Having bought out the findings and manufacturing interests formerly owned by Mr. R. McNeilish I beg to state that I will open out in the shop formerly occupied by Mr. Geo. Smith.

I will make up in the very best styles all kinds of Gentlemen's and Ladies' Boots and shoes to order. The best materials always kept at a fine stock of selected leathers.

I will ask my friends and the general public to give me a trial, and that those whom I have served in their satisfaction will give me a call.

Women's Christian Temperance Union. [To the Editor of The Post.] Mr. Wm. Will you kindly permit me through your columns to say a few words relative to the Women's Christian Temperance Union, an auxiliary of which was formed here some time ago by Miss Bowen. The object the society aims at is to rid the community of the influence of the Christian women throughout the Dominion in the cause of prohibition. We would be glad to have a hearty response from the ladies in this town, therefore very cordially invite all who feel an interest in this matter to join us in our next meeting on Monday afternoon, 1st June, at four o'clock, in the young men's room, Hamilton's block, Kent-st.

Donor's PLAYERS.

A Missions Societies Celebration. Now that the backbone of the Kiel rebellion is broken the volunteers on duty may be expected to be home from the war shortly. It would be a capital idea to set on foot the project of a grand celebration and reception to the soldiers returning to be held at some point in the Niagara district, say at Fenton, Fort Hope or Lindsay, which place could be readily reached by rail from all points in the Niagara district and which would be a most fitting and profitable occasion for the whole country. The object of the celebration would be to show the government in our debt for the services rendered by the soldiers in the cause of the Empire. A very satisfactory way of accomplishing this object would be to set on foot a grand celebration and reception to the soldiers returning to be held at some point in the Niagara district, say at Fenton, Fort Hope or Lindsay, which place could be readily reached by rail from all points in the Niagara district and which would be a most fitting and profitable occasion for the whole country.

A Good Deal of Soap. Nearly a cartload of soap, all kinds, which we are selling by the box at less than Toronto wholesale prices. Call and see these soaps and you will not fail to buy.—41-3.

On the Queen's Birthday. No local demonstration of a public character was made, as it was generally felt that a holiday further on when farm work was further advanced would give the people in the country a better opportunity to enjoy the day. Full particulars as to the rules, etc., have been made with a view to trying to make the day as enjoyable as possible. The celebration at Lindsay was all over by 10 o'clock. The day was one of great enjoyment in town and was well observed.

Misses' Association Meeting. Today (Friday) the association range, just west and south of the town, will hold the first annual competition of the association. Matters connected with the departure of the troops for the Northwest necessitated a postponement from a date that had been fixed earlier in the season. However, the opportunity is now here to try to make the day as enjoyable as possible. The celebration at Lindsay was all over by 10 o'clock. The day was one of great enjoyment in town and was well observed.

—The town council propose to hold the usual regular and monthly meeting Monday night. Special meeting Wednesday evening following.

—Mr. A. Simons of Ope has a stallion of the "Young Hero" stock imported by Mr. W. Seidler. Young Hero Jr. is worthy the name of the sire and who wish the famous Suffolk Punch breed.

—The court of revision met yesterday and deliberated on matters coming under their jurisdiction. Mayor Walter, Justice G. W. Taylor, Winters, Connolly, with Reeve Walters—who was absent—composed the court.

—A south ward citizen who owns a successful lawn mower recklessly leaves the implement out over night. Some mowers should be taken away and not brought out in the morning. It had time to dry the grass. So think his neighbors who hear the clatter-click of the concern after 10 p.m.

—In the list of subscribers to the volunteer aid fund the name Mr. H. Walters should have been down for \$5 instead of \$10. By some oversight the name of Rev. J. W. Jones was omitted from the list. Some other errors may have occurred. If we would be informed, so as to make corrections.

—Baker Bates' bread cart is an extremely dangerous vehicle—that is, in the colors in which it is painted. It is a disgrace to the town. It is a new one and a credit to its enterprising proprietor, Mr. John Bates, sen. A wheat shaft recently painted on the door is a disgrace to the town. It is a disgrace to the town. It is a disgrace to the town.

—Mr. G. W. Beal, watchmaker and jeweler, Kent-st., has just received a very handsome fire and burglar-proof safe from the factory of Goldie & McCulloch, Galt, Ont. The safe is a fine piece of machinery, of sturdy construction and very fine finish. By placing the safe in a suitable position and providing a track on which it can be moved it can be pushed out into the street in a few minutes.

—A reader of THE POST living in New York, formerly a resident of Lindsay, writes: "Enclosed please find one dollar, which you will oblige by adding to your collection for the relief of the Midland boys engaged in the Northwest rebellion. Hoping for a speedy nullification of the insurance and trusting the Lindsay 'boys in red' will come in for a share of the honor, believe me, a Canadian at heart thinks across the border."

—On Saturday night some lace and curtain goods hanging in the window of Dundas & Flavelle Block, were caught fire from the gas jet and for a few minutes the place was filled with fire and smoke. A pall of water judiciously applied put the fire out. Goods to the value of about \$50 were damaged. The fire was caused by the gas jet which was not properly adjusted. The fire was extinguished by the fire department.

—An Ottawa telegram to the Montreal Gazette of Wednesday says: "It is understood that a large timber limit on the north shore of Lake Nipissing changed hands in this city the other day. The seller was Messrs. Messon Boyd & Co. of Montreal, and the purchaser was Lake Nipissing, which will be used to log the logs to the head of the lake."

—Lindsay keeps to the fore. Curlers, volunteers, cricketers, lacrosse players, and all well as less Dr. Burrows' black and tan pug puppy. This now celebrated terrier was entered by Dr. Burrows at the recent meeting in Toronto, and took a very good second in the open class and first prize in the special class. The dog is a fine specimen of the breed and is a credit to the owner.

—On Tuesday evening last when Dr. Lowe and Mr. McDonald, contractor of Fenton Falls were returning home from Lindsay, and were passing through the bridge one of the hind axle broke at the shoulder of their conveyance, both men being thrown. The horse was injured and frightened started homeward across the bridge at a furious rate. Just when opposite Mr. John W. Alder's house the horse and carriage happened to be there with his horse and buggy still in the situation. Happily the horse was not hurt and the carriage was not damaged. The driver was not injured.

—It is reported that the proprietors of the Montreal Gazette have been ordered to pay a fine of \$100 for publishing a libelous article against the Lindsay 'boys in red'. The article was published in the Montreal Gazette on May 15th, 1936. The article was a scathing attack on the Lindsay 'boys in red' and their activities. The proprietors of the Montreal Gazette have been ordered to pay a fine of \$100 for publishing the article.
