RECEPTION OF THE MIDLANDS.

The Port Hope and Peterboro papers have heartily supported the Port's suggestion.

THE SENATE AND THE SCOTT ACT AMENDMENT.

The action of the senate in ignoring the Scott act amendments permitting the sale of light wine and also in continuing to refuse to receive general and strong resolutions.

AN EXTRAORDINARY CLAIM.

It has quite recently been developed that nearly a year ago Sir John Macdonald allowed and paid a claim of the Mississauga Indians amounting to about \$15,000.

THE RIEL AMNESTY.

So many falsehoods have been printed by the subsidized Tory organs regarding the conditional amnesty granted to Riel while Mr. Mackenzie was premier.

DOMINION NOTES.

The first vote of \$2,000 for the rebellion has been expended, and Minister Green has asked for a cost million, without any guarantee that more would not be required.

EDITORIAL NOTES.

The official statement gives the majority for the Scott act in France as 74.

It is estimated that by Sir John Macdonald's franchise bill 225,000 white men, mainly young men, and the rising hope of the nation will be disfranchised.

Mr. Fairbanks, in a recent speech on the franchise bill, said he could not explain the silence of the supporters of the government.

There is much solid sense in this comment by the Toronto Telegram: "Talk of war between foreign powers may be exciting, but after all the bit of land which the Irish tenant or the Scotch crofter tills for a bare subsistence is more important to him than the delimitation of a boundary line in Afghanistan or the assertion of a principle in the Sudan."

The Orange Sentinel defends the franchise bill on the ground that a large number of the Indians have joined the Orange society.

The Ottawa Sun says: Now that Riel is caught the question arises—"What shall we do with him?"

Make him a senator? Make him a minister? Give him a seat in the cabinet? Let some resign in his favor? Shoot him? Make him high commissioner? Let him go? Make him chairman of the Malcom Stuart? Give him a fair trial? Make him governor of the Northwest? And let him try Dewdney by court-martial in the Scott?

Give him a situation on the C.S.? Give him a post on the C.S.? Give him a post on the C.S.? Give him a post on the C.S.?

We take the following interesting and valuable contribution to the wages of farm laborers from the report of Mr. A. Blue, the able chief of the Ontario bureau of industry and statistics.

The supply of farm labor this year seems to be fully equal to the demand, and the rate of wages for the working season is less than for last year. Following are the average rates per month for the two years, for groups of counties:

Table with 4 columns: County Groups, 1884, 1885, 1884, 1885. Rows include Lake Erie, Lake Huron, West Middle, Lake Ontario, St. Lawrence, Ottawa, Northern Ont., and For the province.

Last year about 3,000 self-binders were sold to the farmers of Ontario, and the effect of introducing so many labor-saving implements was seen in the material lowering of harvest wages.

According to a cable despatch the London Daily News announces on the highest authority that Russia's reply to England's counter-proposal received last Friday involves the acceptance of the proposals and practically settles in a satisfactory manner the whole question of the Afghan boundary.

Mr. Gladstone has crowned his illustrious career by again rendering the country the best service which he can render, now that peace is secured, namely, to come to war; neither more obstinately nor with less determination could he have done so.
