LINDSAY, FRIDAY, APRIL 24, 1885.

LOCAL NEWS-LETTERS

LITTLE BRITAIN.

PERSONAL.—Mr. W. Hill and sister, of Fort Hope, also Mr. Thomas Clark of Cobourg, have been visiting friends here this week.

BUSINESS.—Mr. John Salles has sold his share in the wash and shale factory to Joseph Maund.

CHIPS.—Farmers making sugar. Fall wheat looks bad.

MANNERS STATION.

BAD ROAD.—The roads are almost impassable in this part of the country. Neither good wheeling nor riding.

QUIT.—Another old settler has passed away in the person of Mr. Edmund Morphet, aged 85 years. He has resided in Lindsay for a number of years. His son, Mr. John Morphet of Minden, has been here some time.

NEW ROAD.—The council have decided on having a road opened across No. 21 on the 8th con. to Mann's Station, which will be quite convenient to the travelling public as there was no public road to the station before.

REAL ESTATE SALE.—Mr. Wm. Craig has sold his farm to Mr. Carscadden of Clarke, for \$3,000 cash.

MINDEN.

THE REGISTRY OFFICE QUESTION.—It has been known for some time that an effort is being made by the people of the village of Haliburton to have a new registry office built at the village, and as it appears an appropriation has been made by the government for the purpose of building a registry office, it was thought that the government, through misrepresentation, might decide that the village of Haliburton was the most suitable place, consequently a meeting of reformers was held in the town hall, Minden, to-day, for the purpose of taking what steps might be deemed necessary to have the matter laid fairly before the government. After the matter had been discussed it was decided to appoint a deputation to wait upon the government to urge the claims of Minden as being the proper place for the county building. The committee consists of C. D. Curry and E. B. Adams. We trust now that the cause of a great deal of dissatisfaction has been removed all parties will unite to further the interests of this neighborhood.

NORTH BROOK.

FALL WHEAT.—The fall wheat here appears to be in a very bad condition. There was an unusually large breadth sown last fall, and every field that we have seen seems to have completely escaped injury, notwithstanding the long and severe winter. If the weather and other requisite conditions prove favorable during the remainder of the season, there will evidently be a full crop of this cereal this year.

FORUMATRY OF THE POST.—The Post is now enjoying its usual popularity in an eminent degree, owing to the full and authentic character of the war news it contains. In this respect it is regarded as superior to all the other city weeklies. The maps of the different seats of war are fine and reflect much credit on your enterprise. The illustrations now extending to different parts of our empire are especially interesting questions to every patriotic and intelligent citizen, and a journal cannot give any better manifestation of his enterprise and ability than by endeavoring to furnish his readers with the latest and most authentic reports concerning them.

MISS BROOKER.—Mr. J. Justice of Deserwillie, met with a painful accident a few days ago. It appears that he was driving a cow along the road when the animal became somewhat unmanageable, and in endeavoring to quiet it down he was thrown with such violence on the road as to break a number of his ribs. We understand that he is recovering as fast as could be reasonably expected.

RECOVERING FROM LOSS.—The bright, clear sun, and the light breeze of the past few days have caused the snow to disappear very rapidly, and to leave the ground very

the flickering embers of patriotism that had become almost extinguished in the breasts of many of our farmers, owing to the effects of the long continued period of frost and snow. Everyone, however, is now wearing a bright and cheerful expression, and it is expected that seeding operations will begin in a few days.

BRECHIN.

SAD NEWS.—A few days ago we were surprised to hear of the sad death of our young friend, Mr. W. C. Gilbert. During his stay here, from his tact in business and affability, he gained many farm friends. He was a promising youth, and had he been spared he would no doubt have made his mark in the world. He was beloved alike by all, and as a consequence his sad and unexpected death is most keenly felt by his numerous friends. Poor Billy Gilbert! He was one of the few almost without a blemish. Long will he be remembered by those who knew and loved him best.

SPRING GOODS.

The merchants are getting in their spring goods.

CANNINGTON.

SPRING HAS COME AT LAST and we are all glad of it.

TROWERING AND SHIRTING.—Hodgson carries off the bun for having the largest and choicest stock of trowering and shirting in English and Scotch tweeds and in black and colored worsteds at less than usual prices. Suits made to order and perfect. It guarantees.

OLD CAMPAIGNER.—Komasoff is waiting anxiously for the Gleaser's plan of operations, having read the latter's strictures on Woleley in Egypt.

MOST GOODS FOR LEAST MONEY.—If you want the most goods for the least money either in dry goods, boots and shoes, crockery and glassware, groceries, etc., go direct to Hodgson's cheap store.

FALL WHEAT IS LOOKING WELL in this section. None of it is winter-killed.

NEW HATS AND BONNETS.—Ladies, if you want a new hat or bonnet, trimmed both neatly and stylishly, you will find them at Hodgson's, Camington.

GRAND CONCERT.—The 34th batt. band intend holding a concert here on the eve of the celebration of the 24th of May. A choice program in the course of preparation, and popular amateurs will assist. The affair is in good hands and a very attractive concert may be looked for. The band deserves and should receive a bumper

SPECIAL TO THE LADIES.—I will give the three following prizes to the three persons respectively from whom I purchase the most eggs between the 1st of May and the 1st of October: 1st prize to be a lady's hat or bonnet, valued at \$3.00; 2nd prize, a set of dishes, valued at \$3.00; 3rd prize, a set of glassware, valued at \$1.00.

J. S. HODGSON, Cannington.

CENTRE ELDON.

BRIEFERS.—Neil Campbell of Palestine is busy preparing to burn another lime kiln this spring. We notice further west on the 3rd con. line that Mr. John Good had erected a lime kiln. We also note that Mr. Wm. McKee, on the 6th con., is going to burn a kiln as he has made five or six hundred bushels already. Surely there is going to be a rushing business in the building line when there are so many lime-burners starting up this year.

PERSONAL.—Mr. Leughlin McDonald has been spending a few days with his friends in Centre Elton during the Easter holidays.

Mr. Peter McWhab left for Toronto on Wednesday, 20th inst., with a view of preparing to study classics, so as to enter Knox college in October to study for the ministry. We predict for Mr. McWhab a bright future career.

Mr. Finlay McWhab has been on a visit to his farm. There must be some attraction there.

Mr. John U. Milloy of Emily has rented his farm in Eldon to Mr. John W. McInnis, one of West Palestine's enterprising farmers, for a term of five years. This is the second farm Mr. McInnis has rented of late.

We think he intends to run a stock farm also, as he has a fine herd of cattle and a thousand head of Durham bull calves two years old. Farmers of that locality can improve their stock now.

Mr. Andrew Miller has rented his "Chester Hill" farm to a young man named Cook, fresh as a prairie from the old sod. We wish him success in his adopted country.

Mr. Arch. McNeil has rented Mr. H. McNeil's farm on the 8th con. for a term of years. We wish them all success.

REMOVED.—Mr. John Bell of Lorneville section has removed to the vacant house on S. E. Duncan's farm, north of the village of Sandringham.

TOWN JOTTINGS.

ALL GATHERED.—The school children for bread to be left at A. A. J. SOANES' store, Kent.—7-1.

SEEDS.—All kinds fresh at HIGHINBOTHAM'S drug store.—3-3.

Dandelion Root Bitters.—Just try a bottle. It is the greatest appetizer and spring medicine in the market, 25c. At HIGHINBOTHAM'S drug store.—3-4.

MILK!—D. F. Houghton has sixteen cows giving lots of milk. Pump no good. Send in your orders for pure milk, cream or sour milk—delivered at low rates.—3-2.

The Lawn Tennis Club.—The annual meeting of the Lindsay lawn tennis club will be held at Mr. F. D. Mow's law office on Friday evening of this week at 8 o'clock. Routine business will be transacted and arrangements made for the summer season. A full attendance of members of the club is requested.

Full Wheat—George Galloway's Report.—I made a tour among the fall wheat about the back part of April and I never saw it in better condition. I see no winter-killing and I think there can be no harm come so late in the spring. However, it is better to be on the safe side. I saw over Mr. Galloway's some of the wheat which will yet be in full wheat. It is a fine crop and I think it will be a very good one. I saw some of the wheat which was sown with all its usual care. I think it is better to be on the safe side. I saw over Mr. Galloway's some of the wheat which will yet be in full wheat. It is a fine crop and I think it will be a very good one. Dandelion Root Bitters.—This is the name of the best bitters in the market, 25c. At HIGHINBOTHAM'S drug store.—3-4.

Literary Notes.—The editions of The Century Magazine are now so large that it has become necessary either to go to press at an earlier date or to stop the day after the last alternative has been accepted. The April number, the edition of which was 250,000 was distributed on the 25th of March. The May number, edition, 250,000 will be issued on the 1st day of May, thus insuring with the first number of the month a change which has long been considered desirable by the publishers, and which is believed will be heartily commended by the public. Future numbers of The Century Magazine will be issued on the 1st day of the month of which each bears date.

Young Men's Liberal Association.—A regular meeting of the above association was held on Friday evening, the 17th inst. As announced the subject for discussion was the new franchise bill, as passed by the Ontario government during the last session. Mr. H. L. Dunn in explaining the bill, stated that the system it introduced, the bill was attached on several points by Mr. S. W. Broad, who nevertheless said it was a great advance. Mr. Stewart taking up several points in the bill considered it on the whole good, though open to objections in some respects. Mr. R. A. McLaughlin contended that manhood suffrage would be an advance on the spirit of the bill. The measure was defended as to many clauses by Mr. G. H. Hopkins. Dr. Burrows, the chairman, in summing up agreed with all the speakers that the bill passed so heavily on students, who are for the most part left out. The next meeting will be held on Thursday, 7th May. Subject: The Afghan difficulty. Readings, essays, etc., by several members.

Ancient Order of Foresters.—The recently organized Court Victoria No. 7,142 Ancient Order of Foresters held their second meeting on Tuesday night last. The following new members were initiated: Joseph Killaly, J. H. Lennon, John McInnis, Charles S. Boyd, John Petty, Fremont Crandell, John McHugh, James Stewart, Joseph Killaly, George A. Lytle and the following were accepted: David Harman and J. C. Smyth, making a total of some thirty-one members. As a mutual benefit society the Ancient Order of Foresters offers peculiar advantages, and this lodge has in its rapidly increasing membership a very substantial assurance of success. In connection with this order there are 4,000 courts in Great Britain, 3,500 in England and Wales. In the United States there are very numerous and it is rapidly increasing in Canada. Hamilton has four courts and Montreal and in Toronto there are eight. The supreme court has to its credit \$2,027,007 sterling, a pretty substantial backing. We wish the new lodge every prosperity.

Regarding a Trustee Contest.—Some people have a curious idea about writing to the papers. A resident sends us a communication regarding a trustee contest in which an opponent is referred to as follows: "So deeply has this wretch sunk in the murky water of degradation that he is unable to stand upright, and an archimedian moral lever to him, with heaven for a fulcrum, he could not lift a thousand years of sin." We also note that Mr. Wm. McKee, on the 6th con., is going to burn a kiln as he has made five or six hundred bushels already. Surely there is going to be a rushing business in the building line when there are so many lime-burners starting up this year.

THE GRAND IMPORTED NORMAN PERCHERON STALLION "CHAMPAGNE," will stand for service during the season of 1885 as follows:

MONDAY, May 1st, will leave his own stable, lot 14, con. 3, Fenelon, and proceed to Cameron for noon; thence to Carr's hotel, Lindsay, for night. TUESDAY, will proceed to John Cross's, Mariposa, for noon, thence to Cambridge for the night. WEDNESDAY, will proceed to Glenora for noon; thence to the night. THURSDAY, will proceed to James Achiator's, Verulam, for noon; thence to Cullion's Hotel, Bay-Coyne, for the night. FRIDAY, will proceed to C. Curtis for noon; thence to Ingram's hotel, Fenelon Falls, for two hours; thence home. The above route will be continued during the season, health and weather permitting.

CHAMPAGNE is 4 years and 6 months old. He is 14 hands in height and weighs about 1,000 lbs.; is a beautiful dapple grey with fine action. For pedigree see Dunham's Stud Book, which is always carried with the horse. For terms see large biller card.

TESTIMONIALS.—I used the above horse for two years. I showed my colt at Fenelon show and was awarded first prize, also a special prize from Mr. Day. I have since shown him at all the best shows. Mr. Day's colt from the same horse taking first prize. I can heartily recommend him to the public. RICHARD ANNEAU, Verulam.

I used the above horse in 1883 to two mares and raised two colts. One of the mares was owned by the horse and was decided to be the best two colts ever raised in this country. I used the above horse in 1883, but did not in 1884, as I did not like my colt when young, but now I am satisfied it is the best colt I ever raised. I think he is the best stock-keeper ever raised in this country. When he was young, but now I am satisfied it is the best colt I ever raised. I think he is the best stock-keeper ever raised in this country. JOHN BROWN.

I used the above horse in 1883 to three mares, raised three colts and sold them when wanted at higher prices than any other horse's colts would command at the time, although the mares were with them at first. D. S. WILCOX, Fenelon.

I used the above horse in 1883 to two mares, and raised two colts. They were small when foaled, but they grew remarkably fast for the season. He felt it his duty to show his colts, and he showed them at the Fenelon show and took first prize in heavy colts. AFGHANISTAN.

One of the first requisites to put a soldier in good marching trim is to place the very best possible boots on his feet. The British soldiers now being massed in Afghanistan
