A GREAT PHENOMENAL OPPORTUNITY

The Montreal butter market continues in a very uninteresting condition, in fact aside from the demand for all regular local requirements there seems to be nothing doing. All finest dairy suitable for the local trade continues to have a good sale at quotations and the offerings of such are light. In fact there appears to be no great amount of stock held at Montreal. The value of the exports for the four months ended August 31 was \$1,470,202, of which the Canadian product furnished \$1,170,700. Subjoined are the Montreal prices:

Creamery, choice	20 to 20 1/2
lower grades	15 to 19 1/2
Township, fine	10 to 12 1/2
fair to good	12 1/2 to 16
Morrisburg, finest	10 to 15 1/2
fair to good	10 to 15 1/2
Brockville, finest	10 to 15 1/2
fair to good	10 to 15 1/2
Western, finest	10 to 15 1/2
fair to good	10 to 15 1/2
Low grades	10 to 11

The Montreal cheese market has been very dull and nominally unchanged, and altogether the week has started in an uninteresting fashion. Liverpool has remained stationary at 4 1/2, while here it is probable that 10c would buy most anything on the market, but exporters show no disposition to pay it. There was some enquiry for medium goods, but little business was done. The position has shown no change in its general character. It is claimed that the country is sold up close, but there seems to be a lack of positive encouragement from abroad, without which the market must drag, unless the speculators keep it up. The value of the exports for the four months ending August 31 was \$2,542,388, against \$18,794 in 1885, \$3,032,302 in 1884, \$2,506,883 in 1883, and \$2,085,911 in 1882. The value for the same period in 1870 was \$1,110,023. A year ago the market was at 7 1/2 to 8c August, and 7c to 7 1/2c July, and 8 1/2c. Two years ago August was at 6 1/2c to 7c, and the cable at 7 1/2c. Following are Montreal prices:

Fine to finest August	6 to 7 1/2
Finest, white, July	5 to 6 1/2
colored	0 to 1
Medium to fine	5 to 6 1/2
Lower grades	4 to 5 1/2

Any one having better in this record will kindly put it in print.

REMEMBER THE Lindsay Central Fair on Sept. 23, 24 and 25. A grand time is expected.

PLEASANT.—The annual picnic was held this season half a mile south of the village. Although the weather the day previous was discouraging it did not prevent a very large number from attending in the early hours. The weather was all that could be desired. A very spacious dancing platform was erected in the rear of the grounds and dancing was indulged in the entire day to the music of Chase & Son, with violin and guitar accompaniment. The refreshments supplied by the good ladies of Galway were abundant and of the choicest kind. Games of different kinds were indulged in by the athletes of the north, in which there was great competition. In the evening short addresses were delivered by Messrs. John Fall, M. P., J. A. Barron and J. R. Campbell, all of which were listened to very attentively. Father McEvoy, the pastor, has great reason to feel proud of the result of his picnic, and of the very orderly and satisfactory manner in which the whole affair was conducted. Father McEvoy was ably assisted during the day by Rev. Father McCull of Victoria Road, and Father McCull of Lindsay.

THE BEST FAIR of the Midland district will be the Lindsay Central. We hear it is going to be a big success.

HARVEST OVER.—The harvesting around here is about all over. Some late peas and oats are in the field under the late rains, which will destroy the straw for fodder. The late peas suffered from the blight or mildew and will not average more than half a crop. The late oats did not suffer so badly but will not be an average crop.

FALL WHEAT.—Early sown fall wheat looks well. The very warm weather and the late showers have given it a good start, which is a very important thing in the spring. A good portion is in the ears and will be for two or three weeks yet. That is what makes some farmers say, "my fall wheat did not need as much water." Spring wheat is yielding well, the grain being plump and the head long and the straw very bright.

ACQUAINT.—While Mr. A. Murray was assisting Mr. P. A. Ryan in drawing in a week ago he had the misfortune to wrench his back and has been unable to do any thing since, but he is getting around again with the help of a cast.

RETURNED HOME.—Mrs. Jas. Armstrong, who has been in the Toronto asylum for the last year, has been discharged and has returned home full of health.

DEAR BRIDE.—Miss Mrs. Stephen Ryan was engaged fitting a portion of water from the well a few evenings ago the head came and on looking up saw a large bear

BASE-BALL.—The base-ball match here on the 8th inst. between the Widewater of Selma and the best club resulted in victory for the Britons. Both clubs felt confident of victory at the start and a good deal of interest was taken in the game by friends of the two clubs, but the heavy beating of the Britons decided the game in favor of our boys. Following is the score:

AMUSEMENT. The band cleared about \$25, which goes towards defraying expenses connected with the band.

CHURCH NOTES.—Elder Pillske, who has taken charge of the Christian denomination here, preached his opening sermon on Sunday, Sept. 12th, at Elder Wyloughby's house in charge of the Stouffville circuit.

OBITUARY.—Mr. and Mrs. Geo. Stevens of Ashburg, late of this place, lost their only son, Roland Stevens, on Saturday evening last, of diarrhoea. He was only 1 1/2 years of age and was buried on Monday at Maple Lake cemetery.

FIRSTING.—Dr. DeGraaf of Lindsay and a friend passed through on Thursday last on a fishing expedition. Two strangers also passed. We wish them a pleasant time.

IN MEMORIAM—ROLAND STEVENS.—Bright eyed Roland who has left us. Gone to join that white-robed host. Upon his cross the shining river. Guided by an unseen hand.

MARK was not a place for you, dear. God has taken thee above. And I will not seek thee back, dear. From His never ending love.

Oh, my fair haired little darling. That I clasped thee to my heart. With bright visions of the future. Did I dream that we should part.

No, ah no, a thousand memories steal o'er me, I pause and sigh. Little did I think my love would die. That you, my darling boy, would die.

Oh, my Roland, may your spirit Watch and keep us from all ill; Get only loaned you to us, darling. Then took you back, it was his will.

PRESBYTERIAN ANNIVERSARY.—Rev. Dr. McTavish in the Presbyterian church on Sabbath, the 12th inst., preached to a large congregation, the occasion of the anniversary of the opening of the church. Subject: "Rebuilding the walls of Jerusalem" from Nehemiah. The sermon was one of much eloquence and power.

SUNDAY SCHOOL FESTIVAL.—The festival in connection with the Station Sabbath school (Mr. Pomeroy, superintendent) was well attended and carried out successfully. Proceeds satisfactory.

PERSONAL.—A large number of our citizens are visiting the Toronto Industrial. Miss Williamson, Beaverton, is visiting at Mr. Anderson's.

LECTURE.—An interesting and popular lecture under the auspices of the Presbyterian church will be delivered on Monday evening, 20th Sept., at Oakwood by the Rev. T. Turnbull Johnston, formerly of Florida, who is highly recommended by the press and otherwise. Subject: "The South." The lecture will be illustrated by maps, paintings, etc., highly enjoyed by both the old and young. Admission, 25c; children, 10c.

FRANKLIN.
[Correspondence of The Post.]
AMONG the attractions at the Lindsay Central Fair will be the Traction engines. Every farmer should see them.

OBITUARY.—On the 3rd inst. Mrs. Windrim, who in this neighborhood for at least half a century, departed this life at her daughter's residence, Millbrook, after an illness of several years. On Sunday her remains were followed by a large number of friends and relatives and interred in the Cavan burying-ground, opposite Mr. Wm. Murphy's.

MUNICIPAL.—Mr. John Vance's election to the council has given satisfaction to the majority here. Mr. Vance should have considerable weight in the council and should he show that he possesses the necessary legislative talent will run a good chance for re-election in December next. At any rate he will be looked up to by his brother councillors.

SCHOOL REPAIRS.—Mr. W. Ball has just put up an excellent black-board in our school and made some other long-needed repairs.

OFF TO THE INDUSTRIAL.—Messrs. Had- den, Ball and Irwin took the early train on Monday last for the Toronto industrial exhibition. A number of others intend to go during the week.

PERSONAL.—Mrs. Maggie Ingram of North Manvers is visiting in the village at present.

FENELON FALLS.
[Correspondence of The Post.]
BE STRIKE AND SEE the Lindsay Central Fair, Sept. 23, 24 and 25 in the date. Great attractions in the horse ring.

THE NEW DRIVING PARK.—The work on the new driving park is being pushed with great vigor. The track, a half mile in length, is just about completed, and is second to none in Ontario. The cost of building the track alone was \$800. The work on the track is being pushed so fine a crop of 40,000 bushels. The great ex- haustion of the last crop, which left us September 1st, with a reserve of only 25,000 bushels (the bulk of it spring) will restrict our exporting for some time. Our rapid increase in population and increase in the area under a wheat from year to year, an increased quantity of seed wheat is required annually, so that our export- ing power will not exceed 115,000 bushels; indeed, they are more likely to fall below those figures than exceed them. The fact of common wheat flour being cheaper than Indian meal should not be ignored in estimating the extent of exports of wheat.

NEAREST LIVE STOCK MARKETS.
At the local cattle markets there were offered about 500 cattle, 286 sheep, 200 hogs, and 11 calves. Few good animals among them, and some of the butchers who went there in search of good beef could find none suitable. Pretty good steers and fat cows sold from 5c to 4c per lb., common dry cows at 2c to 3c, and best stock at about 2 1/2c per lb. Sheep and lambs were not very plentiful, but the butchers had bought ample supplies last Thursday and Friday. Steepers were offered from 2 1/2 to 4c per lb. for good large sheep; butchers pay from 8c to 9c each for the smaller ones, and lambs bring from 7c to 8.50 each. Hogs are not so plentiful as on Thursday, but are very abundant, but are not so high as they were two weeks ago or about 5 1/2c per lb.

WORTHY LIVE STOCK TRADE.
Although there has been no quotable im- provement in the British cattle markets, a steady tone has been preserved and the outlook for some gain on values has grown more promising, but no great advance is expected. Receipts from Canada and the

UNITED STATES have been light, but as supplies from elsewhere have continued heavy sellers had to accept former prices. Our special cables of Monday, says the Montreal Gazette, report the market steady and demand fair. At Liverpool transactions were based on steady prices. Prime Canadian steers were at 1 1/2c, fair to choice grades at 1c, poor to medium at 10c, and inferior and bulls at 7c to 8c. Sheep have been in good supply and steady. At Liver- pool Monday best sheep were cabled at 13c, secondary qualities at 11c to 12c, merinos at 10c to 11c, and inferior and runs at 8c to 9c. The foregoing quotations are calculated at 80 in the c. The meat markets were cabled unchanged. Liverpool quotes 6d for hindquarters, and 4d for forequarters per lb., and London is for hindquarters and 2s for forequarters per 8 lbs. by the carcase.

BUTTER AND CHEESE.
The Montreal butter market continues in a very uninteresting condition, in fact aside from the demand for all regular local requirements there seems to be nothing doing. All finest dairy suitable for the local trade continues to have a good sale at quotations and the offerings of such are light. In fact there appears to be no great amount of stock held at Montreal.
