

Ayer's Preparations.

A Creaking Hinge

Is dry and turns hard, until oil is applied, after which it moves easily. When the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pain.

Ayer's Sarsaparilla has effected, in our city, many most remarkable cures, a number of which baffled the efforts of the most experienced physicians.

Rheumatism after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy with which I am acquainted, that affords such relief as Ayer's Sarsaparilla. R. H. Lawrence, M. D., Baltimore, Md.

Ayer's Sarsaparilla cured me of Gout and Rheumatism, when nothing else would. I have eradicated every trace of disease from my system. H. H. Short, Manchester Hotel, Belmont, Lowell, Mass.

I was, during many months, a sufferer from chronic Rheumatism. The disease afflicted me grievously, in spite of all the remedies I could find, until I commenced using Ayer's Sarsaparilla. I took several bottles of this preparation, and was speedily restored to health. J. Frank, Liverpool, Va.

Ayer's Sarsaparilla, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price 25¢ per bottle.

LINDSAY, FRIDAY, NOV. 19, 1888. IN MEMORIAM.

Lives in memory of the late Joseph L. Sherman of Aiden, who died in Denver, Colorado, October 22, 1888.

He is gone and no longer the loved one who in the land and now in the light he has down to the land that is father than day.

His father, old why should you mourn him as dead? He walketh the streets of pure gold, The life everlasting is his in that land, Whose inhabitants never grow old.

His mother, old why weepest thou for thy son? Thou'rt he died in a far away land, A crown of rejoicing is his over now, He is one of the glorified band.

Then cease weep no more for thy son, Whose death hath thy spirit oppressed, His Saviour's blood hath wash'd away, And taken him home to his rest.

He is there and suffers, why weep? Do you grieve that he found his repose? Not an earthly enjoyment of sleep, Not a transient cessation of woes.

But a mansion in God's holy place, And the peace that never was old, A robe of Christ's righteousness, And a crown of three purged gold.

No mourning, nor sorrow, nor night, Can enter that bright world above, God's infinite glory shines light, And they bask in His infinite love.

Kirkfield, Nov. 1, 1888. A. BIRKEN. LOCAL NEWS-LETTERS.

UPPER GROVE. [Correspondence of The Post.] PERSONAL. Rev. Father Rey, who has been away for some months, returned to this place Wednesday. He visited France, Belgium, Switzerland and Germany on his trip. He is looking well after his extended trip.

MOUNT PLEASANT. [Correspondence of The Post.] MATRIMONIAL. A wedding is anticipated here ere long. We shall give you a full account of the happy event after it has occurred.

REVIVALS. The Rev. D. N. McManus has started a revival in the A. B. church here, and purposes to continue it some time.

CRESSWELL. [Correspondence of The Post.] TEACHER RE-ENGAGED. The trustees called a meeting of ratepayers on Thursday evening to ascertain the feeling of the section in regard to re-engaging Mr. J. H. Weddon. Though two of the trustees were somewhat afraid to risk it they found that the meeting was unanimously in favor of retaining him. It is a credit to our worthy teacher, who has now been with us some seven years, to find the section putting such confidence in him, and it is honorable of the section to bestow it where it is justly due.

HUNTING. Mr. A. M. Ashton returned from his hunting tour in Muskoka, bringing as his reward a fine young deer.

PERSONAL. Mrs. Wm. Parker of Muskoka is paying her friends in this section a visit. We are glad to see her looking so well. Mrs. Wm. Clark is preparing to move to Essex, where Mr. Clark now is.

BOLCAVORON. [Correspondence of The Post.] SHANTIES. Mr. Boyd & Co. have sent in a large amount of workmen to the shanties. Several other shanties have also settled down to business.

GUY PARK. The anniversary set a few boys to work in the old clock. The festive day was treated to the music of the clatter of cowbells, tooting of horns and the occasional firing of a rifle.

RAD WEATHER. It is not decent weather as it first we have a day or two of fine weather, then some snow and had road, then a pack of growing farmers, then a freeze, then the growing in reared, skating and sleas, the goodie's delight, and then the farmers quit growing and the weather becomes sloppy again. Nothing but mud to the ankles, and a dollar and a quarter a bushel for wheat suits those farmers.

FOUR NOTES. Rev. Mr. Symonds, well known in this village, who has lived some years in Toronto, preached in Christ church Sunday evening.

TAXES. Taxes are being collected, and dogs are being hid, but dog tags prevent the success of that.

NAVIGATION. Speculations are rife as to the length of the season. It is the hope of all that it will close late and open early, as a journey of twenty miles by stage in a day when the thermometer indicates thirty in the shade is not an enviable undertaking.

GRAIN. It sounds strange to hear our miller offering Lindsay prices for grain, but when those prices and conditions are examined wonder ceases. Give Lindsay a fair show and he would get all Victoria, and the water carriage to Lindsay is more convenient by far than that to Peterboro, and those bridges in their present shape are enough alone to keep the farmers from Peterboro, as a loaded wagon sinks the bridge to a considerable depth, and on stormy weather a horse of any spirit unless used to the bridge would leave itself, load and driver in the creek.

BOATING CLUB. Mr. Fred Holman, on the last boating club day, on going down

to the starting place found no competitors. After waiting a few minutes the word to go was given, he called over the course and claimed the flag for the season. There is considerable feeling over the affair as it was an extraordinary feat as the three competitors that all would sail together irrespective of date.

LITTLE BRITAIN. [Correspondence of The Post.] SCHOOL REPORT.—The following is the standing of the pupils in each class of the Little Britain public school. The names are given in order of merit. First class, Julia Morgan, Cephas Allen, Miss Pinkham, Fourth class, Annie Allen, Bert Russell, William Greenway. Senior third class, Edith Mack, Maesta McWaters, Ada Lee, Jr. third class, Nellie Brimwell, Emerson Finley, George Henderson. Senior second class, Mattie Pinkham, Zella Morgan, Ida Smith, Jr. second class, Alma Short, Ida Corrie, Edith Finley, Senior first, Mable Smith, Alma Wickert, Ida Bateman. Junior first, second part, Salena Snelgrove, Almene Snelgrove, Lillie Pinkham. Senior first, Edith Wickett, Anna Rowland, Edith Pinkham. Junior first, Ernest Allen, Ethelbert Greenway, Maurice Culbert. G. W. PEARCE, } teachers. B. M. BROAD, }

OMEMEE. A LOT OF GRAIN.—Mr. Sing, buyer for J. O. Guy & Son, Oshawa, has received about 45,000 bushels of barley since he commenced buying it. The grain is being laidley & Wash have taken in about the same quantity. Good for the Omemee market.

OBITUARY.—On Wednesday last the remains of Mr. Wm. Beatty, Jr. were interred in the Emily cemetery. Deceased died in Brock after a short illness. Quite a number of Omemee people met the corpse at the station and followed the remains to the place of interment.

GOOD FOR EMILY.—We take the following from the Peterboro Examiner's report of the autumn session of the high court of justice held last week: Action brought by the township of Emily to compel the Midland Railway Co. to make more roads. An order was made that the company immediately make good roads in the township, they pay the costs. Mr. Dumble for plaintiff; Mr. Bliggar for defendants. [Herald.]

FLEETWOOD. [Correspondence of The Post.] ANNUALS AND PRESENTATION.—About sixty of the friends of Mr. Fick met at his house on Tuesday evening, Nov. 2nd, and presented him with an address accompanied by a number of valuable presents for himself and members of his family. They consisted of an arm-chair, a china tea set, a photograph album and a couple of walking sticks, representing in a slight tangible manner the esteem and regard in which he and his family are held in the community. The following is the address: To Mr. Robert Fick, wife and family. Having heard with respect to your desire to leave the home of your childhood, we take this opportunity of expressing our good will to you. All the honest principles which you at all times manifested, your amiable and agreeable manners, your sterling worth of integrity and honesty have left foot prints in the sands of time which will promote all that is pure and noble. And now, before you leave, allow us to present you these gifts as tokens of respect which you all deservedly merited, hoping that it will recall pleasing recollections of bygone days when you and our children, that celebrated poetess Mrs. Hemans, says:—

Friend after friend departs, Who hath not lost a friend? There is no union here of friend That ends not here an end.

These words are true, we all know they are true, and such a life, and no matter where your home may be, we fondly hope that health and prosperity may abide within its walls. Manville, November 2nd, 1888.

Mr. Fick takes advantage of this medium to thank his many friends for their kind and hearty manifestation of goodwill and will long remember the pleasing associations connected with his life in Fleetwood.

EMILY. [Correspondence of The Post.] COUNCIL PROCEEDINGS.—The council of Emily met in Omemee on the 2nd last. Present, the reeve, deputy reeve and Messrs. Guiry, Switzer and Scully. Minutes of last meeting read and confirmed. Moved by Mr. Switzer, seconded by Mr. Mitchell, that the reeve, D. Scully and G. Guiry be and are hereby appointed a committee to take necessary steps to have the road opened four rods wide on or at lot No. 21, con. 13, or as near the present travelled road as they deem expedient for the benefit of said road.—Carried. Moved by Mr. Scully, seconded by Mr. Guiry, that the deputy reeve and G. Switzer be and are hereby appointed a committee to drain the water out of the pond at middle road on the 13th con. of Emily, provided it will not cost more than \$20.—Carried. Moved by Mr. Mitchell, seconded by Mr. Scully, that the following bills be paid: Patterson Boyd, grading and gravel, \$10 00; Jas. Adams, building culvert, 5 00; Simon Harrington, work, 1 00; Simon Pardee, work, 5 00; D. Hobin, work, 5 00; A. Faulkner, 50; Joseph Rutherford, 50; A. Finley, 1 25; J. J. Mitchell, 3 50; John Corbett, 3 50; Patrick Moehna, 10 00; Timothy Herlihy, 5 25; Michael Flynn, 21 25; George Rutherford, 8 20; A. Finley, gravel, 8 20; Mrs. George Kerr, gravel, 5 25; Hobin, Grand and gravel, 23 50.—Carried. Moved by Mr. Switzer, seconded by Mr. Guiry, that this council do now adjourn to meet on the 15th December.—Carried.

COLDWATER. [Correspondence of The Post.] RAD ROADS.—The weather is now beautiful, but the roads are not good, consequently business with the farming community is a little slack, but that with the lumbermen is booming.

STILL IMPROVING.—Mr. M. Knight's men are hard at work on a large addition to the Ryan house, which will make it one of the most commodious hotels in this part of the country, and travellers will be better and more comfortably accommodated than ever.

BUSINESS NOTES.—Mr. Doige of the late firm of Doige & Morgan, has opened a tailoring and clothing establishment in the north half of the Reid block, with a large and well selected stock of goods, warranted, overcoats, etc. Go ahead, Will, and by doing the same as when in your late business, you will not only secure your old patronage but gain the "lion's share" of the increasing trade of the village. Mr. Abbott, the best hair-cutter and shaver in the county, also removed to the same block, where he will be waiting for your small change. The plating mill is now in full blast. Blaney, in spite of all opposition, is to the fore and doing the best business in his line. Mr. P. Henderson has fitted some rooms in his new building to accommodate those who do not wish to travel up into the village with meals. SNOW AND ICE.—Six inches of snow and "the beautiful" is reported on the mountain for Ladies summer. It was only snow winter.

SCOTT ACT CASE.—Mr. Ryan of the Ryan house was last Saturday cited before Justice Manning and Brown to answer the claims of Messrs. Lacey and Wilson obtained their liquor some time ago, but the case was postponed until Thursday, when we hope these interfering scoundrels will have to turn some other way of gaining favors, and the ready case down that is more honorable.

GRAIN BUYERS WANTED.—There still remains room for a grain-buyer and it is a marvel that some of our leading business people do not exert themselves to have this position in a position to handle all kinds of grain. It is a position to handle all kinds of grain, from the best to the worst, and on coming some miles with a few bushels over our bad roads at this season of the year, it is a position to handle it in the same way.

WILLIAMS' INDIAN FILLS.—Dr. Williams' Indian Pills is a new cure for Bilious, Stomach, or Itching Piles. No one need suffer. Prepared from Purely and never fails to cure. Sold by druggists for \$1.00, or mailed on receipt of price. WILLIAMS' MED. CO. Cleveland, O. 23-17.

only grain handled in large quantities by Lovings & Co. Look alive or we may be left in the cold. Markets are springing up around us. Competing villages are not far distant. Let us keep the trade in all ready order so all we can do to gain as far as we can. There is now competition in nearly every line of business in the village.

GREENBANK. [Correspondence of The Post.] WEDDING BELLS.—Hymen has been working havoc around here the last few weeks. The first on the list was Miss Susan Gorton to Mr. S. Thompson of Sunderland. The next came Miss Mary A. Byers to Mr. Harper of Oakwood; and last but not least, Mr. Willmot Ailing to Miss M. Johnson of Brock. Indications show that more are to follow.

OAKWOOD. [Correspondence of The Post.] OAKWOOD HIGH SCHOOL.—Roll for October. Seniors, M. Fryer, 49 per cent; W. Mark, 75; M. Fennelly, 67; P. Pilkey, 65; H. Beacham, 65; R. Pilkey, 60; L. Pomeroy, 60; Geo. Foster, 60; T. Kirby, 59; C. Anderson, 57; W. W. Brown, 57; H. 52; T. Smith, 50. Juniors, F. Verex, 75; J. Henderson, 73; A. Silverwood, 71; A. Wilson, 69; C. Adams, 65; E. Broad, 64; J. Hooper, 57; L. McLean, 57; A. Foster, 55. J. C. FOSBERG, head master.

CARDEN-CENTRE. [Correspondence of The Post.] THE TROUT RIVER BRIDGE.—With regard to the new bridge over the Trout River in Carden item in THE POST last week by "Fair Play" it may be stated, that the commissioners were the Warden and Messrs. Taylor and Stoback; and it may be relied on that they did what was right and in the best interests of the county. It was at first thought that the south approach would not need repairing, but somewhat late in the season it was thought best to repair the time was short, and short to advertise for tenders; and the work was given to Mr. McElroy, as it was felt he could do it promptly and well. The work has been very well done, and the bridge is now the finest in the county. The commissioners have done well with regard to cost; and everybody is satisfied except, it seems Mr. "Fair Play," who is known as somewhat officious and busy, and who has once more "gone off at half-cock."

FENELON FALLS. [Correspondence of The Post.] THE PLATE GLASS.—The plate glass for the front of Mr. McArthur's new store has been placed in their frames and have a very fine appearance.

ORANGE CONCERT.—The concert and entertainment under the auspices of L. O. L. No. 206 came off on the evening of the 15th as advertised, and the program gave great satisfaction to all who attended.

NEARLY BLINDED.—While Mr. R. Jacket was breaking stones on the road to early this week a chip flew up and struck his right eye with such force that he narrowly escaped being blinded. He feared that the splinter of stone had penetrated the eyeball until the doctor assured him that such was not the case; but the blow was so severe that the effects of it will probably last for some time. Mr. Jacket says that, although he has been here, this is the first accident of the kind that ever befel him. [Gazette.]

GAMBRIIDGE. [Correspondence of The Post.] FARM LEASE.—Mr. John Whelan has leased for a term of years, Mr. Malcolm Montgomery's farm, lot 1, con. 5, Thorah.

PERSONAL.—Messrs. Donald Morrison and Neil Gilchrist of Manitoba are home visiting friends and acquaintances. Mr. Angus P. McDougall, who has been at the Rockies all summer, has returned. Mrs. Gordon of Kirkfield is home visiting her mother and sister, Miss Louisa Brennan left on Tuesday last for Toronto.

Mr. Tisdale's family, who have been visiting Mr. Hodgkinson's and attending Egypt school all summer, have returned to the city.

COMING EVENTS.—It is rumored that we are shortly to lose one of the fairer sex.

JOTTINGS.—Mr. Campbell of Egypt settlement intends to work his farm, Mr. Gordon's lease having expired. Mr. Angus McDougall of Beaverton is building a new house on his farm on the Portage road. Mr. Peter Ritchie has purchased all the pine on Mr. Wm. Keen's farm for about \$400.

RE-ENGAGED.—Mr. Wm. Williamson, teacher of a No. 2, Point Mara, has been re-engaged for 1887.

PORT PERRY. HYMENAL.—Mr. Ott Graham, V.S., returned this week with his bride, Miss Jordan of Valentia, and we welcome the fair lady and join in wishes for their future happiness. Also Mr. Marshall Stonehouse has wooed and won the hand and heart of Miss Locke of Newburg. The nuptials were celebrated in the Methodist church and was witnessed by a large and attentive audience to watch the interesting ceremony. The bride was presented with a handsome bible in accordance with the custom, she being the first lady married in the new church.

A SHARP GAME.—A little escapade, which might as well be published here as to await its repetition, occurred now last week. A speculation from the city came here last week and during the evening sought to divert his mind from loveliness by playing for a few dollars with our men. One night the Toronto chap found himself done up for about \$300, and retired to his room in a state of physical, moral and financial paralysis. His partner and two accomplices divided the cash. Then two of the trio clubbed together and got the third man drunk and cleaned him out while he slept, so that by this time two out of the quartette owed the whole pot. But it so happened that the man who had been robbed while he was drunk had noted the numbers of a few of his bills and on enquiry from a Whitty gentleman with whom his two associates crooks had traded horses, found they had got his identical \$10 bills as boot money. He had the two men arrested and secured a refund for his money, it is said, for avenging them free. [Cor. Chronicle.]

A WILD MAN OF SCROGG ISLAND.—Among other strange things we have wild men on the island now. We have not given him chase yet, as we did the lynx last fall, although the some of the champion runners with us yet. The strange man has taken up his quarters in the Indian woods and is said to be armed with two revolvers and a large knife. He was first seen by Miss Gange who had some talk with him, but he will give no information about himself. He has since been seen by Miss Johnson, Miss Nettie Wallace and others. [Standard.]

SHOOTING THE DECOYS.—While two of our boys were out shooting wild duck the other day one of Port Perry's sports slipped up between them and hid every decoy the boys had got by shooting at them about twice. Are wooden ducks good eating, John? [Standard.]

STALLION SOLD.—Mr. Wm. Foster of Brock has sold his grand stallion "Sentinel" to Messrs. Graham Bros. of Clarendon for \$2,500. It is not necessary to state that "Sentinel" is a good horse, as the price paid for him speaks emphatically on that score.

ACCIDENT.—A young man named Wm. McQuoid, in Mr. Allison's employ, accidentally stepped on the trap door in the second story of the building at Brock, which instantly fell on him, and he was killed. On his descent he broke several ladders, a sign and other effects. He also cut his arm with a piece of glass, and yet he had a very fortunate escape.

A visit to Dr. Green's Laboratory, at Woodbury, N. J., has considerably changed our views, and especially our prejudices in regard to what is generally known as "Standard Patent Medicines." Of course we are getting to that age in life when we are forced to conclude Life itself is a humbug, and naturally distrust anything that has not long withstood long and tried experience. Being a physician I had the curiosity to know how such a sale of two medical preparations could be sustained for so many years. The perfect system upon which the business is conducted, and the pharmaceutical arrangements for the manufacture of the two recipes with which we are made acquainted, are sufficiently convincing to us that the "STANDARD FLOWERS" for Dyspepsia and Liver Complaints, and BOSCHER'S GERMAN STIMP, for Throat and Lung Troubles, were for the complaints they are recommended, most excellent remedies, and only regret that in much of our practice, medical ethics prevent us from prescribing them without making the formula public. When we were shown the great quantity of voluntary letters having been forwarded Dr. Green, from all parts of the country, and from all classes of people, lawyers, ministers and doctors, giving a description of their ailments, testimonials of their cures, etc., I feel like endorsing Dr. Green's suggestion that the Government accept such valuable formulas, and license them for general use by giving protection to the inventor same as patents generally.
