Mr. McCarthy lectured in Montreal Monday on Menday night before a large and delighted audience, comprising many leading citizens of all lesses. His reception was most enthusiastic. Of the lecturer the Montreal Gazette in a leading editorial says: "In both manner and matter Mr. M. Carthy made a deep impression on his audience; indeed, in respect of ornament of dection, thency and ease of utterance, a more entertaining speaker has seldom been heard in Montreal, while his presentation of the cause he has so zealously and so effectively advocated could not offend the most uncompromising opponent of his views...... He made it clear what he me rule does not imply. It does not imply secaration or a weakening of the attachment of Ireland to the British crown; rather the assurated of a deeper loyalty, a more unswerving develon, to the empire of a generous, warm hearted and patriotic people "..... The Witness says: Speaking throughout in pure and ipplished though most earnest language, without a seminance of claptrap but with many bits of humor, Mr. M. The occasion was the marriage of Mr. Hugh J. ("arry to Miss Maggie Bryans, eldest daughter of Jas. Bryans, esq. The marriage took place at the residence of the bride's father, the "Shannon farm," a large number of well-wishers from the neighborhood and from Morden being present to witness the ceremony, which was performed by Rev. T. N. Wilson. After the connubial knot had been tied, a sumptuous supper was partaken of by the numerous guests present, at the conclusion of which the house was cleared to make room for the vctaries of terpsichore. The young people had a right merry time, dancing being kept up till the small hours. The bride's presents made a fine display." The list comprises among many others the names of Mr. R. L. Sennett's grist mill on Wellington-st. was on fire. How long the fire had been in progress no one seems to know, and the building was a mass of flame. The fire brigade got out the hose carts and from the hydrant at corner of Peel and Wellington-sts. two lines of hose were laid and good streams thrown. The building was entirely of wood and dry as tinder; while machinery and shafting inside falling stirred up the fire to active work. A dwelling house to the east was saved by keeping it drenched and a liberal application of water kept the fire off the tannery of W. Robson across the river, some sixty feet wide at this point.... —The Presbytery of Lindsay met at Wick, on let Nov., and accepted the resignation of the Rev. T. T. Johnston of the pastorate charge of Wick and Greenbank, on account of his having to remove to Florida for the health of Mrs. Johnston. The presbytery and congregations expressed deep regret in being necessitated to part with Mr. Johnston, smypathy with him, and an earnest desire that a blessing may rest on him and his in their future home.

A real attended meeting was held on Mon-

on him and his in their future nome.

—A well attended meeting was held on Monday evening in the Church of England rooms for the purpose of organizing a Parochial Missionary Association in connection with St. Paul's church in accordance with the scheme laid down by the bishop. After discussing the methods of carrying out the scheme the following officers were appointed: President. Rev. S. W. Jones; vice-pre-ident, Mr. John Dobson; treasurer, Mr. T. B. Dean, and district canvassers were named.

B. Dean, and district canvassers were named.
.....The meeting also considered the desirability of giving some entertainments during the winter in aid of the new Sunday school building and committees were appointed to take the mat-

ter in charge.

—The weekly entertainment at the Methodist church school room was very successful and well attended. Among the contributions were an instrumental solo by Miss Stevens, reading by Mr. Grant, humorous address by Rev. M. L. Pearson, a very interesting address by Dr. Herriman on the human system, explaining the advantages to health of pure air and ventilation; vocal duett by Messrs. Hart and Lee, reading by Miss Rose and, vocal solo by Mr. J. Lee. The entertainment was given by the "Gamma" committee and very well repaid the effort..... On account of the concert and opening of the Y. M. C. A. rooms the entertainment previously announced for this (Friday) evening at the school room has been postponed until Friday of next week.

—Rev. F. W. Bayley-Jones, brother of the incumbent, preached in St. Paul's last Sunday two very earnest and impressive sermons. He has been preaching in St. Phillip's, Toronto, and at the close of the term was presented with three handsome illuminated addresses from the congregation, the bible class and the C. E. T. S. That from the congregation was in book form and contained all the signatures of members of the congregation and children included. It was accompanied with a solid silver private communion set, richly engraved. The C. E. T. S. presented Mr. Jones with a gold badge of the society, richly enamelled; and the bible class a handsome Oxford bible. Mr. Jones is going to the old country, but expects to return.

—Mr. W. H. Howland, mayor of Toronto, delivered on Tuesday evening an excellent address under the auspices of the Church of England temperance society, clothing in a complete coat of mail that supposed to be threadbare subject temperance. The address was particularly interesting and reassuring to Scott act supporters. He proved by faots and figures what restrictive legislation had done for the country, but his best arguments were in favor of the Scott act. To-day Canada is the most temperate country in the world. Let the anti-prohibitionists say what they would against prohibition in Maine it had withstood all their efforts—the mighty efforts of the drinking world—for years and would for ever. Prohibition never lost ground. He advocated temperance men for our legislatures and our councils, and young men as the liquor sellers were not afraid of our old fogles, but they were of the rising generation... Mayor Howland is one of the best platform speakers Lindsay has ever listened to as was manifested by the vote of thanks tendered him.

—Arrangements are being made by trustees

—It is but little lenger than one year since the Baptist congregation purchased from the Methodists the B. C. church and school house, paying therefor \$5.374. From sale of their old church the Baptiste realized \$2,100. Some very liberal subscriptions were made to the church funds by Mr. George Matthews and other members, and at the annual business meeting held in October a statement was laid before the church by Mr. George Matthews, the clerk from which it appeared that the church was still indebted to the amount of \$335 on the church property purchased from the Methodists about a year ago. Mr. Matthews at the meeting offered to contribute one-haif of this amount if the church would provide the other haif within a month, and thus wipe out all liabilities and secure a deed of the property to the church. Wednesday evening of this week members and friends of the church ascembed in the vestry, smiles wreathing every countenance. After social handshakings, refreshments and some music by the choir, the \$18 was paid over to Mr. Matthews and the deet handed over by that gentleman to Mr. Richardson as senior trustes. Short addresses of congretulation and thankfulness were industrial to the property cleased by snaing "Praise God from whom all biominus flow." The result is in the highest degree creditable to the congregation, who may enjoy their church free of debt in every particular.

(For columns additional form form the first of the interest and distinguished as the congregation, the same way enjoy their church free of debt in every particular.
