overlooked the working of it. The Rams bases band was in attedance and added much to the pleasure of the day. The proceeds amounted to \$297,00, ATHERLEY.

MANILIA.

[Correspondence of The Post.] Sports,—Manilla seems to have recovered a spark of her old fire this year, as extensive preparations are being made for a grand first of July celebration. A large sum of money has been subscribed and no doubt the celebration will be a grand success. It is too bad that our old cricket club doubt the celebration will be a grain success. It is too bad that our old cricket club is no more, as a good game of cricket would be a gland cap for the programme. It is to be hoped that every preparation will be made so that the next First will be one of Manille's colored days.

Notes,—Our villagers on the Maripesside are at present engaged at their statute labor.... Why are we not repairing our sidewalks this spring?.... What makes John A. McLean look so happy lately? tipts of live stock" at Point St. Char market for shipping cattle Monday was dull and unchanged. The offerings were light and business in proportion, most of the receipts being on through shipment. The general range was from 5½ to 6¢, but sales of exceptionally choice quality were mentioned at 6½ per lb. live weight. The exports last week were 2,033 head, against 2,174 last week, and 2,235 during the same week last year. The total exports to date are 1,127 head before last year, being 10,755 head against 11,881 during the corresponding period in 1883. Late cables quote live cattle in Liverpool and London somewhat better at 7½, and Glasgow at 7½. Dressed beef in Liverpool has advanced to 6½d.

The wool season of 1884 opens with low prices of the pockets of wool dealers and manufactarers are more than sufficient, in my opinion, to prevent any advance in the price of wool. The trade in Canada has not been a profitable one. Owing to the low prices of fleece wool a larger proportion than usual has gone into consumption here, but there has been no active sale for goods, and prices have been forced down to such a point as to leave little or no margin. There is still a large over-production of goods, and prices of many lines are lower than ever before. In view of this general depression and depreciation of values low prices, lower even than 1.st year, may be looked for, and a very cautious policy is more than ever necessary. Buyers must exercise judgment and discretion, and buy wool as it should be bought, getting always proper deduction for all unmerchantable wool, such as unwashed, black, burry, cotted or coarse buck fleeces. The early marketing of the wool is also strongly recommended. With regard to prices, present values in England, by which our market must be governed, do not warrant our giving over 17c. to 18c. for selected merchantable fleece wool.

A FAIR DEALING PLAN.

It is the custom with some Clothiers and Dry Goods Dealers to mark un goods early in the season and to get as high prices as possible, and later on to reduce prices slightly and to come out with a big flourish of trumpets and announce impossible cut downs. That is a system we never pursue. We never have to cut down, because goods are always marked at the lowest pos. sible price. We don't reduce on one and make it up on another. Everybody gets full value for their money. This is all the sensible man expects. This is all we promise.
