[To the Editor of THE CANADIAN POST.] SIR,-Now that the elections are over I hope that we have elected one humane person in our county council that will come forward with some scheme to provide shelter and a home for the aged that are helpless and friendless, and suffering in their old age from want of proper nourishment. When there is such an exhibition of religion there certainly should be more respect and sympathy shown to the old and help-less than to confine them in the common gaol, there to be kept as presenters and left to pine away their short existence. The gaol is certainly no place to put people who have committed no crime, but are simply helpless. If we who are strong and healthy now were to reflect for a moment that we might be placed in similar positions we would shudder and wish it all over with us before we reached that stage. Hoping to see some immediate action taken in this matter,—Yours,—P. G. P. nourishment. When there is such an exhibition

New Books, Newspapers and Magazines -St. Nicholas for January has all the varied excellent features of this capital monthly for youngsters. It is well worth the subscription and we can cordially recommend it. For sale at the bookstores.

The January Century has a crowded table of contents, a wide range of topics and, as usual, very fine and numerous illustrations. The paper on the civil war in this number treats of the operations of the western gunboats and is highly interesting. The instalment of Mr. Howell's new story, "The Rise of Silas Lapham," is charming as anything that has come from his pen. The other coatents are very good. For sale at the bookstores.

The Galt Reformer in entering its twenty-seventh year done a new and handsome dress and adopts the eight-page form now so much in vogne. We congratulate the publishers, Collie & McGivern, on their ability and industry. Ever since the Reformer was edited and published many years ago by the Hon, Jas. Young it has been a leading country paper and the present proprietors are determined to maintain the old standard and keep abreast of the times. old standard and keep abreast of the times.

The last two issues of the Port Hope Guide have come to hand much improved in appearance and with enlarged borders. Business with the Guide has progressed so satisfactorily that a new sad lar-er power press was a necessity. To meet the demand a new Campbell improved cyllader press has been put in by the enterprising proprietor. The improvement in make-up, and in mechanical execution is marked, and the Guide well deserves the enconiums that are being showered on it.

ing showered on it.

—The veteran Brockville Recorder signalizes its sixty-fourth year of publication by an enlargement of its weekly to eight pages of seven columns each, making a large and handsome paper. The proprietor, Mr J. J. Bell, is conducting the Recorder with much ability and enterprise, and we have no doubt the people of the district will give the old paper a generous support. The Recorder announces a strict adhesion to the cash in advance plan as the only one to be followed with such a large paper.

Curling.

Ten pairs of stones, ordered for the Bobcaygeon curling club, are now in the hands of the members and playing was commenced this week The Bobcaygeonites will enjoy themselves. It is just such clubs as the Bobcageon club that turn out the keenest and most successful curlers. With good ice and plenty of time at their disposal to practice they can go forward with the result that all will be proficient. Then there is the advice of Mr. Smiff thrown in. Mr. Smiff may be a comparative stranger to the niceties of curing but there is no doubt that he knows how to "take the ice."

how to "take the ice."

On Thursday of this week two rinks of the Peterboro ciub came to Linday and played a match with the home club. This match is one of a series played by the clubs of this district for the Ontario tankard. The Peterboro rinks reached Linday by the 12 o'clock train from the south, and play was commenced at 1.30 o'clock. For a time the game was close, with Peterboro having a slight lead. Two or three well played ends then gave Peterboro a decided advantage, which they maintained to the finish of the match, winning by the fine majority of 12 shots. The result is exceedingly creditable to the Peterboro rinks who played on strange ice and played well. "Linday is not up to its usual form," was the comment of lo kerson, and they were about right. The score by rinks stands as below:

No. 1 Rink. J. D. Flavelle, skip...15 T. P. Attrill, skip,....24 No. 2 Rink.

A. McMurtry, skip. 19 R. P. Boucher, skip. . 22 Majority for Peterboro, 12 shots. —On Tuesday morning of this week two rinks of the Lindsay club went to Toronto and played during the afternoon two rinks of the Granites on the ice of the latter club. It was a close game and the Lindsay curlers had to pull off their coats and work their brooms to win. The match was played on outside ice, the ice inside the rink building not being available. After a close contest the Lindsay rinks won by I shot. The score is printed below:

LINDSAY. No. One Rink. McMillan, jr., W. McLennan, A. McDonnell, W. McLennan, R. Jaffray, R. McDonnell, W. B. Hamilton, I. D. Flavelle, skip...23 C. Dalton, skip... No. Two Rink.

—The rinks of the Lindsay club that played at Markham last week report that they had a roval time. They were entertained in the most hospitable manner by the Markham club and treated as that well-known club always treat visiting curlers in the most handsome manner possible. The markham rink shows good ice and a capital game was had, although the home club probably did not put their strongest rinks on the ice to mee the visitors. The score is printed below, showing a majority for Lindsay of 19 shots:—

It is based on scientific principles and easily demonstrated to the comprehension of every intelligent person, that a truss without steel springs or hard substance, having healed Inguinal and Umbilical as well as Varicocele, at the advanced ages respectively of 65 and 95 years, must and will stand the test against all Spring Trusses to children as well as adults.
