TEA MERTING.—The Presbyterian congregation at Sonya will have a tea on July list. Preparations are being made. The choir have commenced practice and a good time may be expected.

Presenvation.—On Tuenday last Mrs. D. McTaggart presented her husband with a new voter—in prospective—whose right to vote will not be affected by any legislation on the women suffrage question, and who, it is hoped, will swell the conservative ranks sometime under the regime of the revising barriater. The conservatives are of course jubilant, and the reformers—well, one of them notes with pleasure the fact that there is nothing at present to mar the opposite party's prospect.

NARROW ESCAPE.—While Mr. Jacob McBrien was on his way home on Wednesday he was thrown out of his wagon after crossing the railway on Sturgeon-st. He was badly atunned by the fall and would have undoubtedly been smothered in the sand had it not been for the timely assistance of Mr. Hart Williams, who witnessed the secident, and helped him out of his dangerous position. As it was he received severe bruies and cuts.

O. Y. B. Picnic.—The picnic in Mr. Jas. Magee's grove under the auspices of Wellington True Blue lodge on Wednesday last was the best ever held in Omemee, there being a large crowd present and everything passing off in a charming way. The large and beautifully decorated tables fairly groaned under the load of good things. The sports were well carried out and could not fail but please all. A large rostrum was built for the orchestra and in front was the platform for dancing, which was kept up all afternoon and was much enjoyed. The music furnished by Mesers. Hawthorne, Bates, Morrison, Bradburn and Howard was much admired and gave the greatest satisfaction. The committee did all in their power to make the picnic as engreatest satisfaction. The committee did all in their power to make the picnic as en-

all in their power to make the picnic as enjoyable as possible.

Cow Killed,—On Wednesday last Mr.
George English had a valuable cow killed on the missing link between Laidey's storehouse and the bridge. Mr. English will try and recover the price of the cow from the railway company. Our council should take some action in making the railway authorities put the crossings and atreet in a proper state of repair, as they are now in a most dangerous condition.

Interesting Stock Sale Case.—At the county court, Whitby, last week was tried the case of Stone v. Swaning, which is of interest to farmers. The parties are farmers in Reach. The plaintiff had a sale of farm stock a short time ago and defendant purchased a mare thereat for \$130. Upon taking the animal home defendant discovered her to be unsound, and at once returned her to plaintiff's place and left her INTERESTING STOCK SALE CASE.—At the taking the animal home defendant discovered her to be unsound, and at once returned her to plaintiff's place and left her there. Defendant repudiated the purchase and, refusing to give his note according to the terms of sale, defendant sued for the full amount of the purchase money. The question for the jury to find upon was: was there a warranty or not. The defendant called a number of witnesses to prove they heard the plaintiff warrant the beast at the sale. This the plaintiff and his witnesses as fiatly denied. The case lasted all day. The jury found there was a warranty and a breach and allowed the plaintiff \$65. Costs reserved. H. L. Ebbels for plaintiff; J. A. McGilliaray for defendant.

The County Poor House Question.—
This question was again up before the county council and received the six months' hoist. The editor of the Beaverton Express makes this interesting contribution to the literature of the subject:

"The principal feature of discussion at the last meeting of the Ontario county council cil met on the evening of Tuesday, leth inst., for the purpose of finishing the court of revision and for other purposes. The members were all present. Our newly: letted member, Mr. J. S. Whetter, having taken the declaration of office and qualification took his seat. The collector of young men's poll tax handed in his report and having made some explanations with regard to some who objected to pay was instructed to proceed to collect the money from two of them. On motion \$2 was refunded to one who had paid, he being otherwise assessed. The council them formed themselves into a court of revision, the reeve in the chair, when the following cases were disposed of, namely: R. K. Killaby, who was not present, so his assessment resided \$100. W. H. May, name put on as tenant; Gainor Gifford as tenant; W. J. Realms se tenant; issual them adopted.

TRENT VALLEY CANAL.—Last Wednes-

day the temporary bridge across the canal was raised and shifted about forty feet on to the finished portion of the lock walls in order to allow the other part to be completed, which will be about the last of July. The bridge was first lifted so that greased sticks of timber could be put under it, and then by means of a derrick at one end and then by means of a derrick at one end and horses, ropes and pulleys at the other is was slid the required length without much difficulty. There are at present about fifty men employed on the canal here and half that number at the Bobcaygeon quarry preparing stone, which is towed up to the Falls in scows by the Mary Ellen, which a few days ago anunkily broke through the a few days ago spunkily broke through the boom that attempted to stop her. The lock gates, for which everything is now ready, are to be put in by the government; but when a commencement is to be made upon them we are unable to learn. The heaviest mason work yet to be done is on the north side of the upper lock, where a double wall is to be built to divide the canal from the raceway; but Mr. Macdon-ald expects to have it completed in about six weeks. Above the locks the canal has be some work to be done to it in 1886, Mr. Macdonald has no doubt about getting his contract completed before winter; but the lock-gates and the swing bridge are not in

it, and so far we have no word of a com-mencement upon them being made. A HEAVY HALF-DOZEN.—At Kinmount on Wednesday last at Scott's hotel the fol-lowing individuals happened to meet tolowing individuals happened to meet together: Gilbert Scott (the landlord), Searl Scott, Charles Scott, Wm. Dunbar, all of Kinmount; James Switzer of Bobenygeon and James J. Power of Fenelon Falls. The whole six being unusually heavy men the conversation naturally turned on weights, and after a while they went to a scale to see how they would pan out. Dunbar weighed 250 lbs., G. Scott, Power and Switzer 221 lbs. each, C. Scott 212 lbs. and S. Scott 208 lbs., making an aggregate of 1,333 lbs. and an average of 2221 lbs. If Mesers. Switzer and Power went to Kinmount to live how that little village would brag.

FINED. -On Thursday of last week Adam Stockdale, a laboring man who lives in the township of Fenelon went home drunk the township of Fenelon went home drunk and abused his wife so badly that she took refuge in the house of Samuel Hill, a neighbor. Her husband followed, and in the course of the squabble that ensued struck Hill, who next morning came to the Falls and took out a summons against Stockdale for assault and battery. As Stockdale decamped as soon as he found that he was likely to get into trouble all Constable Nevison could do was to leave the summons at his house, and on Monday morning the case was disposed of by Magistrate Dickson, who fined the absent defendant \$10 and \$3.70 costs, but he will have to be found and captured before he can be made to pay the amount or work

fendant \$10 and \$3.70 costs, but he will have to be found and captured before he can be made to pay the amount or work it out in gaol.

BAD ACCIDENT.—Last Saturday Mr. Mc. Kone of the Fenelon Falls tannery met with an accident which will probably leave a sear on his countenance for the remainder of his days. While he was engaged in cutting cordwood in half at a circular saw driven by the tannery engine the steam got too high and a stick or part of one, Mr. Mc. Kone doesn't know which, was thrown from the saw and struck him with such force that a deep gash was cut over his lett eyebrow and down both sides of his nose, the bones of which were broken. He was partially stunned but not knocked down; and when he recovered he went to his residence and sent for Dr. A. Wilson, who dressed the wound. Mr. McKone is doing as well as could be expected.—[Gazette, HUILDING.—Quite a number of new buildings are going up. The largest is the new schoel house south of the river, which fanow up to the first storey. It is of stone, 45x32 and 27 feet high. The contract was let to Mr. Inkpin, who is building the

wells, and the corporary work is being done by Mr. Edward Haw. The contract price is \$2.100. ... Mr. H. Austin in building is likely developed as a contract of \$1.500. From contract on taking take for Mr. A. St. Goorge, Mr. G. Gudbell and Mr. Thomas Healey. Mr. John A. Ellis is putting up a building that will provide suitable rooms for the mechanicy institute.

MINDEN. Smor His Tox.—David Rose of Saowden was going out bear hunting on Saturday evening with a Winchester rifle, which he carried under his arm. He forgot to uncock the rifle and it went off and sent a built through his big toe. He came to Mindon and got his toe dressed. Another miraculum accesses.

Minden and got his toe dressed. Another miraculous escape.

ACCIDENT.—On Saturday last while Geo. Shraeder was grinding some planing knives at Stinson's grist mill the bolting shaft caught in his shirt sleeve, tearing his shirt off and winding it up until his trousers were also caught. The latter articles were teo tough to be torn and the young fellow was taken up and wound round by the shaft until the gearing was stopped by Master Fred. Stinson, whose presence of mind probably saved Shraeder's life. As it was one of his legs were broken and he received several severe injuries.—[Echo.

SHEEP KILLED BY DOGS .- A gang of starving curs attacked the sheep in the Ray settlement on the west side of Mud Lake and left twenty victims dead on the lake and left twenty victims dead on the fleid. They were steadily pursuing their bloody destruction when checked by several bullets from Mr. J. Hodgins' rifle. Those dogs are running at large yet, and are either being hushed up by their owners or else they came from a distance. The matter should be carefully investigated. The damage would be lowly placed at \$100.

at \$100.

ROAD REPAIRING. — Information has reached us to the effect that the Mara council intend repairing the road between this place and Brachin this season. This will add greatly to the comforts of the farmers about the lake. As Brechin is our sole grain market and our ladies do a great share of their shopping there we think that it will well pay Mara to lay out some money upon this road to secure the amount money upon this road to secure the amount of extra business that they would receive from around the lake. Brechin requires the trade from this place and they should do something to secure it.

SUNDAY SCHOOL ANNIVERSARY.—The Zion people heid their Sunday school anniversary on Sunday and Monday, the 7th and 8th of June. The Cartwright praying band conducted the morning service and in the afternoon the pulpit was filled by the Rev. J. J. Ferguson, B.A., who delivered an eloquent discourse, taking as his text Job, xix, 25: "I know that my Redeemer liveth." The church was crowded during both services. On Monday morning the weather was not as favorable as could ing both services. On Monday morning the weather was not as favorable as could be wished for, but about noon the sky began to clear and in a very short time the clouds had all disappeared, and by the time the program started the church was again filled to its utmost capacity. The program, which consisted of dialogues, recitations, music and speeches, was well rendered and reflected much credit on our worthy superintendent. Mr. Wm. Magger ONTARIO COUNTY.

Acquirered.—The charge against John Long of being connected with the gang who stole a lot of merchandise from the Grand Trunk Railway Co. last winter was investigated at the apring assizes in Whitby last week before Judge Burnham and a jury. The prosecution falled to bring forwhich contains everything that could be crammed into the bill without bursting it or using smaller type; and there can be no cused, consequently the jury acquitted to be consequently the jury ac justice was done, and it was found that so liberally had they provided for this tea that there were plenty of provisions left for a social, which was held the following Wedneeday evening in the church, at which eloquent addresses were delivered by Revs. Down and Calvert and Mesers. Swain, Suggitt, Maybee and Devitt. Every one present expressed themselves as being well pleased with the evening's proceedings.

PLAIN TALK TO FARMERS!

BUGGIES and WAGGONS.

I want to make a plain statement to the farmers and horsemen of the country. I don't believe that blowing does even a little good.

I am to-day the oldest, the best, and most experienced mechanic in the town of Lindsay in the carriage and waggon business. My work is known to be the best, and I have had many testimonials to that effect.

Come in and see the NEW MAGIC JUMP SEAT BUGGY. The best without exception-light and handy. It is as good as a two-seated buggy or carriage.

I have the best COIL SPRING Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies, and all other than the best COIL spring Buggies; good Phætons; good piano box Buggies Buggies; good Phætons; go I turn out the best Buggies of any made in the three counties. For material and work I can't be beaten.
