LINDSAY, FRIDAY, NOV. 26, 1886. LOCAL NEWS-LETTERS

WOODVILLE. [Correspondence of The Post.] ST. ANTHONY'S. Woodville St. Anthony's society will celebrate their patron saint's natal day (Nov. 30th) by giving a dinner and social at the Spencer hall. A capital time may be expected. MOUNT PLEASANT. [Correspondence of The Post.] FORTNIGHT. The usual "burn" can be heard daily in the foundry here now, as every thing about it is in first-class order. PERSONAL. Miss Martha M. Hoberston of South Venaul is here on a visit among her friends now. BOCAVIGLEON. [Correspondence of The Post.] SEVERE STORM. The storm was so severe on Friday that the houseboats in starting from Little Hob wharf with two scows, at a distance of about a mile, at eleven o'clock in the forenoon, did not reach the locks until about 3 P.M. RETURNED. Messrs. D. and F. Portune, J. Hink and Healdy, who went to the Rocky Mountains about six months ago, have returned. They look in good health, and though they think a good deal of British Columbia, they are all quite satisfied to be once more in the village of "the good, the true and the beautiful." OBITUARY. Mr. Alexander Orr died on Sunday last after a severe illness. He will be much missed in the village, having been several times a village councillor. He was superintendent of the Presbyterian Sunday school for many years. Socially he was a man of sterling qualities, a staunch temperance advocate, and politician he was energetic and devoted reformer. He was buried on Tuesday in the Catholic cemetery. The funeral was one of the largest ever held in the village. The school children were dismissed for the afternoon and attended. Mr. Orr having been very popular among the young men, a wedding was within a few months of being seventy years of age. He had been superintendent of the Presbyterian Sabbath school for several years. ACCIDENT. A rather serious accident occurred to Mr. John Murphy, jun. He had been recently recovered from a severe illness and had been very weak, but he decided to take a ride to the village with his father. They stopped to talk with the miller, and while they were starting the horses gave a jerk, which broke the board on which they were sitting, throwing them from the mill. Mr. J. Murphy alighted on his back and head, the hind wheel of the buggy passing over his head. He is recovering, but very slowly. LAMP EXPLOSION. On Saturday night about eight o'clock a lamp exploded in the home of Mrs. Nixon, who with admirable presence of mind effected to extinguish the flame, partly smothering it, and snuffing it with water. When some neighbors arrived they found the floor and the ceiling considerably damaged. SKATING. On Saturday the boys of the village began skating. It was all well and everything went well in the morning, but the sun fell very thin for the afternoon. The result was that several boys got a watering on the boots till - all got thinner - over the head. A little more frost, boys, and it will be good skating, but do not stick too much in the present state of the ice. REPAIRS. A dam has been thrown across Little Hob channel for the purpose of damming the water from the mill to allow the millwright a chance at its understanding, which is rather often and often in its present condition. The dam was since broken by the high winds of Thursday. It is being repaired. WOULD HE SAY? - Mr. J. H. McLaughlin AND ONLY ONE. A farmer coming across the lake on landing at Little Hob wharf dropped a bag of flour into the water. When some neighbors arrived they found the flour and the bag considerably damaged. STRUCK OUT. While digging a well 50 ft deep on Monday last, a large quantity of oil was struck. If we were speculators in this section we would not state the amount, but as we are not we may as well state it was a very good one. Mr. Moon, the digger, says that he is not the first occurrence of the kind and that it is considered a quantity will not be far from the mark. VENTILATION. A brick has been covered with a new ventilator. DRAIN HOLE. On Thursday last one of our farmers went for a hunt on the hill. If they would put down bounding the door there would be plenty within a few miles of the village. BOTTLE MARKET. Our butter market is a very good one. Factors price being paid for it. Factors price being paid for it. FACTORY. Our factory price being paid for it. FACTORY. Our factory price being paid for it.

same day as for the provincial election. Let us hope so. The local market is now in a better state than it has been for some time. The price of wheat is high, and the price of flour is also high. The price of butter is also high, and the price of eggs is also high. The price of meat is also high, and the price of fish is also high. The price of vegetables is also high, and the price of fruit is also high. The price of clothing is also high, and the price of shoes is also high. The price of furniture is also high, and the price of household goods is also high. The price of real estate is also high, and the price of stocks is also high. The price of bonds is also high, and the price of commodities is also high. The price of services is also high, and the price of labor is also high. The price of money is also high, and the price of credit is also high. The price of information is also high, and the price of knowledge is also high. The price of wisdom is also high, and the price of virtue is also high. The price of honor is also high, and the price of glory is also high. The price of power is also high, and the price of influence is also high. The price of respect is also high, and the price of esteem is also high. The price of love is also high, and the price of affection is also high. The price of friendship is also high, and the price of loyalty is also high. The price of duty is also high, and the price of justice is also high. The price of mercy is also high, and the price of compassion is also high. The price of kindness is also high, and the price of generosity is also high. The price of honesty is also high, and the price of integrity is also high. The price of courage is also high, and the price of valor is also high. The price of strength is also high, and the price of endurance is also high. The price of patience is also high, and the price of perseverance is also high. The price of industry is also high, and the price of diligence is also high. The price of self-preservation is also high, and the price of self-protection is also high. The price of self-defense is also high, and the price of self-assertion is also high. The price of self-assertion is also high, and the price of self-assertion is also high. The price of self-assertion is also high, and the price of self-assertion is also high.

NORTH OPS. [Correspondence of The Post.] HYMNICAL. A very pleasing event took place on Tuesday last, being the occasion of the marriage of Mr. P. Gillette of Kings Wharf. The bride, Miss Jennie, daughter of Mr. George Green of this place, and one of our most attractive young ladies. The ceremony was performed by the Rev. Vicar Gen. Laurent at St. Mary's church, Lindsay. After the ceremony they returned to the bride's father's residence for a very sumptuous repast. The procession from the church to the father's residence consisted of twenty carriages. After the happy couple took the train for an extended tour through our western cities. The wedding presents were very numerous and costly. The wedding party remained at Mr. Green's where they enjoyed themselves in the light fantastic until the "wedding hour" was over.

COLDWATER. [Correspondence of The Post.] WHAT SOME PEOPLE WOULD LIKE TO KNOW. Who is the correspondent of The Post... When the "beautiful" is coming to stay with us... Who that temperance man is in Coldwater who sends information to Inspector McKay... How it is possible for a man to get drunk in Coldwater... A large number of sleighs have been shipped from Robinson's carriage works... W. J. Lenthorne has gotten up some very nice cutters for McNaughton & Banister's livery, while his large shops are full of winter rig under way... After nearly four weeks' presentation Mr. Ryan has got off once more... The court - or rather Inspector McKay - in five sittings succeeded in finishing out the matter... It is not possible for a man to get drunk in Coldwater... HUNTING. Last week J. Gray, jun., brought home another fine buck last week... The buck was a very fine specimen of the species and report game exceedingly plentiful.

NORLAND. [Correspondence of The Post.] FIRE. On Thursday evening last about 8:30 a fire broke out in the blacksmith and carriage shop occupied by Messrs. Nelson Irwin and R. J. Courtemanche. When seen first it was thought that Mr. Irwin was working in his shop and no one suspected the fire broke out through the roof. Almost instantly a large crowd had gathered and willing hands were at work to save what could be saved, as it was noted that to attempt to extinguish the flames. Almost all the property of Mr. Irwin was taken out, but that of Courtemanche was all lost, except a few tools which he had left. For a moment the wind turned and blew into Mr. Irwin's shop. Then it changed back again and blew straight across the river. But this moment was long enough to carry the flames across to the barn. All hands were then employed in carrying water. Dr. Martin stepped to the ground to pick up a post, when another struck him on the head just as he was raising a severe bruise and gash about two inches long. Notable among the workers were Samiel Hastings and Joseph H. McLaughlin, who stood on the roof of the burning barn and handed the pails with such effect that although the whole end of the building was in flames it was extinguished. ACCIDENT. Last week while working in his shop Mr. R. J. Courtemanche dug a brook into his leg, just above the knee. The axe went in until stopped by the bone. This was followed by the fire which had broken out. Mr. Courtemanche is laid up now and will be through most of the busy season. His leg at the present time cannot be less than 200 and he had no insurance. PERSONAL. Mr. J. H. McLaughlin has moved to Killott's Falls and Mr. Hastings has moved to Norland. We have now a resident magistrate.

BLACKWATER. [Correspondence of The Post.] BUSINESS. Since writing last business has commenced in earnest at this place although it has been a long time getting under weigh, owing to the slow manner in which capital has been put into it. The anticipations of success have not been disappointed. THE GRAIN MARKET. We have three grain warehouses which are rented respectively to Mr. D. C. Harvey of Whitby, who employs Mr. Shannon, the merchant here, to buy; Messrs. J. Coffin & Co. of Toronto and Messrs. Whitlaw & Co. of Uxbridge. The two latter firms were to share the large gravitation warehouse which is subdivided, but for some reason, perhaps because the building is not completed, the Toronto firm has allowed the Uxbridge firm to use it altogether for the present. Mr. O'Brien of Uxbridge is the manager of the latter firm. Prices have been very good for the times competition here. Farmers are coming from near Mariposa, Scott, Rosch and North Bay. THE WAREHOUSES. The large warehouse is most convenient for taking in and shipping out, as it is so lifting. The building is against the side of an old gravel pit, so the farmer drives on top of the bank and unloads into the upper story, and the cars are loaded on the switch running alongside the building in the pit. There is so little trouble in handling grain and such a saving of expense in handling to the buyer, that the latter ought to be able to give more for and the former, even supposing he only got the same price, should naturally prefer to deliver at Blackwater. The capacity of this building when full is between 2500 and 3000 bushels. It is 50 feet long by 20 feet broad and three stories high. The other warehouse is a temporary one, built for the purpose of storing grain for Mr. Shannon. It is the barn of the hotel fitted up for the time being. Mr. Shannon is a very successful merchant. Mr. Johnson, a buyer long and favorably known to farmers, he having bought in old days for some years. A FINE SHOP. Mr. Hodd has built a handsome shop on the corner of the Centre and the street from the station, which would be a great benefit to any village in the country. It is a frame building, 24x20, two stories high, neatly completed. The shop is broad, airy and light, and is as well adapted for business as any building of the kind in the country. It is a great benefit to the community and will have to be recommended to another village.

WATER. [Correspondence of The Post.] FIRE. On Thursday evening last about 8:30 a fire broke out in the blacksmith and carriage shop occupied by Messrs. Nelson Irwin and R. J. Courtemanche. When seen first it was thought that Mr. Irwin was working in his shop and no one suspected the fire broke out through the roof. Almost instantly a large crowd had gathered and willing hands were at work to save what could be saved, as it was noted that to attempt to extinguish the flames. Almost all the property of Mr. Irwin was taken out, but that of Courtemanche was all lost, except a few tools which he had left. For a moment the wind turned and blew into Mr. Irwin's shop. TOWN JOTTINGS.

Notice to Pay Up. All parties indebted to S. PERRIN, either by note or book account, are requested to settle forthwith - 19-47.

A Second Advertisement of Fancy Hanging Lamps, all new patterns and low in price, at A. CAMPBELL'S - 19-2.

A Permanent Cure Guaranteed. To those that suffer from various diseases of any kind, we will guarantee a permanent cure for \$3 without doctor or drug. Write enclosing stamp for pamphlet to box 37, Lindsay, Ont. - 19-24.

The Mayor's Reply. We are requested to state that in response to a summons and general desire to have him come out for the mayoralty, Mr. Thos. Walters has consented to become a candidate for that position. He is well-fitted for it, and deserves the promotion.

Boots for the Millions. Men's Foot Boots for... \$2.50 Men's Kip Boots for... 2-35 Women's Button Boots for... 1.00 All other lines equally low at S. S. RITCHIE'S - 20-2.

Check Flannels. Heavy Check Flannels are selling at 19c a yard at The Fair, G. A. WOOD'S old stand.

From the South Chicago Calumet we take the following paragraph: "Mr. Ralph Clarke of Lindsay, Canada, and Miss Gertrude Burt were united in matrimony at the residence of the bride's sister in this place last evening. The ceremony was performed by Rev. G. H. Bird of the Congregational church, the home of the happy couple will be in Canada."

Newspapers and Magazines. We publish elsewhere the prospectus of the new Scribner's Magazine to be issued next month. The Independent says: "The distinctly literary flavor of the forthcoming Scribner's Magazine will be maintained by the editors and publishers very carefully, while on the other hand, the new periodical will be kept free from that class of articles which makes the specialty of the common church, the general reading public. The illustrated matter will leave nothing to be desired."

On our seventh page appears the prospectus of "The National Magazine" for young people and of the Century for 1887. The great feature of the Century will be "The Life of Lincoln." Consult the advertisement for the many attractions. The edition of The Century has now reached 250,000 copies.

COMMERCIAL NEWS. OFFICE OF THE CANADIAN POST, 27, 1886. Business and Finance. The roads have hardened up to some extent, facilitating the marketing of grain. Barley is being delivered as freely as at any time during the season, though prices have fallen. Some wheat is coming in, but the market cannot be said - in this respect - to be active. A large quantity of oats has been taken in, principally to supply requirements for the market for produce continues active, with a good demand for butter and eggs at fair prices. Poultry is offered in quantities and, as colder weather may be looked for, will no doubt be in constant supply.

The Warden of last week (Nov. 19) says: "As an instance of grain prices we may mention that last week's price for No. 1 barley in Peterboro, when in reality the price was 50c, was 55c. Only one load was sold at 50c, and we are informed on the VERY BEST AUTHORITY that THE POST'S correspondent is particular to say so, but like Cameron of Huron and Mr. Blake, THE POST is quoted the report of the injury of its own correspondent. The price of No. 1 barley in Peterboro is quoted at 50c to 55c. In the telegraphic report; at Oshawa and some other places the price was 50c to 55c. The price of No. 1 barley was 50c for No. 1 bright; No. 1, 50c; No. 2, 48c; and so on. The Warden has made another mistake in the ordinary way, and has been suffering our cotem, was quite ready to be satisfied with the price of 50c. The price of No. 1 barley in Peterboro is quoted at 50c to 55c. In the telegraphic report; at Oshawa and some other places the price was 50c to 55c. The price of No. 1 barley was 50c for No. 1 bright; No. 1, 50c; No. 2, 48c; and so on. The Warden has made another mistake in the ordinary way, and has been suffering our cotem, was quite ready to be satisfied with the price of 50c.
