

COMFORT AND ELEGANCE COMBINED AT THE CITY STORE.

FASHION.

Nothing makes so much difference in a lady's appearance as the style of her Head-Dress. It may mar her whole future should she meet him at a critical time in an unbecoming hat.

SPRING CLOTHING.

The denizens of the forest discarded their winter clothing several weeks ago. The denizens of Lindsay however, have not followed this good example.

Now nature never makes a mistake, she does the proper thing in the proper manner invariably. The meanest atom in her economy is as properly clothed as if it were a prince.

Shall it be said that the lords of these atoms are less carefully looked after? Shall a man—a man with a vote perhaps—go less comfortably clad than a beast of the field? No! Not while the City Tailoring House of Lindsay holds out at all events.

In connection with the above we beg to state that our stock of Imported and Domestic Woollens for Suits and Trousers is tremendous, while the style, fit, and finish of our garments is perfection. We shall have much pleasure in enquiring whether Nature at—well a trifle under current rates.

WATERPROOFS.

Precaution is better than cure. One Waterproof Coat may save many doctor's bills. We've nothing against doctors, but in the interests of humanity we beg to suggest that one of our rain proof coats is infinitely superior as an investment to a dozen boxes of pills. Therefore buy a waterproof and set rheumatism at defiance.

SCOTCH CAPS.

Just received (from Aberdeen by sea) all the latest styles and of course the lowest prices.

We would particularly recommend mothers, whose darlings have been in the habit of banging a cap to pieces every two weeks, to try one of the new arrivals.

An umbrella is a good thing to shed rain, that is if it is a good one, and the owner has come by it as he should. The inference is that a great many are borrowed, and the man who borrowed from left without among all classes, but it is a fact which cannot be ignored. We have to advise therefore to step into the breach by agreeing to sell you any kind of an umbrella your finances will warrant.

It is popularly supposed that the silk worm was originally invented specially for the ladies' benefit, and the opinion prevails that they have kept to their work with increasing regularity during each successive season from time immemorial up to the present.

It is not known whether Noah captured a couple of silk worms the time of the flood and led them into the ark by the ears, but one thing is certain—they exist.

If you wish to verify the above statement call at the City Store and inspect their immense stock of manufactured Silks and Satins in black and colors.

It will be a proof that the silk worm does exist, and the inference you will draw from the low prices (unless you are correctly informed beforehand) is that the City Store must have a special contract with the silk worm to enable them to sell so cheap.

EMBROIDERIES.

We still have a great variety of patterns in Embroideries which we have no hesitation in saying are the cheapest and best value we have ever shown.

Spring is here, Carpets are in demand and the spot buy is at the City Store.

Giving up the Prize Money. At the central exhibition of 1884 a prize of \$5 was offered by the directors for the best collection of amateur paintings, the pieces exhibited to be the work of the exhibitor. The prize was taken by a lady who showed some very fine specimens. At the time it was suggested by one of the judges that the work shown could hardly be the actual work of exhibitor, but upon being questioned she admitted at once that those pictures were not painted by her, but I thought and he knows what she said, "I am sorry I did not do it, there were two of them that I did not do. It was my teacher that gave them to me, but as I told you before I did not for one moment think I would get the prize." Enclosed with the letter was the prize money, \$5. The directors after consideration decided to award the prize to Miss Clara Brewster. Her teacher's work, shown at the same exhibition, being thought nearly equal to that which obtained the prize. Miss Brewster was no doubt, disappointed by the work shown by the exhibitor, but her teacher gave me. Miss Brewster is writing to me and says that she "guesses that such a person was a true Christian." There is room for quite a doubt about that, as if it were a Christian to get the conscience of a "true Christian" to witness to the dishonesty of a fellow being of the work of others for their own the directors will have to make exhibitors vouch for the honesty of their productions.

Carrots! Carrots! Extra large field Carrot seed at HIGNORTHAM'S drug store.—38-3.

Base Ball Notes. The Lindsay base-ball club begin practice on the high school grounds next Monday evening.

A base ball match has been arranged between the "Silver Stars" of Peterboro and the Lindsay club, to come off on the Peterboro grounds, 20th May. We hope our boys will show as good a record as last year.

On Tuesday evening of last week the members of the Lindsay orchestra waited upon Miss Leary for the purpose of thanking her personally for her services at the concert lately given under her management, and of presenting her with a slight memento of the occasion. Mr. Dingle, one of the members of the orchestra, read a very flattering address, and expressed the hope that Miss Leary would accept the accompanying piece of plate as a reward for services rendered, for it would be wholly inappropriate, as a tribute to a talented and accomplished musician, to make of her happy would accept the reward of bringing happiness to herself. Mr. Dingle then presented Miss Leary with an engraved silver cream pitcher. Miss Leary made a suitable reply, thanking the orchestra for their visit and evidence of affection, and the orchestra, accompanied by Miss Leary and the pianist, then performed a selection of music, which was well received by Mr. and Mrs. Leary received due attention.

Have Locks for the Lindsay Volunteers. We are requested to state that a meeting of ladies will be held in the council chamber, Lindsay, this (Friday) afternoon at four o'clock for the purpose of making have locks and mosquito nets for the members of the Lindsay company north with the Midland battalion in the Northwest.

In Toronto a large fund has been raised to send comforts and necessities to the Toronto men in the field, and it is felt that suitable steps should be taken here to make some additional provision for our gallant soldier-boys now in hazardous service at the front.

It has been suggested that a collection-box, suitably inscribed, should be placed at the post-office or other prominent place for the reception of contributions from 10c. to 25c. for the purpose of purchasing any additional luxuries that may be required. Large numbers would willingly contribute small sums in this way. If this or some similar plan should be adopted to-day those who are in town to-morrow can look out for an opportunity to make their contributions.

At the recent convocation of Queen's university, Kingston, the degree of D. Sc. (doctor of science) was conferred on Rev. Mr. McTavish, pastor of St. Andrew's church, Lindsay. Mr. McTavish's papers or these were of marked ability.

Mr. Geo. A. Bigelow, son of Mr. O. Bigelow of this town, who has been attending Eastman's business college, Poughkeepsie, N.Y., during the winter, has returned home, having taken the usual course and graduated.

Mr. W. G. Bigelow, eldest son of Mr. Silas Bigelow of Lindsay, has graduated M.D. C.M., at the Toronto school of medicine (Victoria university) with very creditable rank. We congratulate Mr. Bigelow on his success.

We regret to learn that Mr. Wm. Needler, son of Sunday morning was taken with a severe stroke of paralysis in his left side. Although the best medical attendance was at once procured and every exertion made to give him relief no improvement in his condition is yet noticeable.

Mr. G. G. Mills, a former teacher at Lindsay and other places in this county, has recently received the degree of B.A. at Queen's university, Kingston, and is now in his first year in divinity. Mr. Mills has done remarkably well, considering that he has not had a full year during the term of St. Andrew's college, and is a very able person of the time to teaching. Mr. Mills goes to the summer session at Queen's, and will be bell of Fenwick. Mr. Mills' friends will be gratified to learn of his success.

Throughout the county and adjoining territory many minds are excited by the general excitement and interest in the Lindsay election. On Tuesday night while being on a railway train he was taken with a severe attack of paralysis, and he was carried to Lindsay, where he was taken to the hospital. He was taken to the hospital, and he was taken to the hospital, and he was taken to the hospital.

On Saturday evening of last week, upon the invitation of the president, Mr. M. M. Boyd, the members of the Bobogean curling club assembled at the Forest house and sat down to a dinner and a strong tea. Every member of the club was present. It was a very successful evening, and the president, Mr. J. G. Edwards, was elected president, supported him at the other end of the table. The chair had on the right Mr. Edwards, and on the left the winner, Mr. Dingle. According to custom the curler's dinner is roast beef and greens, and a supply of cabbage, green peas, lettuce and radishes were obtained from Toronto. Upon arriving at the dinner the chair led off with a toast to the club and for two or three hours the company revelled in toast, song, sentiment, wit, anecdote, humour and a strong tea. The evening was a success, and a strong tea. The evening was a success, and a strong tea.

The program rendered Wednesday evening of last week by the pupils of Loreto in honor of the festival of the Rev. Mother Macchida, the beloved head of the institution, was of a pleasing and varied character. It demonstrated in a very satisfactory way the thorough training of girls and young ladies receive in musical and other accomplishments, while the excellent standards of the academy and the government examinations shows that high and other school work is accorded careful attention. The program included a vocal chorus, a piano solo, an instrumental duet, a greeting to Bishop Japote, a vocal chorus, effectively done; "Loreto in the past," an original dramatic sketch, and the Miss Alice Cogran and Miss Helen Foote, admirably recited by Miss Alice Cogran, the little children's song and "dialogue" were charmingly rendered by the little ones; a number of instrumental pieces, all well played; recitations; "The Madonna's Penitence," by Miss Edith McWarren; "The Convent Choir," by Miss Edith McWarren; and "The Convent Choir," by Miss Edith McWarren; and "The Convent Choir," by Miss Edith McWarren.

The program rendered Wednesday evening of last week by the pupils of Loreto in honor of the festival of the Rev. Mother Macchida, the beloved head of the institution, was of a pleasing and varied character. It demonstrated in a very satisfactory way the thorough training of girls and young ladies receive in musical and other accomplishments, while the excellent standards of the academy and the government examinations shows that high and other school work is accorded careful attention. The program included a vocal chorus, a piano solo, an instrumental duet, a greeting to Bishop Japote, a vocal chorus, effectively done; "Loreto in the past," an original dramatic sketch, and the Miss Alice Cogran and Miss Helen Foote, admirably recited by Miss Alice Cogran, the little children's song and "dialogue" were charmingly rendered by the little ones; a number of instrumental pieces, all well played; recitations; "The Madonna's Penitence," by Miss Edith McWarren; "The Convent Choir," by Miss Edith McWarren; and "The Convent Choir," by Miss Edith McWarren.
