The Chicago Railway Age says it is now certain that the railway building of 1886 in the United States will far exceed that of the two preceeding years and surpass that of most of the years in the history of the country. It may be safely predicted that the total new railway mileage of 1886 will not fall short of 6,000 miles, and may considerably exceed that.

A sensation was at first caused in England by an article purporting to contain "important l'enian revelations" published in the current number of the Formightly Review, but it has been condemned as a political dodge. The article is headed "Behind the scenes," and is estensibly contributed by an Irishman, It tells substantially the following story: Frank Byrne, secretary of the Irish national leasue, occupied an office on Bridge str, opposite Westminister hall, in the apring of 1882. The office adjoined the rooms occupied as the time by the Irish parliamentary party. Mr. Parnell used Byrne's office for the transaction of private business, because, as bessie, it was private business, because, as he said, it was the quitest place he could get in the seighborhood. THE ERRORS OF THE LATTER DAY SANNER EXPOSED. - (To the Editor of The Post Post) - When I selvertioned in The Post and Warder there a meeting would be back, the subject being "Expose of Mermaniem," I was not then aware of the presence of Elder Lake, who came to my meetings. We agreed to discuse upon the subject whether the hingdism is in corth or on cartin, on the evening of the 10th May. Heads of the west to take two half nown, I taking the first helf. Not having any reporter I me unable to pay there the details but shall present to my seeders the details out shall present to my seeders the details of the discourse. I may just any here that I decired to meet Mr. Lake in a third meeting, propusing as the subject, "What shall we do to be saved." and "what is the evidence when we me award and "what is the evidence when we may see award; also the other meeting I referred to the following the first meeting I referred to the following is set up is our hearts. Now, I want to show that the Scriptures do not agree with it at all. Psaim xxxv, 10, reads, "Mercy and truth are met together and righteoueness and peace have kissed each other. The 11th verse says: "Truth shall spring out of the earth and righteousness shall look down from heaven." I want to show that truth did not apring out of the earth and righteousness about the truth did not apring out. want to show that truth did not spring out of the earth se they represent. The truth that sprang out of the earth was man, for he is the only earth it could spring out of. God set up the kingdom or put the truth in man on the day of Pentecostinits fullness. Now it may be true that these was an angel that led Joseph Smith where the plates were hid in the earth, but if it was an angel it was an angel of the devil. See how Psaim 85: 10 and 11 agree with Sr. John 14 and 4. These are the words of Jesus to to the woman at the well of Samesia, "Whoseever drintsth of the water that I shall give him shall be a the water that I shall give him shall be a well of water springing up unto everimeting life." So this well is to be understood as spiritual. This power that God puts the truth in us and we do not have to dig for truth in us and we do not have to dig for it for He says: "Open thy mouth and I shall fill it." So man is the only earth that truth sprang out of sad when you see in the Word of God (in earth) Christ means in our hearts, and when He says, "Righteousness and peace kies each other" it is the same that you will find in Romans 14: I7. For the singdom of God is not meat suddining but righteousness and peace sudjoy in the Holy Ghost. Now, any Christian on God's fortstool may know all this is to be in us. I believe this is proved very clearly. As for the truth that Rider Lake chains to have, is in his head, so he seknowledged.

As for the truth that Elder Lake chains to have, is in his hear, so he asknowledged before them al. Romese x: 10—" With the heart men indispets unto right-common, such with the mention.
