

R. Kyle

A TERRIFIC EXPLOSION OF DYNAMITE Buggies and Carriages KYLIE'S FACTORY, Cambridge-st., Lindsay.

I am determined to keep ahead of the times, and I feel confident that I can offer better Buggies and Carriages of every description than were ever manufactured in this county. You have to pay quite a sum of money for a Buggy or Carriage. Then why not get the best? And the best has come to the shop where nothing but the best is made. No flimsy rigs carried over from one year to the other. Everything new. The new styles in double and single rigs. My gears are made of special grade steel with Herbrand's Norway Iron Circle and Drop Reach in one solid piece of forging. This is the invention of Herbrand & Co. of Fremont, Neb., and is one to take the place of the old circle and king-bolt with its rattling and noise. I am using the celebrated Shelly Bolts, made of Norway iron, they are the best in the world; it is almost impossible to break them. I have also introduced Anchor Brand Shafts at a cost of more than double the ordinary shaft, but growth hickory and cannot be broken. You can have your horse driven and they will come out all right. Norway iron latches with Norway pillar seat rails, with Shifting Drop Back. This is a great improvement on nuts or wrench required. Can be removed in two seconds. When of a buggy a light appearance, and when on makes a comfortable seat. Every person that has seen it says it is "just what is required." It works like steel spring and is a complete job. As I am the only one in Canada making them, don't fail to see them work. I am using the Standard A Wheel the Brewster Shaft Plate, the Central Park Coupling, and many other improvements which space will not permit me to enumerate. Work gets on this way is sure to sell, and is selling, and don't you forget it. Orders coming in every day from all parts of the country. I sold every rig for a last year and business is booming, which proves that my work is getting the class satisfaction. Don't fail to see the SURREY CARRIAGE. A rig in want of a carriage should have one. Will carry a man and are easy and stylish. In my paint shop I use Valentine's Varnish. No cracking or scaling, makes a beautiful finish, and is in use in all leading carriage shops in Canada. In fact I am using the best material to be got in America together by first-class workmen, and I am determined to make my rig the quarters for first-class work of every description. Don't fail to see my guarantee my work and am willing to repair free of charge, anything that is wrong.

Repairing Neatly and Promptly Done. R. KYLIE, Lindsay, Feb. 25, 1936.

John Broad, Little Britain.

Goods Still Cheaper Than Ever.

J. BROAD'S, Little Britain.
