[Correspondence of The Post.] Some THORAH STOCK NOTES. - In a re cent issue of TRE Post we referred to the fine stock of Mr. J. R. Proctor of this place. By this we did not mean that there are no others of equal merit in the neighborhood, but not having the privilege of visiting others at that time we withheld notice until we were able to do so. Having a little leisure time we thought we could not be more profitably and pleasantly employed than making a trip to some other stock farm. With this in view we started out and landed at Mr. A. Jameson's, whom stock farm. With this in view we started out and landed at Mr. A. Jameson's, whom we find as hospitable and gental as ever, if not a little more so. We were conducted to his farm, where we found without exception ten of the beat fat cattle north of Toronto. They are all grade durham, moetly his own raising. He has in along with them his thoroughbred bull which he bought from Donald Grant of Mariposa. This is a magnificent animal, weighing nearly 2,500. He has been at the head of Mr. Jameson's herd for a number of years and has been replaced by a younger animal, also a thoroughbred. We understand Mr. Jameson's cattle are sold for a good figure. We would have been disappoiated had it been otherwise, as such stock always find a ready market at good prices when serubs over 1,600 lbs. when they go away, which will be some time about the first of May. We would advise our neighbors to see this lot of cattle as nothing will explain more clearly the benefits of careful breeding and good feeding... From here we drove to the farm of Meases. D. & A. ### A. Higinbotham. "OLD ENGLISH CONDITION POWDER."

Why is it that the above powder is reconmended by such reliable men as Josepi. Staples, Manvers; George Werry Manvers; Wm. Hancock, Mariposa; Dr. Fisher, Lindsay C. Quintal, Frenchman; W. Braden, Lindsay Henry Gain, Lindsay; John Cairns, Manvers Thos. Wetherup. Ops: etc., etc. The reasor is simply this that, that it is the most honest reliable, and harmless Condition Powder in the market to day. Rain or shine it won't hurt any animal. Tested and tried. Always does good and never does harm.

25 cents, or 5 for \$1.00.
