GLORIOUS OLD HALDIMAND. A GRAND REFORM VIC-

TORY. Coulter Elected by 194 Majority.

The Brawling Brood of Bribers Badly Beaten,

The Concession Lines Patrolled by Re-termers—Four Tory Bribers Gasled. CAYTHA, Sept. 8.-Mr. Coulter, the liberal candidate, was elected to-day by a majority of 194. Haldimand was held by the late Mayor Thompson from confederation till his death last spring. He carried the county by considerable majority in 1867; was elected by acclamation in 1872 and 1874; had a majority of 168 in 1878, and 126 in 1882. But since the last-mentioned year, under the operations of the Dominion franchies set, the conservatives claimed that they added a hundred more names to the list than the liberals added, and Indians to the number of 125 have been enfranchised. of whose votes the tories expected to re-ceive a large majority. In this they were badly disappointed.

ENTIFUSIASM AT CAYUOA. CAYDOA, Sept. 8, -There is great rejoicing here to-night at the glorious achievement by the triumphant election of Mr. Coulter by such an overwhelming majority. The county has been overrun by professional bribers from Toronto, Hamilton, Si mece, Dunnville, and other places, but last night and Monday night these secondrels have been shadowed most diligently by the local reform workers, last night alone there being no less than one hundred members of rigilance committee patrolling the roads and sidelines of the country. Last night and to-day Mr. McCallum, M. P., made five attempts to leave Cayuna for the country, but he no sconer started than he found the members of vigilance committee at his heels; and at 3 o'clock this morning he wave it up in disguat, saying to a friend, "They seem to suspect me." To-night an open air meeting was held, at which unbounded enthusiasm prevailed, and stirring speeches were made by Messra, Colter, M. F. elect; Mr. W. T. R. Preston, and local

WARRANTS FOR TORY BRIBERS. CAYUGA, Sept. 8.—Warranta have been issued against George Smith, Charles May and John Lindsay, for bribery in the interest of the tory candidate. The actual erest of the tory candidate. The actual money received by the parties is now in the canesaton of the reform committee.

THE BULGARIAN CRISIS.

INDIONATION AT THE CZAR'S LETTER. RUSTCHUK, Sept. 7.—The czar reply to Prince Alexander's letter of August 30th was not made public here until yesterday. It raised a storm of popular consternation and indignation. Many officers of the army advocate resistance if Russia forcibly deposes Prince Alexander against the will deposes Prince Alexander against the will of the people.

PRINCE BISMARCK'S POLICY. BERLIN, Sept. 7 .- The North German lasette disputes the assertion of the British press that Austrian and itussian inter-ests in the Balkans are conflicting. "They eats in the Balkane are conflicting. "They can be easily reconciled if they are conflicting," the Gasette mays, "and to reconcile them is Germany's aim. Prince Bismarck can unhesitatingly express the conviction that Bulgaria is of no importance to Germany. It is erroneous to suppose that any estrangement will arise between the three empires when the question of Prince Alexander's successor is up for dis-Prince Alexander's nuccessor is up for dis-cussion, inasmuch as under Prince Alex-ander's reign no enmity existed between Russia and Austria, although Prince Alexander, in a secondary sense, ruled un-der Russian influence. The German na-tion shares in the conviction of its governtion shares in the conviction of its government that the events in Bulgaria do not affect the national interests of Germany, and that the German policy follows the right path. There need be no fear of Prince Bismarck's sitting between two stools; on the contrary he has chosen a sure foundation and has three stools for his resister.

TRANSPORTING RUSSIAN TROOPS. VIENNA, Sept. 7.—The Neu Freie Presse says:—Many troops are being shipped at Odesas, ostensibly for the Crimes, but it is really believed to be in readiness for action in Bulgaria.

GERMANY AFRAID OF RUSSIA Previit, Sept. 7.—Peether Lloyd, a semiofficial journal, speaking on the question
of who shall rule in Bulgaria, says:—"Austria, if obliged to fight Russia, will have
to fight alone, as Germany would rather
renounce the Austrian alliance than go to
war with Russia."

FORMATION OF A PROTECTORATE. The St. Petersburg Gazette (German) says the most equitable solution of the Bulgarian problem would be for Ruesia to occupy in Bulgaria a position similar to that occupied by Austria in Rossia and Reresponies, the powers consenting as in

ELECTED BY ACCLAMATION. The municipal nominations to fill the vacancy caused by the death of the late lames Johnston took place in the town hall here on Tuesday, 7th inst. Preston have had their grain warehouse entirely re-shingled and otherwise renovated and will in a very short time be ready to handle all kinds of grain and as usual pay the very best market prices.

THE CREAMERY. - Our creamery has clos-

ed down for the season. The farmers needed their cream for their own use and son. The price realized this year by farmers was very satisfactory and the creamery will no doubt be very largely patronized next year when it resumes operations.
CRICKET.—The Bethany cricket team played the Milibrook eleven a friendly match in Millbrook on Friday last. The

game resulted in a score of 126 to 79 in favor of Bethany. We believe the return match will be played here in two or three BANE BALL .- A base hall match between the Bethany base ball club and the Excel-siors of Pontypool came off on Saturday on the agricultural grounds. It proved an

MANUERS FALL SHOW. - Prospects for a very successful fair here on October Istand 2nd are very encouraging. With large and convenient grounds, a tine drill shed for in side exhibits, and a good ring for exhibition of horses the show will doubtless eclipse all former efforts of the society.

KIRKFIELD.

[Correspondence of The Post.]
FATHER McCLOSKRY'S PICNIC.—This picnic came off at Kirkfield last Wednesday in Mr. McKenzie's grove, and in every respect was a decided success. The special train from Lindsay carried about two hundred picnickers from Lindsay, all of whom on their return were loud in their apprecia tion of the enjoyments of the day. One of the chief features of the day was the base-ball match between the Lindsay club and the Victoria Road club. This was not very the Victoria Road club. This was not very closely contented, yet it was exciting to the onlookers as well as to the players. Lindsay came out the winners by a score of 24 to 4. At twelve o'clock dinner was served, and there was an abundance of everything. Dancing was uninterruptedly kept up on the large platform erected for the purpose, the music being supplied by Mesers. Connolly, Gillogley and a third musician, whose name we failed to obtain. During the day the excitement waxed high over the contest by tween Miss Byrne of Eldon, over the handsome locket given to the lady who test by tween Mise Marren of Carden and Miss Merry and Miss Byrne of Eldon, over the handsome locket given to the lady who secured the greatest number of votes at lic. aniece. At the hour of three o'clock Miss Marren was sheed, when again the contest was resumed. At four o'clock she was still a long way sheed, and then but ten minutes remained for the final effort. Mr. Foley of Brechin ably supported Miss Merry and it was thought the latter would win the locket; but the supporters of Miss Marren held their votes back to the last minute, when they rushed in some \$50 and won the contest by a large manjrity, the entire sum realized reaching a little over \$204. Cakee and other articles were contested for and altogether a goodly sum was obtained, generously given by the many present for the purpose of liquidating the debt on the parish. Mr. Cameron, M.P., Mr. Heasilp, Dr. Wood and Mr. Barron were all billed to speak, but only Mr. Barron ascended the platform, and gave an eloquent and patriotic address, lasting about half an hour, which was cordially applauded, and it was only to be regretted that the lateness of the hour and the time for train leaving was so close at hand that it prevented the people from hearing a little more from that gentlemen. Mr. Taylor, the worthy reseve of Carden, was present throughout the entire day, and by his gentle manner and assistance over the leaker contest helped to us small extent in the good feeling which prevailed.

Though his loyalty to histownship shewed his sympathy to be with Miss Marren of Carden, yet his services were justly distributed between the contestants. Father McClosky has every reason to feel proud of the great success of his picnic and the good feeling which prevailed among the large crowd during the day.

FINE HARVEST. - The harvesting of good crop, the sowing of fail wheat, etc., is about completed here. The crops are yielding finely on being threshed, and if there was any force or power to wrest the prices a little higher we would have a time of general rejoicing.

CRESSWELL.

[Correspondence of The Post.]
SUCCESSFUL.—We are glad to learn that
our esteemed citizen, Mr. M. D. Brown, has as usual, been successful at his late examination for first-class certificate. His only difficulty seemingly is to get the privilege of examination, as we believe he has never yet failed in any of his attempts. As a teacher he won an excellent reputation. We congratulate him and wish him all success in the future.

THE CROPS.—We are glad again to see the farmers' faces looking more hopeful, though we believe they were never very despondent, yet bad crops and the loss entailed by the national plague (national policy) cast a shade over their faces which was not natural to the good nature of this section. It is rapidly vanishing, and hopeful reports are coming in from all quarters.

OBITUARY.—We have to chronicle the departure of another of Mariposa's veterans. Mr. Hugh Campbell, who had attained the good old age of 84 years and 8 months. He hailed from Sutherlandshire, Scotland. Leaving the land of his nativity at about the age 21 he went as a soldier to the East Indies, where he served a term of four years. His health not being good in that locality he decided to try Canada as his future abode. His first year in Canada was apent in Glengarry. About 1831 he moved to the township of Eldon where he remained about lifteen years. He then removed to Mariposa where he has been a most worthy and a highly respected resident. As a neighbor he was liked by all. He was successful and prosperous and accumulated as tine a property as Mariposa can boast of. Until last January Mr. Campbell was smart and able to do considerable work. He was at that time taken with some disease of the throat which ultimately caused his death. At the time of his death he was living with his daughter, Mrs. S. Grant. The sym-

pathies of the public are extended to the CANNINGTON.

The jehu who drove the sprinkler the first day in coming up a steep bank from the river up-set the tank which was considerably broken up. The driver escaped with a severe shaking up, and the tank was repaired in a few hours and ready for duty the next THE HARVEST. - The harvest of 1886 in

this locality is about completed. The weather has been all that could be desired, and the crop of all kinds of grain the best for years. With fair prices we may look for the dawn of better times. No DIPHTHERIA.-The cases of diphtheria recently reported were not in this village but the country some distance away. Cannington is a very healthy place.

Successful Beavertonians.—Your many readers through this section are no doubt always pleased to learn of the success of any of their old inhabitants. We notice by some of the western papers that the Strathroy council have granted a bonus of \$1,000 and examption from taxes to Mr.

John Gunu and Hector Gunn of Ailes Craig for the purpose of building a flax mill in that town. At present they run a flax mill in that town. At present they run a flax mill in the cornerstone of the R. C. memorial church at Penstanguishene last Sunday. Some of them got so much interested,

employ from 30 to 250 hands at different seasons to handle the flax. We understand that the mill they purpose erecting at Strathroy will require more than this number. CORRECTION.-A misprint made the name of our new tailor appear McLean in THE Post last week. The right name is Alex. McLaren. From specimens of his work which we have seen we would judge that he will work up a good trade. SERIOUS ACCIDENT.—Mr. Wm. Hall, who lives about a mile west of Sonya, met with a serious accident on Wednesday of last week. He was driving a load of grain into the barn when his head struck against a scaffolding with such force as to render him unconscious, in which state he re-mained for several hours. It was a close call; but he is gradually recovering.

be given by the ladies of the Cambray
Methodist church on Thursday evening next in Mr. Williamson's beautiful grounds which he has very generously placed at their disposal. The band, we understand, is to be present, and the church choir will also furnish appropriate music. A few short addresses will be delivered by the resident clergyman and others.
PAINTED.—The Presbyterian church has been repainted inside and presents quite

an improved appearance. BOOTS AND SHOES .- Just arrived at the Post Office store the largest stock of shoes we have ever had, just about double the

Oxby, was thrown from the load by the sudden starting of the horses, and falling on the pitch-fork received a very painful and dangerous wound. The fork entered the inner part of the thigh and running upward through the flesh pierced the bladder. Dr. Ray was called immediately but does

not give any definite hopes of recovery.

New Teacher.—Mr. McMillan having resigned his position as teacher of our school the trustees secured the services of Mr. Shearer of Mariposa. Mr. S. comes well recommended and we have every con-fidence as to his future success as he has already secured the affection of the children, and this to our unprofessional mind is one of the chief elements in a teacher's suc-

COLDWATER.

[Correspondence of The Post.]
IMPROVEMENTS.—The school-house now being erected on Gray-st. will be an ornament to the village and a credit to the con-tractor, Mr. Mathews of Orillia. It is to be two storeys high, and will accommodate about two hundred pupils, and is located in about the prettiest place in the village. . Mr. Gray's store is almost ready for

the roof, and will be the best structure in the village when completed.....Messrs. Luke and John Leatherdale have built really handsome iron fences around their esidences, adding much to their appearance....The building operations at the English church are at a stand-still for dwelling since he came here, is intending to enlarge his store and fit up other portions of the building for stores and offices, for some of which he has already tenants. ACCIDENTS. -Mr. Reid, the other evening

UPTERGROVE.

Picnic.—The R. C. picnic came off here on Tuesday, the Blst, and was very successful. Amusements of different kinds were taken part in during the day. The refreshments were first-class. The event of the day was the competition between two young ladies for a gold watch. As both the young ladies were very popular the contest was close and exciting, Miss Mc-Nulty winning, defeating her less fortunate opponent by two votes. Rev. Father McGinley, the pastor, has every reason to feel proud at the success of his first picnic.

MANILLA. [Correspondence of The Post.]

BARGAINS.—Note the adv't of Mr. Geo.

Douglass and the capital chance for bargains. A chance like this does not occur.

OBITUARY.—Another of our early settlers has passed away in the person of Hugh Campbell, who died at his residence, South Manilla, on Saturday last at the ripe age of st. Coming into this district when the country was young he experienced all the hardships of pioneer life. The fine condi-tion of his farm shows that his labor was not in vaia. He was widely and favorably known. His remains were interred in the Woodville cemetery on Monday.... It is our sad duty to record the death of Mrs. D. McLean of North Manilla, who died on Saturday last at the comparatively early age of forty three years. Her husband died last winter and she has been ailing ever since. At one time she seemed in a fair way for recovery, out was suddenly taken ill again last week, never to recover. She leaves a large family of young children, for whom the sincerest sympathy is felt by all.

Her remains were buried in the Brock cemetery on Monday.

Base-Ball.—Last Saturday our juvenile base-ball nine played a similar nine from Cresswell a friendly game. The teams had met before at Cresswell where the latter team was successful, but this time our boys won a great victory, almost enough to put the senior teams square.

LETTER OF CONDOLENCE. - In our last news-letter the death of Mrs. N. Mintern of this place, was noticed. Mr. Mintern is a member of the Manilla Lodge of I.O.O.F., the members of which have addressed to the members of which have addressed to him the following letter of condolence:—Dear Brother:—If there is a period in the history of our lives when the chords of love and the ties of friendship are expanded and closely draw within the reverse circle those who are afflicted, it is that tenod when a brother loses his nearest, his dearest, and his best beloved. BOBCAYGEON. CHURCH NOTES. - The Presbyterian church is to have evening service each Sunday in September... The Baptist Sunday in September church was crowded on Sunday last to hear the preaching of Rev. Mr. Grant, D. D. He preached on the heart and used illustrations from first to last, and ended a powerful sermon by stating emphatically that all Christians who had not been dip ped "were tottering between heaven and hell." He also said the reason that prevented them from being dipped was that they were narrow minded enough to stick in the grooves in which their fathers walk. ed, comparing it to the boy who, on being asked what his horse was carrying, replied that "he had a bag of wheat on one side and a stone on the other," and on being told that other people would divide the wheat and put half on each side of the horse, thus lightening the burden, the boy replied "that his father used the stone to balance the wheat, and his grandfather before him, and he would do the same.

HEN STEALING .- Of late a number of hen roosts have been robbed. Suchacts as these were considered a thing of the past, but it appears there are still people in this village mean enough to risk being branded as thieves for the sake of a chicken. ALAS.-It's gone! the 22 year-old hen. A post mortem examination revealed the fact that as the hen did not die a natural

death, it gave up all hope of ever becom-

menced operations for the winter's shanty FALSE ALARM. - Some of the villagers were startled by a blaze in the direction of Mr. Donnel's planing mills. It luckily

was a false alarm. SHOOTING .- Duck and partridge shooting has been the means of getting the village guns cleaned up, but the number of ducks and partridge shot are very small indeed.

ROOFING .- Mr. J. T. Robinson has taken off the shingles from his store and replaced them with zinc rooting. SPORTS. - What has become of 'Caygeon's' field sports. Cricket was gone back on last summer by a number, base ball ditto, and this season there is not a single field sport in the village. Were it not for the boating club there would be nothing at all to exercise the boys, and as

it is the majority take no active interest in that. It is to be hoped this will be the last season without cricket or base ball.

NEW WHEAT. - This year's wheat is being ground already, or a portion of it. The miller reports it as a very fine sample. Ontario can hold her own yet in the wheat market, although many predict stock farms will be the backbone of the country in a few years.

BOATING CLUB.—The meet of the boating club took place Monday afternoon.
The wind was very light and very uncertain. The sailors were in full force, however. In the skiff race Mr. Arnberg sailed home the winner. He now leads in the race for the pennant by a score of 1 to 1. In the canoe race Mr. Murdock in his rob roy sailed across the line hrst, with Mr. J. G. Edwards a close second in Mr. Fred Holloran's canoe, Mr. Holloran being too ill to run it himself; he has, however, the

lead by one race.

SUMMER VISITORS.—They're going! the visitors are gradually leaving for their homes. Mr. Wm. Graham has also left, either smitten with the charms of some fair one or disgusted with the Scott act.

He was last heard of in Lindsay.

CIVIC HOLIDAY.—There are rumors of another Buckhorn excursion. The lasses

hope so. What the lasses say is law to the laddies; so let's have the excurt.
