The Manilla Junction Road. Wednesday of last week Mesers. Thos. Broad.

W. Lownsbrough, John Wallis and W. E.Swain of the Mariposa council, and Mr. J. F. Cunnings, township clerk, met Mr. A. White, traffic superintendent, and Mr. J. G. Macklin, chief engineer of the Grand Trunk, Midland div., at Lindsay, and satisfactorily settled the Manilla Junction road question. The meeting was to have taken place at the Junction on the previous day, but was held in Lindsay at the request of the railway men. By the arrangement the failway is to give Mariposa \$1,000 and the latter is to buy the right of way and make the roads, which are to be surveyed by the railway engineers. To meet the views of the people of Creeswell the new road is to run from the village along the west side of the track to the Junction—a distance of about a mile. It will then go morth from the Junction to the 8th con line. The station at Cresswell is abandoned. This arrangement has proved satisfactory to all parties and interests. of the Mariposa council, and Mr. J. F. Cunn-

The Scott Act and the Town Pump. [To the Editor of The Post.]

Sir,-It seems a mystery to me what the people in Lindsay are going to do. We cannot get a glass of beer or whiskey in the town, nor yet a glass of boer or whiskey in the town, nor yet can we get a drink of water. Now, sir, it seems to be strange to me that we cannot have a town pump. I wish we had one councillor with brains. We can have a post-box in every corner of the town. How is it we cannot have a town pump! I don't know of one town in this part of Ontario that is as badly off for water. We cannot drive to the river. The hotel-keepers don't want to see us. I suppose our council can spend \$1,000 each year with our letter-boxes, and what use are they! All vanity and style. No use. If I want to post a letter I would rather go to town. We alway a want a pound of sugar or tea, or we have a few eggs to trade. Gro. CALVERT.

[Our correspondent seems to be in ignorance.] [Our correspondent seems to be in ignorance of the location of Dr. Burrow's pump, which, if not a town pump is decidedly used as a pump for the town.—Ro. Post.]

Outario Fruit Grower's Association.

The annual meeting of the Ontario fruit growers' association will be held this year in Lindsay. Mr. Beall is a prominent and active member, and no doubt it was at his timely suggestion that this place was selected. The town, we have no doubt, will appreciate the honor, and as the association represent a very important interest suitable steps will be taken to make the gathering pleasant and proftable. The town council should at its next meeting appoint a committee of council and other leading cities to assist in the matter. The meeting will take place on Wednesday, July 7, and the program will include three sessions in Lindsay—forenoon, afternoon and evening. The public meeting Wednesday evening in the town hall will be one of much interest. Next day the association will proceed to Bobcaygeon, and hold a session there in the afternoon. Mr. W. Saunders of London, Ont., is president of the association, and will be home from the colonial exhibition in time to attend the meeting. No doubt many farmers will attend the sessione, as they will find it decidedly advantageous. Further particulars will be published in The Post. say. Mr. Beall is a prominent and active mem-

The minister of education has issued the follewing circular to the public school inspectors in reference to drawing classes:

SIR.—The drawing classes conducted at the educational department. Toronts, during the flact two summers will not be continued during the current year. It is nevertheless desirable in ender still further to qualify teachers in this subject that facilities of some kind should be offered for their self improvement. Instead of the classes formerly taught at the department it is now proposed to give a smart to each inspectoral division in which a class is formed for instruction in elementary drawing.

Parties about going to the old country can get all the necessary information furnished by J. H. LENNON, agent for the Dominion Line Steam hips and Beaver Line Steamships.—23-2

"Tried in the balance and found wanting" is the general verdict rendered against most of the so-called curse for lung troubles. Such a deciso-called curse for lung troubles. Such a decision has never been given against Dr. R. V. Pierce's "Golden Medical Discovery." On the contrary it is conceded by thousands who have tried it to be the only remedy for consumption (scrofula of the lungs) and scrofulus diseases generally. It will not cure when both lungs are most gone, but if taken when the disease is in the first stake it never fails. It is also a specific for such scrofulous diseases as fever-seres, white swellings, hip-joint diseases and great eating ulcers and for blood taints generally from whatever cause arising. Sold by druggists.—94-1.

Mr. Adam Hudspeth, revising officer for North

Victoria, has given notice that he will hold

courts for final revision of the new Dominion roters' lists as follows:-For the several polling divisions is the village of Feneion Falls, on the 24th day of June, 1886, at 10 a.m., at Jordan's hall.

For the several polling divisions in the township of Feneion, at Cowleson's hall, in the village of Cambray, on Friday, the 25th June, at 10 a.m.

house, in the village of Norland, on the 7th July. 1886, at 10 a.m.
For the townships of Digby and Longford, at the school house, in the village of Norland, on the 7th July, 1886, at 10 a.m.
For the township of Anson, at the village hall, Minden West, in the village of Minden, on the 18th July, 1886, at 10 a.m.
For the township of Hindon, at the village hall, Minden West, in the village of Minden, on 18th July, 1886, at 10 a.m.
For the township of Carden, at Pickerson. 13th July, 1886, at 10 a.m.

For the township of Carden, at Richardson's hotel, Uphill, on 30th June, 1886, at 10 a.m.

For the township of Dalton, at Richardson's hotel, Uphill, on the 30th June, 1886, at 10 a.m.

For the village of Wosdville, at the township hall, Woodville, on 20th June, 1886, at 10 a.m.

For the several polling divisions in the township of Eldon, at the township hall, on 20th June, 1886, at 10 a.m.

For the township of Stanhope and Sherbourne at Reatty's school house, on the 16th day of July, 1886, at 10 a.m.

For the township of Galway, on 9th July, 1886, at 10 a.m., at Mr. Michael Mansfield's residence.

Scott Act Notes.

-It is said that information is being accumuated against parties in town for selling liquor and that presently there will be some laterest oments in the cases brought befor Magistrate O'Leary.

—A brilliant genius is circulating this idea for getting over the clause of the act providing that a local manufacturer of ales er beer cannot sell unless to be consumed outside the county where the act is in force. Take the case of Victoria county. Brewer at Lindsay sells to local man and ships the article to order to Haliburton, where the act is not in force. Goods are then re-shipped to Lindsay and placed on sale if dealer likes to take risk.

—At a meeting of the hotelkeeper's unless

dealer likes to take risk.

—At a meeting of the hotelkeeper's union held at the Orientel hotel, Peterboro, on Friday night of last week it was decided to engage counsel to have the recent liquer convictions under the Scott act appealed to the high court of justice at Toronto with a view of ebtaining decisions of the judges of this court on the points raised by council before the police magistrate at Peterborough. Messrs. Moore & O'Mears. of Peterborough and Blackstock of Toronto were retained to look after the cases.

—The Review save: The Queen w. Daly hear

retained to look after the cases.

—The Review says: The Queen v. Daly has been appealed on two grounds, namely, that the Scott act is not in force in the county of Peterborough and that a witness is not bound to answer questions which will tend to criminate him. The anti-Scott act party claim that the act is not in force in the county of Peterborough because the returns made by the returning efficer were not made before the specified hundred and fifty days before May 1st, but were deferred till after that time. Another case will be appealed on the same grounds.

—The question is frequently saked by visitors

pealed on the same grounds.

The question is frequently seked by visitors to Lindsay, "How is the Scott act working in your town? Has it stopped the sele of liquor?" In reply it may be said in general terms that the act is working well. No doubt liquor is sold to some extent, but to nothing like the extent as before the act came into force. The facilities for selling are so limited and if sold has to be done undersuch privacy and caution that it takes time to get a drink down the threat of thirsty customers. The time since the act came into force is so short that an opinion based on its operation for that time would be merely inferential.

Sperting Notes. -The MIKADO next Thursday and Friday

evenings. Opera house. Encourage home talent by attending.

—Mr. W. J. King of Lindsay participated in two of the events on the program of P. A. A. at Peterboro on queen's birthday, winning both against good competition. In the high jump, five entries, he took first prize, scoring four feet nine inches; and in the 120 yards hurdle race against three competitors he again took first prize, time 17 i-5 seconds. Mr. King was debarred from entering in other events, not being a resident of the borough.

—At the Peterborough driving park spring races on queen's birthday, Mr. Chas. Bartlett of Lindsay entered far the open trot his bay mare Maud Bartlett, mile heats, best three in five to win. Maud B. secured second money, 225. The other horses entered for the trot were J. J. Daly's Fanuse B., driven by Ed. Brown, and A. P. Morgan's Grey Ned, driven by T. McEwan. From the Review's excellent report we take the following comment on the event: First heat.—Before the first quarter was measured Maud Bartlett went by in beautiful style and took a tea yard lead. This she held until the three quarter when Fanny pulled up. The latter, however, broke in the beginning of the home stretch and Maud Bartlett, Fanny second, came in easily. Time, 2.17;. Second heat.—Maud Bartlett led off in the second heat, with Fanny B. second, and maintained first place during the first half mile and till the three quarter post. Here she made a bad break from which she failed to recover. Third heat.—On the third heat Grey Ned pulled himself together and trotted the course twice in magnificent style. The other two, through frequent breaks, were distanced. Fourth heat —For the first quarter mile of the fourth heat Meud Bartlett shot along with fine action. It seemed as if she was going to have it all her own way. Fanny B. followed about fifteen yards behind while they all went out on the second lap. Here Maud Bartlett made a succession of breaks and the driver ran her under the whip. The other two went along in good form, coming in the hume stratch nea breaks and the driver ran her under the whip. The other two went along in good form, coming in the home stretch nose and nose. Maud Bartlett came in ahead, but first place was disallowed on account of her breaking. Fifth heat.—All three went away together, Maud Bartlett slight leading. She trotted in time style keeping the ly leading. She trotted in fine style keeping the lead and lacreasing it till the fatal three quarter. Here a slight break was made, but the driver pulled her on her feet again. Fanny now measured out in grand form and on coming around the turn to the home stretch her nose forged past that of the bay amid loud cheers. She came up the home stretch and won by about two yards. Time, 2.50\cdot...Mr. Bartlett is to be congratulated on the creditable showing his mare made while, at the same time, she was in anything but good condition for a race with trained horses, her training consisting only of the "mild exercise" she received while being driven in a butcher's cart delivering meat around town. It is unnecessary to state that a butcher's cart is hardly the thing to develope speed.

MARRIED THEXTON—HUGHES.—On Wednesday, May 26th, at the Methodist church, Williamsburg, by Rev. Mr. Washington, Mr. R. D. Thexton of Lindsay to Miss Lena, youngest daughter of Mr. John Hughes of Williamsburg. scett's Emulsion of Pure Cod Liver Oil
with Hypephosphites,
is more reliable as an agent in the cure of consumption, chronic coughs and emaciation than
any remedy known to medical science. It is so
prepared that the potency of these two most
valuable specifics is largely increased. It is also
very palatable. -94-i.

MILNE, THE TAILOR.

E. Woods.

tus has given me entire satisfaction, with very little trouble and low consumption of coal.

And I may state that during the unusually severe weather we experienced this winter my house was always comfortably warm, night and day.

I have therefore great pleasure in recommending your method of heating to all. Yours respectfully, WM. NEEDLER.

N. B. The Grate in the Bolton Boiler is particularly a good one.

E. WOODS, LINDSAY.

Dear Sir.—I have great pleasure in stating that notwithstanding the extreme severity of the cold during last winter and this winter, your Bolton Hot Water Heater in my residence has been exceedingly satisfactory, and at the same time very economical in consumption of coal, and easily regulated, I don't think it will burn much more than an ordinary coal stove, and no comparison in the comfort. I therefore cheerfully recommend both the Bolton Boiler and your areturn of heating to any one who wants a first-classich. Yours

E. WOODS,

BOLTON

CELEBRATED

HOT WATER BOILER I am making Hot Water Heating a specialty, and will be very much pleased to furnish estimates for any requiring such work, and would advise

those now building to make arrangements for their heating, when it can be done much more readily. I am prepared to either put up BUNDY'S PAT.

RADIATORS or the ordinary pipe coils.

Hot Water Coal Stove Attachment.

Dear Sir,-Your Hot Water Attachment on my Coal Stove is a decided success. I can cheerfully recommend it, to all who wish to D. BROWNE, Custom Officer.

Dear Sir,-I am very much pleased with the Hot Water Attachment you placed in my hall Coal Stove, it is a great assistance in heating my dining-room and bed-room above. Yours truly, S. WESTON-JONES.

Dear Sir,-Please add my name as testimonial to the success of your Hot Water Attachment in my Coal Stove. It heats a room 17x16ft, and 26 feet from the stove, whe re I was compelled to keep a box stove before. Yours truly.

Dear Sir, -- With great pleasure I state that your Hot Water Athment in my Coal Stove works admirably. It heats a sitting room 40 feet from the fire. Other years I had a Ceal Stove in same room, which burnt about 3 tens of coal. I think so much of it I insend having you put another in for me next year. Yours truly, THOS. MCCONNELL, Royal Hotel.

E. WOODS.

Will pay for The Post to the end of 1886. Send on name and money at once, or hand to any of our agents-
