Grand Trunk Freight Rates. Subjoined is copy of letter addressed to a firm in town, and handed to us too late for publica-

tion last week:—

GENTLEMEN,—Replying to your favor of 19th inst. I do not see my way clear to continue the same rates from Lindsay as from Peterboro i. e. on east bound traffic, but shall have to restore Lindsay to its geographical position in regard to rates. No one regrets this course more than I do, but we have simply been driven to it by the action of the town council of Lindsay, who seemed to think it was more important to force the Grand Trunk Railway Company to spend a few thousand dellars in the erection of an unnecessary freight shed, than to encourage a liberal rate policy, such as has been adopted in the past.

The tickets will be good for three days at least, and by the parment of \$1 extra made good for a longer period. -It is said the Grand trunk and some Boston capitalists are having a survey made of an air line from Ottawa or a point near it to the Sault Ste. Marie, there to connect with the Northern Pacific. been denied.

-Fares have been reduced on the Midland division of the Grand Trunk to the actual mileage, even to decimals. For instance Reaboro to Lindsay, formerly 25c., is now 15e. Lindsay to Toronto, formerly 25c., is now 826. Return tickets, good for six days for \$3.45. instead of three days as formerly. To Peterboro the fare is 70c. instead of 75c.; return from Peterborough, \$1.20, and so on. The reduction is unimportant in some respects, but as a penny saved is a penny earned a man with a good deal of travelling might earn a handsome sum by these reductions.
