GEO. BLACK WELL, teacher. BRECHIN

[Correspondence of The Post. NEW SCHOOL BELL.-The new bell for the public school has arrived and has been put in its place. It has a beautiful, clear

ber have left within a few days and more out the beams of "Old Sol." Under the gas light the "itockies." We wish them luck. No doubt it will make it a little lonesome for The large and handsome show more was through the girl I left behind me."

GREAT BOOM IN EGGS. -The boom in eggs still continues here, the prices nearly doubling that of surrounding places. Goods are being slaughtered and a big push is being done generally to attract trade. Some of the merchants are talking of petitioning the Grand Trunk railway to have cheap Saturday excursions from Orillia and other small neighboring towns to Brechin. With such energy and push Brechin is bound to

attract attention and prosper.

Spring Millingry.—Mr. L. Forrest has just opened out the finest lot of millingry every brought to Brechin, all of the very latest styles. Hats trimmed and untrimmed from seven cents upwards. Parties desiring a new spring har will be interest-

ed by seeing his stock. - % 1.

School Report. The following is the standing of the pupils in the senior classes in the Forcy Institute for the month of March. The names of four in cach class who have obtained the highest number of marks during the month are given. Names ar heiven in order of merit:—Senior Fourth Class: Mary Bradley, John Barker, Mary E. O'Donnell, Nettie Gattie. Junior Fourth Class: William Barker, F. J. McRas, Chris McRae, Lillian Forrest, Third Class: R. Bradley, Ed. Barker, Philip Kehoe, Katie O'Dornell.

TOWN JOTTINGS.

RITCHIE'S. -88-2.

Spring Shows. Whitby, Thursday April 22, Peterboro, Saturday, 1st May. Cannington, Thursday, April 29. Ops, at Lindsay, Thursday, April 29. Emily, at Omemee, Tuesday, April 27.

-Fine weather continuing the Lindsay base ball club will meet this Friday afternoon on the high school grounds for their first practice, thus starting the ball rolling. Let there be a large attendance of both players and spectators. The "Phildelphia Twist" is the very latest curve to be introduced by our pitcher, while they claim that Mr. Bates has a "new-patent-vice-attachment" that holds it every time.

There has been a terrible amount of unload ing of boxes, barrels, crates and hampers at the Central grocery during the week. The proprie tors have been rushing around opening goods, checking off invoices, sampling samples, packing countless packages on the shelves and generally speaking making things exceedingly lively. Saturday was set as the opening day and as Saturday was sure to arrive the goods must be got ready. Everything looked saw, bright and attractive, fresh from the wholesale warehouses and of the best possible description. Between times a few customers had to be waited on and presently a few more seemed anxious to be served, so that not a little trade has been done in advance of opening day. Give the young men a call on Saturday. ing countless packages on the shelves and gen-

Tuesday, Wednesday and Thursday of this week were red letter days in almost every lady's callendar. The beautiful bright weather was seconded as an attraction to do shopping by the beautiful bright and interesting millinery exhiband alvery tone. One party stated that they had heard it seven miles off.

Western Fever.—Many of our boys are getting the western fever. Quite a numgained in softness and richness of appearance. The large and handsome show room was thronged with ladies anxious to see the latest styles and what the establishment had to offer. Of the several hundred foreign and home-made (in the sense that the work was done on the premises) pattern hats and bonnets, we have only to say that they showed what exquisite things the trade and fingers of the modiste can create. Shapes incline to the turban; bonnets, small; hats, large. Strawa are very fashionable, and jet is largely used for trimming. Flowers are the predominant trimming, with feathers very largely used. Not only were the millinery goods proper very handsome, but the display of rich silks, velvets, laces and dress trimmings were proper very handsome, but the display of rich silks, velvets, laces and dress trimmings were very large. Some magnificent silk and satin dolmans and mantles were shown and received from ladies deserved attention. It seems to be the prerogative of Graham's millinery department to lead the trade in respect to richness of goods and by having everything correctly stylish be the fashion what it may. A word is due in recognition of the handsome way in which the millinery show room was arranged, and the artistic work on view reflects great credit on the staff and Miss Nelson, the lady in charge of the department. department.

Sporting Notes. -At a meeting held at the curling rink last

Thursday night it was decided to bring on the annual club dinner, and a committee was appointed to arrange details. The program will embrace several departures from the usual din ner formulæ, and music and speeches of rare excellence are promised.

- Peterboro canoeists are waking up. Canoe matters-other than manufacturing-have been quiet in that town for the last two seasons. The suggestion has been made by the Lindsay cance between the two clubs. It was also agreed to hold a joint spring meet of the members of the Lindsay, Peterboro and Bobcaygeon clubs, on the queen's birthday, similar to that held last year. Jacob's Island or Sturgeon Point were suggested as places for holding the meet. The members of the three clubs would go into camp on Saturday evening and remain over Monday, the 24th, on which day sailing and paddling races could be carried out.

—The Peterboro driving park expectator have

races could be carried out.

—The Peterboro driving park association have offered prizes to be competed for on Monday. May 24th, in trotting, running and hurdle races, as follows:—Trotting race (open to four counties)—Mile heats, best 3 out of 5—purse \$i00; 1st, \$30; 2nd, \$25; 3rd, \$15. Running race—mile heats—best 2 out of 3—purse \$50; 1st, \$39; 2nd, \$15; 3rd, \$5. Hurdle race—Half-mile heats, best 2 out of 3—purse \$25; 1st, \$15; 2nd, \$10...... In addition to these events a matched race will be contested between trotters owned by Messrs. John Ellis of Fenelon Falls and Wm. Dunbar of Kinmount. The match was made at the Fenelon Balls ice meet, it being decided to trot it at the Peterboro driving park on May 2ith. It is also probable that there will be some matched fost races contested.

—The Bobcayzeon cance and rewing association.

The Bobcaygeon cance and rowing association has been formed in that truly aquatic sporting village and henceforth the summer visitor will be able—if he be a cance man—to fraternize and talk model and sail rig to his heart's content. Mr. Wm. Boyd has been elected captain; Mr. W. J. Reid, mate; and Mr. F. Minms, sec. treas. The right view has been takes, and the annual fee is \$1 per year. Over fifty members are now on the roil of the club. Mr. Boyd has made the club a gift of a beat house, 20x10 feet, giving as at present to be fitted up accommodation for eightsen cances. The upper storey will be made a club room with a neat beloomy in front over-looking the water. The club colors are red, yellow such black. A sailing course has been laid out on Pignon. The club look forward to a picasant summer's sport.

See Recter is unrivalled.—89-I.

Peter Tully, of the Palace meat market, ha made most ample preparations, as usual, including three fine heifers fed by D. Scully, Emily three prime steers, fed by J. Nesbitt, Ops, probably the best feeder in the section around Valentia. He has three fine spring lambs fed by Thos. Shier, Mariposa, and a fine lot of muttor and prime veal. Mr. Tully believes in selling good meat and buys from the best feeders and his customers get just as good meat from day to day as the cattle noted above can make.—89-1.

Geo, Calvert's Spring Crop Report. [To the Editor of The Post.]

promised to give you an account about wheat I have seen several fields of wheat. and any that is well put in is first rate. I wish our farmers would prepare a good summer fallow. In my time of farming we never put in fall wheat only on summer fallow, and that plowed three or four times and on dry land. Generally our land in Ops is too heavy. However, I think the prospect is good for a good harvest. The spring is earlier than I have seen it the last fifty years. I don't hear no word of hard times. I see the sowing machine is on the road and the seeders, and everything looks prosperous. I was in several farm houses and they are all hanging round with hams and chunks of pork. No word of hard times. Nobody is asking anybedy for money. No dunning this spring. Dunning is played out. If all is well I hope to be in the market this spring earlier than usual as we have all our garden planted and above ground. Our potatoes are planted and shove ground. Our potatoes are planted and they have got to grow, as we put them in the right side up. Now, sir, I have no more time to write this time from

P. S.—It would be a good idea, Mr. Editor, if the people that is backward in paying for The Post would help a little, as I am sure you want to buy a few garden seeds as well as the rest. Do your best, subscribers, and don't discourage the editor, as we cannot do without The Post. our farmers would prepare a good summer-fal-
