The Smith's Falls Independent says: "Although the Methodist church is noted for having at all times a good congregation, the number in attendance last Sabbath evening was much greater than on ordinary occasions. It was no doubt owing to the fact that it was generally known that liev, W. it. Mills would occupt the pulpit in the absence of the pastor. A great many people of other denominations were present, and the whole audience was spell-bound for an hour and a quarter by the flow of cloquent words and thoughts that were contained in his discourse. Mr. Mills has evidently chosen the right calling, and no doubt when his pastoral labors are commenced they will be crowned with every success. Travelling men all over the province as well as occasional visitors from a distance will all heartily endorse the remarks made by Grand Master Spry at the Masonic banquet when complimenting "our host" on the excellent spread: "You have here a most excellent hotel, so good that outsiders like myself when travelling are glad to come to Lindaay. —Lindsay has nothing to complain of in regard to mail service. Under the new time-table now running on the Midland the town has eight mails each day and eight mails are sent off. This allows a fellow who has an uncle or mother-in-law in either Afghanistan, it is Janiero or lunsford to do up his correspondence with exemplary promptitude. It is also satisfactory to note that the business of the post-office at Lindsay is steadily increasing and is much beyond the amount transacted two years ago. The amount of stamps sold last year was over \$6.500, and will for this year exceed \$7.000.

The lacrosse match on Tuesday afternoon between a Millbrook team and the "Ironclada" of Lindsay was declared a draw. The Millbrook boys secured a game after an exciting struggle of two hours. The game was one of the smoothest ever played in Lindsay, not one losing their temper—but we'll not say equilibrium—and only one or two slight bruises were received. Some of the Lindsay youths displayed a great deal of skill and agility, and many had not played for a year or more, but gave good evidence of what they once could do. A little more practice boys and then for Millbrook and a glorious victory. A lot of jovial young fellows are the Millbrook lade, and they play a rattling game.

The base ball match between the Lindsay and Peterboro clubs, played last Thursday, en the high school grounds, was decided just as we went to press and a bare announcement of the victory gained by the Lindsay club was all that appeared. Referring to the game it was quite plain that Peterboro was overmatched from the start, the home team out-batting and out-fielding the visitors. A week or so before the match it was reported that the Peterboro club were exthe visitors. A week or so before the match it was reported that the Peterboro club were expecting, and in fact anticipating an easy victory a soft thing over Lindsay. If that notion ever gained any ground with the Peterboro men the play of Thursday must have thoroughly dispelled the illusion. The names of the Lindsays who took part in the contest, with their positions, are a follows:

First base. Second base, Third base. II. Sinclair.
D. J. Scully.
W. Veitch.

W. Veitch. Right field.
T. Virtue. Centre field.
C. Corneil Left field.
J. A. Kennedy. Scorer.
Mr. Hates, catcher of the Lindsay nine, proved himself an impregnable fortress behind the bat, doing by far the best work in that position ever seen in Lindsay. The Lindsay club play well together and are making a very fair beginning in the season's work. Callaghan, catcher of the Peterboro team was badly used up in the third innings and had to be supplanted by another man. Peterboro needs more practice before they can successfully cope with Lindsay, and will doubtless give our boys a better game in the return match which will be played in July or August. The following is the score:

1 2 3 4 5 6 7 8 9 Total.
Peterboro 2 0 1 3 1 2 1 0 2 - 12
Lindsay wine by 15, with an innings to spare.

Peterboro ... 2 0 1 3 1 2 1 0 2 - 12
Lindsay .... 4 5 2 0 15 0 0 1 - 27
Lindsay wine by 15, with an innings to spare.
The Review says in its report of the recent match: - The play was very good, and kept even until the fifth innings, when the Lindsay players made the large score of 15. When the match was concluded the Lindsay club had just that number of runs (15) ahead, and thus won the match. The Stars felt that they were at a disadvantage on account of the injury the catcher received, but for a new club they did not do hadly, this being their first match. They speak highly of the members of the Lindsay club, and look forward to a pleasant return match, when they hope to be more successful."

## IMPORTANT SUCCESSFUL MEETING.

Passing Resolutions that will Interest Us All.

READING OF MINUTES-ADOPTION OF ANNUAL REPORT-COMMITTEES-A REGULAR TRADE SALE-EFFORTS MUTUALLY SUCCESSFUL-FLATTERING RESOLUTIONS OF PUBLIC CON-FIDENCE-GREAT ENTHUSIASM-MEMO, OF GOODS TO BE DISPOSED OF SPEEDILY,

Although the selection of a presidental candidate on the other side of the line; the question of the authenticity of Wiggin's dark moon; the proceedings of the county council are all important matters and have enjoyed the attention of the public. it is gratifying to find that a purely local institution is not without a claim. Much interest has been felt in the matter reterred to and this week is offered a frank and free report of the regular communication of the Lindsay Dry Goods and Clothing Syndicate held in their offce at the City Store, Lindsay, on Wednesday, the 18th June, 1884, when the following business was transacted:—

Meeting opened in regular form at 7.30 p.m., minutes of the last meeting read and confirmed. The President took the chair, and duly announced the order of business. with instructions to proceed at once. Annual report was read and unanimously adopted.

A FEW COMMUNICATIONS.

Communications were read from surrounding towns complaining of the low prices at which the Syndicate were selling Dry Goods and Clothing, thus drawing business from their respective towns which properly belonged to them. Communication from the C- Cotton Co., offering this Syndicate 50 bales Factory Cotton, 3 cases Cottonades, 2 Cases Ducks, 2 cases Denims, 5 cases shirtings, 5 cases Steamlooms, at a discount of 331 per cent. off their latest list prices, which they contend is the lowest price ever reached in the history of Canada. Communications from the L- Woollen Mills offering 5 cases Canadian Tweeds at a discount of 40 per cent. Communication from a needy importer who wants cash, offering three cases Dress Goods and one case of Fancy goods at 20 per cent less than the goods cost to lay down. The above communications were ordered to be laid on the table for further consideration.

### INSTITUTING A TRADE SALE.

Moved by the Vice-President, seconded by the Secretary, and resolved: "that whereas, in consideration of the public's appreciation of our efforts to give them good and reliable goods at the lowest cash prices, we do accept and hereby agree to purchase the merchandise referred to above, and institute a regular trade sale for the term of sixty days from date, thereby giving the residents of the Midland counties an opportunity of supplying themselves with Dry Goods, Clothing and Carpets at less than manufacturers prices.'

The Vice-President, in support of the above resolution remarked that as the public very kindly and justly appreciate our efforts in the past, that it would be doing them but justice now, when we have an opportunity, to prove to them in a pecuniary sense that our efforts and labors are mutually beneficial and in no other way can we so well substantiate our good intentions and appreciation of their kindness as by taking advantage of the existing depression and accepting these sacrifices and giving the benefit direct to our patrons. It would also prove two indisputable facts viz: The cheaper we can buy the cheaper we will sell, and our ability to handle large lines of goods, which is truly the secret tip of buying at inside prices.

The motion was then put to the meeting in the usual form, and carried unani-

COMMENCING AT ONCE. Resolved, the goods be purchased at once, and a regular Trade Sale, in accordance with the foregoing resolution, be instituted on Saturday, the 21st of June, 1884, to be continued for sixty days, and that all goods throughout the City Store be remarked down to cost, and the balance of Millinery and Spring Mantles be closed

Meeting then adjourned for one week.
