A case of curious if not criminal apathy in regard to the discovery of a crime comes from Long Point, Ont., where some time ago the body of a man bound hand and fort, with evidences of foul play on his head and body, was washed ashore, and buried by those who found it without any attempt of an investigation. without any attempt at an investigation. it now turns out to be the body of Mar-shall Pigott, a Malabide farmer who dis-appeared suddenly, and a neighbor has been arrested for the murder.

The Progress de Valleyfield tells of a man named Heriault of Riviers Verte, near Petit Sault, Madawaska, who, when out of his senses, hung one of his children only it months old. Although the Parnellite influence in many of the Irish municipalties will probably prevent a general official welcome to the Prince, and Princess of Wales, there is undoubtedly a widespread popular feeting in Ireland that the prince is a joly good fellow, and that Irishmen will discrete their reputation for preverbial hospitality if the royal visitors are insulted. Wherever the municipal authorities have refused officially to adopt an address of welcome a strong unsectarian welcome committee has been formed as an effect to their action, and as a means of giving the loyal residents full opportunity to express their devotion to the crown.

A member of a family need out in the morning and he returns no more, and the wife, or sisters, or children, as the case may be, suspect that another vicilm has been sent to the living grave of a Siberian prison. The last report of the commissioners of Rensian prisons tello a sad story. On the fit January, 1884, there were 26,500 porsons in confinement, and these figures do not include humates of the Caucawae and Saghailen prisons. Over 26 Years' Experience. The most suc-

cessful Dentist in this part of Canada

The Gold Alloy used by Mr. Neclands for artificial teeth is a grand success not with standing the false statements made about it by a Lindsay dentist, jealous of Mr. Necland's enterprise in buying the patent right. This individual exhibits to his patrons a piece of gross metal resembling soft sawder or lead, and tells them that it is a poison and the same as Necland's Gold Alloy, which is a falsehood, as the Gold Alloy used by him contains both gold and silver and no poison. Mr. Neclands inserts numbers of perfect-fitting sets of teeth for people in Lindsay, Ops. Mariposa, as well as in Manvers and other places, after this dentist had tried and entirely failed to give satisfaction. Black Rubber has been used by Mr. Neclands for the last 17 years. The "Only Genuine English Black Rubber" kept constantly on hand. Teeth inserted on any plate desired. In extracting teeth with gas it is a common thing for Mr. Neclands to extract from 10 to 15 teeth with one dose of gas and the person leaving quite well and strong Mr. Neclands made a special study of this gas under Dr. Colton of New York. The inventor, who writes to Mr. Neclands that he has given the gas to 136,713 persons without an accident. Teeth filled to last a life-time. One lady says she had her teeth filled with gold by Mr. Neclands over 15 years ago, and her teeth are all good yet. "The People's Dental Instructor," a book worth its weight in gold. Call and get a copy free. Office next door to R. Smyth's Store. May be found after hours at private residence, Mill-st., near Kent. Persons from a distance will please send postal card before coming
