DUNSFORD. Correspondence of The Post.]

ENCURSION.—The annual excursion of St. John's Sunday school will take place next Tuesday from Lindsay to Jones's Clearance, calling at Have's Landing, Boli's, Dunsford and Scotch Line.

A GLORIOUS VICTORY .- Capt. Kennedy and his braves have donned the war paint and engaged in a terrific conflict with certain rebels who have defied the law by placing obstructions on her majesty's highway, thereby impeding the peaceable travel of our queen's most loyal subjects. A glorious victory was won on the anniversary of the battle of Waterloo.

CAMBRAY. A Course Hon .- To the Editor of THE A Connection.—To the Editor of The Post.—I write to correct a miss-statement made in your report of what I said at the grange pic-nic last Tuesday. I did not say that "the society was clear from all political prejudice, and that deserving men were always benefited by them." The former part of the sentence is more than I would say of any society that I know of. The latter part of the sentence I don't know exactly what it means. I did not say that our young men were "totally unfit to discuss important matters with their neighbors of other branches." I recommended farmers to I recommended farmers to educate their sons and to send them to the agricultural college at Guelph in preferance to the high school if they intended to be farmers. I also said that I thought it desirable to have the principles of practical economy taught in our common schools, in order that they might know whether it was better to pay high taxes or to buy what we wanted at a cheap rate, for there seemed to be quite a difference of opinion on the subject.—I am, yours, etc., J. WILKINSON.

FIRE. A tire broke out in the barns of Mr. O. Routley near this place on Tues-day afternoon last, consuming all the outbuildings together with nearly all his farming implements. The fire is supposed to have originated from a spark from the house close by. Loss about \$2,000. Much sympathy is felt for Mr. Routley as this is his first season on the farm.

PERSONAL.—Mr. Joseph Davidson left her on Tuesday evening for a trip to the Northwest. Joe will be very much missed here by the boys and probably by a sprink-ling of the ladies. Success is due him if he should remain, but we all hope to soon see

BARN RAISING. Mr. Broomfield on Thursday of last week raised his frame barn. It was a heavy frame and will make a very tine building. It is 72x51 with stone foundation under the entire building. The height of stone wall is 10 it. and is a sample of the excellent workman-ship of Kelly & O'Brien of Brock. Mr. C. McRae of Thorah has the contract of the framework. This gentleman is becoming noted for building all the large barns in the country. He is a first-class workman. There were upwards of two hundred menpresent at the raising and they had a very exciting time, as the men were divided and under the command of Captains Mc-Bain and Thompson had a hot race. Mc-Bain, however, took the cake and finished his a few minutes in advance of Thompson's party. The building when completed son's party. The building when completed will be second to none in the township.
Picnic.- Father Davis's picnic will be held here on the 9th July. A very attractive program of games and sports is in course of preparation and it promises to be the great event of the season.

[Correspondence of The Post.] CONCERT. —A concert in aid of the Sun Correspondence of The Post.]

Concert.—A concert in aid of the Sunday school here was given on the evening of Tuesday, 10th, and was a very pleasant and creditable affair. The program consisted of recitations, readings and vocal and instrumental music. Too much casnot be said in praise of the young people who took so much trouble to give us such a treat. Many say it was the best we have ever had in this place, and we have had some good ones. The names of those who took part are Rev. Mr. Watch, Mr. James Powles, chairman, the Misses Brown, Miss Powles, chairman, the Misses Brown, Miss Powles, Miss Ruby Ingram, Mr. Maybes, Mr. John Powles and Messra. LITTLE GIRL BURNED TO DEATH.—On Saturday morning Mr. John Franklin's son William of Sparrow lake and formerly of Orillia, lighted a fire in the kitchen stove and went out to grease his waggon, and before he had finished one wheel he heard cries of fire, and on running to the house he found the flames already breaking through the roof. One of Mr. Franklin's daughters were up at the time and out milking, and the alarm was first given by Mr. John McPhee, a near neighbour. Mrs. Fraser, a daughter of Mr. Franklin's, who was visiting her father at the time, was in bed upstairs and two children with her. On hearing the cry of fire she took the two children and rushed to the door leading down stairs, but the flames and smoke drove her back. She then rushed to the window and put one child out, but on turning to pick up the other, a girl of six years, she found she had run back. She followed the child, but was unable to find her before the fast spreading flames drove her out and the little one perished. The mother was badly burned about the hands and face. A young lady teaching at McCormack's school and a friend who was visiting her saved their lives by jumping from the window in their night clothes. She lost all her wardrobe and a quarter's salary which she had just drawn. Mr. Franklin and family saved nothing but one hed. The house was owned by Mr. Albert Lehmann of Orillia.—[Packet.

Mrs. O'Leary received several bruises about the head but they are not serious. The dashboard and other parts of the buggy were broken.

A FINE BARN.—One of our respectable farmers, Mr. Thomas Kelly, has has lately built a large barn with one of the finest stone walls under it in the county. The wall was built by Mr. King and Mr. Rannels. It is 55 x 75 feet. The corners of the walls are built of granite rock, taken from the large rock on Mr. Kelly's farm. The granite was dressed by Mr. King, and it shines so that you would think it was polished. There is much credit to Mr. King. The carpenter work was constructed by William Adams. Great care and ingenuity was taken in framing it. It is a first-class frame and has a high roof. It is built in a very convenient way, being so arranged that Mr. Kelly can drive in with his horses and carriage, turn round, and come out again without the slightest inconvenience. We wish Mr. the slightest inconvenience. We wish Mr. Kelly much good luck and success with this fine building of his, and it is a credit to North Verulam.—[Independent.

R. C. PICNIC.—The annual picnic of Father Connolly's congregation held here on Wednesday, the 18th, was quite a success. ONTARIO COUNTY. SHOOTER SHOT.—Mr. B. Plaskett, tenant of Miss Starr's farm, tried to shoot some crows on Saturday but was shot himself instead. His shooting iron was a defective breech-loading rifle and on firing the breech piece flew open and the discharge blew out his right eye. This is the third misfortune for 1884, he having lost two cattle from a stack falling on and killing them and a few weeks ago he suffered loss when the farm buildings, fired by thoughtless boys, were destroyed.

The party enjoyed themselves immensely sailing on the South Bay. All passed off very smoothly till near the close of the sports, when an upset occurred. Mr. Wm. Calder, teacher of S. S. doubt one of the greatest days of Bream history and will long be remembered here. Following is the address:—

To His Lordship the Right Rev. Dr. O'Mahoney, Bishop of Toronto.

MAY IT PLEASE YOUR LORDSHIP.—With feelings of love and esteem we beg leave to approach you and in behalf of the Brechin congregation bid you welcome on this your first parochial visit to our midst. It affords us no ordinary gratification to see you here, for your presence is associated with an event which we feel is destined to enter as an important factor towards the religious training of the youth of this parish.

The laying of the corner stone of our new parish, for we may call it so, has to-day been solemnly blessed, and now assures us of the permanent residence of a pastor amongst us,

Please convey our thanks to his grace the Archbishop for his king response to our appeal for a division of the mission, and we hope that you to-day do realize the wisdom of his decision, which must prove a source of pleasure to you as well as of solace and blessing to us.

A few months ago we were, comparatively speaking, orphans and wanderers in the spiritual world, with mass celebrated only every other Sunday, and notwithstanding the zeal indefatigable labors of our former respected pastor. Rev. Father Rey, our spiritual wants were ill supplied, but now, through the grace and blessing of Almighty God and the neverfailing desire of his grace to further the interests of his flock and the propagation of the faith, we have a pastor of our own and the holy sacrifice of the mass offered up daily.

You will be pleased to learn that we have resolved to establish and maintain a separate school in Brechin in order to further ensure and facilitate the teaching and instruction of our children in our holy Catholic faith; and in this we are materially assisted by the magnanimity and generosity of our fellow parishioner, Mr. Foley; who has thus given another proof of his zeal for the cause of education and religion; and as loyal children of our holy mother the chur

again visit us as soon as our school is established.

We cannot fail to recognize the honor his grace has conferred on the people of this mission in selecting so active and energetic young priest to be our first pastor, whose virtues and talents adorn the dignity of his position.

Trusting his grace may long be spared to preside over the archdiocese of Toronto, which he has governed so long and well, and wishing you many long and happy years to discharge the functions of your high calling, in which you have already evinced so much zeal and piety for the things of God, and a spotlessness of character which we as Catholics love to see in those whe are rulers in the house of God.

(Signed in behalf of the congregation.)
