ad affliction. CLOSED. Our blacksmith shop is closed for some time. Mr. Fraser went north to look for work. LUMBER.—Mr. Reid is doing quite a business in the lumber line. He keeps every description of building material on hand

cheap and finds ready sale. LIVE STOCK SEIPMENTS,-Mr. Micholas Weldon has shipped two carloads of pigs, sheep and cattle lately. Mr. Weldon deserves credit from the farming community in this section, as he has paid good prices for every animal purchased, and we trust he may long see his way clear to deal in our midst as he has proved himself a gen-

tleman. GRAIN is moving slowly here. A great many tenants will not have enough wheat to dispose of to pay their taxes. Several who would have all they could do to meet their

engagements were crops good will no doubt have a hard time to pull through at all, if such a thing is possible.

PERSONAL.—The McDougall family have gone to Torento. Mrs. McDougall and her daughters will live in Toronto and Gilbert daughters will live in Toronto and Gilbert will go to Texas with Robert, where three more brothers are now living. We wish them well and hope they may all yet return as Robert did with a sack containing over \$3,000 in gold. OUR SCHOOL.—Our teacher, Mr. Bingham, has a full school. He came to us highly recommended, and we hope the parties who made matters so disagreeable for teachers in the past will mind their own business and let our respected teacher do the same.

A PHILOSOPHIC "ENOCH ARDEN."—Some twenty-three years ago Augus McNeiven, living three miles north-east of this place, living three miles north-east of this place, went to California to seek a fortune, leaving his wife and two small boys behind him. Shortly afterwards a man named Archibald McArthur commenced to make love to this fair grass widow by playing her Caper Feigh on the bagpipes. Charmes with Beldy's music they both struck off for Yankes land, taking the pipes but leaving the boys behind. Last fail the two returned, no doubt thinking Angus was no more. While she was visiting at Beldy's sister's the other evening who should pope into the house quite unexpectedly but Angus, all the way from California. Neither of them shed a tear and twelr two topother as if nething had happened. Angus went shout his business, never asking her any questions concerning the just, present or

members being present. A goodly number of strangers from all parts of the township turned up, more from curically than from anything else. Among the number were two of the members of the Woodville council, who were no doubt impressed by the gravity of our Elion council, and got some pointers in the way to do things.

DISORDERLY YOUNG MEN.—A few of our suburban youths have been making noc-turnal marches along Main-st., and conducting themselves in such a manner as to incur the displeasure of one of its residents. Having remonstrated and threatened for a considerable time the agrieved decided to have the the conduct of the boys regulated, and on Friday last he marched three or four of them, all on foot, to the residence of J. P. about five miles distant. They returned sometime during the course of the day with appetites well sharpened by the walk, but with different stories about the result of the trip. FIRES.—Ou Thursday night of last week
the barn on lot 25, con. 9, belonging to O.
Revell and tenanted by James Purdie, was
entirely consumed by fire together with its
contents and nineteen head of cattle. The cause of the fire is unknown. Mr. Publie's loss is very heavy, but his son had the other day taken two teams to the shantles or his loss would have been greater. The barn and contents were lightly insured.....On the following night about half-past eight o'clock the liquor store belonging to Ed.
Morse of Atherley, was discovered to be on
fire. All attempts to save the building
were in vain as the fire had gained great headway before being noticed. As the store

was vacated sometime the origin of the fire is unknown. Had the wind been in a some-what different direction the larger part of our village would have been a mass of ruins. Loss covered by insurance.

ACCIDENT.—On Saturday, the 16th inst.,
Samuel, eldest son of Mr. Silas Prophet,
met with a very painful accident. While
engaged in hauling logs out of the swamp he missed his footing and fell, striking his oulder against a log. He was taken to

the doctor, who, upon examination found that his collar-bone was broken. He is doing as well as could be expected.

PERSONAL.—Rev. A. L. Adam of Bobcaygeon, was home for a short time in the holidays visiting friends and relatives. He is looking well, and is, we believe, becoming quite a favorite with the people of Bobcaygeon. We wish him every success in his good work.....Mr. Ed. DIPTHERIA.—We are again called upon to report further fatal cases of this terrible scourge. We had heped its final disapearance had taken place, but it seems it was transmitted by some clothing to the family of James Fairfield, in the township of Minden, whose family of eight children were all prostrated by it, and two of them have already died, one a bright, intelligent girl of about 14, and another a boy of 6. It girl of about 14, and another a boy of 6. It is feared some of the rest will not recover as they are at present in a very precarious condition, but everything that medical skill can do for them is being done by Dr.

A New Railway. - This is rather a feverish and uncertain subject to touch upon and we do so with some hesitation, for we do not wish to be considered as sensation ally disposed, nor do we wish to raise hopes in the hearts of our settlers that might end in disappointment, as we usually have an eye towards anything likely to either inty. We have noticed in several newspapers that are generally well informed in these matters, that the contracts for the con-struction of an air line railroad between Brockville on the east and Sault Ste. Marie on the west on Canadian territory, have been signed and work upon completion is to commence immediately. Now, by a careful inspection of the map it will be seen that a direct line between the above named noints would intersect our village and make t an important point upon the main line. Surveyors have twice been through this township locating this line of road.—Echo.
