GRAND JURY PRESENTMENT. May it please your honour: The grand jurors of our soveres in lady the queen, assembled at the general sessions for the county of Victoria

of our soveres, a lady the queen, assembled at the general sessions for the county of Victoria beg to make their presentment.

We, in common with all who were acquainted with the late. Doctor George A. Norris is his public capacity as a magistrate and a member of the county council, and in his private life desire to give expression to the general feeling of sorrow experienced in the community when he was addenty taken away by death in the seath of July last. In every relation to the people he proved hisself worthy of the confidence and esteem of his fellow-citizents.

We have examined the vault in the office of the local registrar of the high court of justice, to the condition of which your honour referred in your address. We are pleased to be able to state, from our observation, that no permanent injury is likely to be caused to the papers and documents filed in it. We would however suggest the prepriety of public officials calling the attention of the county council to any matter of this kind, which body is, no doubt, always ready to deall that is necessary to provide for the protection of the laterests of the community.

With reference to the enforcement of the Scott act, we understand that the question of prohibition was fully and intelligently dealt with by the grand tury jet the recent sittings of the court of assize and for that reason we do not deen it necessary to discuss the question at length now, but we desire to place on record the statement that we entirely coincide with the views then expressed in favor of progressive legislation.

We have disct arved the duty which devolves

We have discharged the duty which devolves on all grand puries, to visit the county good. The institutions is in good condition in every respect. It is gratifying to find that no person is confinen for any serious offence, the only installed being three vagrants and one issue passes.

All of which is humbly submitted.

Charges Squarety Met-Look Out for Freeh Charges. The tories have had fourteen years

which to pick holes in Mr. Mowat's record. Every charge they have made yet has been squarely met and refuted, and most of them have been shaudoned. The torics will spring other charges at the last moment, trusting that there will not be sufficient time for explanation. But let the people everywhere be warned. If charges which are formulated after years of careful preparation can be disposed of, those sprung in a hurry can be met with even greater ease. It will be safe for the electors to disbelieve everything the tories say between now and the election.

The Two Versions-Some Alarming Points Cleared Away-"That Man Enghes" Shows Up Again.

Those of our readers who have heard the Sam-section enlarge upon two "strange" and "mysterious" omissions from the scripture lessons, will enjoy reading the sub joined exposure and refutation of the Jimsection tactics at Hamilton, which we re print from the Times:

print from the Times:

"What kind of an example is it for the children in the schools when the inspector of schools in the largest city in the province resorts to cunning tricks to help his political party? That man Hughes, who speke in the opera house on Tuesday night, declared that certain verses were omitted from the scripture selections prepared for use in the public schools, because the Catholic archbishop did not want to have such doctrines taught as were contained in those verses. He took up a bible and read from it this verse:

For there is one God and one Mediator between For there is one God and one Mediator between God and man, the man Christ Jesus.

L()(AL MATTERS.

VICTORIA COUNTY COURT.

The sittings of the county court (quarter sessions) opened at Lindssy on Tuesday, the 14th inst, before His Honor Judge Dean, with gentlemen of the local bar in

For there is one God and one Mediator of God and man, the man Christ Jesus. Smithson, foreman; J. Anderson, W. Belfour, P. Brady, Geo. Byng, P. Con-Orange friends by quoting the verse:

Honor all men; love the brotherhood; fear God; honor the King, God; honor the King.

That verse, he argued, was omitted from the school selections, because the Catholics do not believe in honoring the king; they honor the Pope. But in the Dousy bible the text appears, word for word, the same as in the Pretentant bible. If Mr. Hughes did not know these facts, he had not made proper preparation to discuss the question, and it was an insult for him to try to instruct others. If he did know them, he played the part of a hypocrite and a deceiver.

ENTERIZAMMENT.—One of the most pleasing entertainments that has ever been our good fortune to listen to was given in Bryson's school house on Thursday evening of last week. The program was quite lengthy but full of interest, both to the lover of fun and a laughable scene, and also to the more serious, thoughtful mind. The selection of readings, songs, recitations, dislogues, and their arrangement, were good, and the rendering without an exception away up and nothing short in many instances of professional ability. Although much praise is due to Mr. Keys, teacher, yet he is to be congratulated on the aptness, ability, and talent with which the pieces were learned, and by those taking parts, it surely was a credit to all interested, teacher, school and parents. The program leated four hours, and to say the least, everyone present was delighted, pleased and profited. BRYSON'S-OPS.

SCHOOL EXAMINATION.—The school examination of this place was held on Thursday siternoon, the 23rd inst. A goodly number of parents and friends were present, and all expressed themselves as being well pleased with the progress made and the work done during the year which is nearly over. A most interesting feature of the examination was a spelling match among the pupile; which caused a deal of excitament. A programme had been prepared and after intermission, with Mr. Decatur acting as chairman, the children gave recitations, a reading, a dialogue and sang several kindergarten songs very heartily. An amusing recitation was given by Eddie Wilson, entitled, "The sale of old bachelore," which was well received. Nellie McFadyen, on behalf of some of the pupile, presented the teacher, Mise Angue, with a handsome gilt framed mirror, as a Christmas box. Looking at the happy faces and thinking of the kind hearts a person would be led to exclaim with the Poet Shaftesbury.

CHRISTMAS.—Christmas in this village is CHRISTMAS.—Christmas in this village is generally a day of quiet enjoyment and eleigh riding. A fall of snow the day before made eleighing a certainty. The temperature lowered sufficiently to make ekating good and yet not too cold to enjoy it. The rink was crowded both in the afternoon and evening with spectators and staters.... Mrs. Youmans delivered a temperance lecture in the town hall and the shanty men denounced the Scott act and went in for "moxie," to pase time sway, which, strange to say, acted in the same manuser on their upper stories as old rye of long ago....
