Dr. CORNWALL moved the reception of the report from the standing committee on education. The council went into commit-tee, Dr. Cornwall in the chair, and the re-port was read as follows:

your committee after considering the petition from Thomas M. Bowerman and 109 others, ratepayers of the village of Bracebridge, praying this council to adopt a resolution recommending that a high school be established at that village, would recommend that action be deferred until the June session in order to enable your committee to give such an important matter mature consideration.

With reference to communications submitted from the city clerk of Kingston, enclosing resolutions relating to the establishment of a school practical science, your committee recommend that no action be taken.

Your committee recommend that in addition

that no action be taken.

Your committee recommend that in addition to the points to be submitted to the honorable the minister of education, as suggested by this committee in December last, the minister be requested to give a ruling as to the legal liability of the county of Simcoe to fulfil the engagement entered into by the inspector of that county on its part, for the joint support of the model school at Bracebridge.

Yeur committee recommend that Mr. J. C. Harstone, headmaster of the Lindsay high school, be appointed a member of the board of examiners of public school teachers in the room and stead of Mr. Wm. UConnor, who has removed from the county.

Your committee beg leave to report by by-law the appointment of high school trustees.

Omemee I. McNeely.

Oukwood -A. Cameron and W. Eyres. By by law Mr. J. C. Harstone, principal Lindsay high echool, was appointed a member of the county board of examiners for public school teachers. CUTTING OFF MUSKOKA.

A petition to the legislature praying that the county of Victoria be relieved from the care of the Muskoka municipalities was moved by Mr. Kennedy and se-

conded by Mr. Campbell.

Dr. CORNWALL pointed out that a similar petition had been sent to the government by the Victoria county council of last year. In reply to that petition no action had been taken by the government. It was quite possible that the legislature did not desire any change in present arrangements, but it was important to the county that the change should be made as

Mr. HOPKINS said that owing to road and bridge and school complications it was highly necessary that the county should get rid of the Muskoka municipalities. He should move for a committee and ask for a deputation. Probable expenses in Muskoka localities would be very large.

Mr. CAMPBELL supported Mr. Hopkins' opinion and said we could not send too many petitions. The Muskoka munici-patities done their business in other centres. We derived no benefit whatever from the present arrangement. The county of Victoria must insist on action being taken and this very serious expense got rid of. If the county was to undertake the building of only one bridge it would cost some \$2,000. The government must be told to take charge of the district.
Dr. Cornwall favored all that had been

said and suggested that a deputation Coi. DEACON pointed out what he inferred to be the proper proceedure.

Mr. SMYTH suggested that calling attention to memorial already in the hands of the government might answer the pur-

The council went into committee, Mr. Kennedy in the chair. The memorial was read. Briefly summarized it pointed out the position of the county of Victoria as the position of the county of Victoria as regards area, population, resources and assessment. It was claimed that the Muskoka district was too far away and that local necessities were now and likely to further become a burden on the county of Victoria. It was pointed out that if formed into a provisional county the people of the district could more readily control their own municipal expenditure. Complications arising out of the enforcement of the Scott act afforded additional reasons why the district should be separated from the county of Victoria.

why the district should be separated from the county of Victoria.

The petition was reported read without amendment, adopted and ordered to be transmitted to the legislative assembly, and also to be presented at the proper time by a deputation from the county. Mesera. McEachren, Broad, Cameron, Kennedy and Col. Deacon were appointed a deputation to present the memorial to the Ontario government.

APPROPRIATIONS FOR 1997. A by-law to provide for the expenditure of sums of money on certain leading roads in the county was taken up in committee, Mr. Heastip in the chair. In all \$6,000 was apportioned to be expended. Apportionment of \$5,000 on busis of equaliza-

On motion of Mr. STABBACK a second report of the committee on roads and bridges was read in committee as follows:

report of the committee on roads and bridges was read in committee as follows:

Your committee have taken into consideration the charges made by Mr. James McDonald. ex-reeve of Stephenson, and Mr. C. T. Duke against Mr. Wm. Parker, the present reeve of that township, charging him with grave irregularities in connection with the expenditure of certain moneys placed at his disposal as commissioner in the year 1894.

Communications have also been submitted from Mr. Daniel Bain, clerk of Stephenson, and Mesera. John Boyd and J. H. Oeberne, residents of the township, disproving to a large extent the principal charges, and a copy of resolution passed on the 22nd instant by the council of Stephenson, signed by all the members, expressing entire confidence in Mr. Parker and stating their belief that Mr. McDonald is actuated in his charges by personal ill-feeling against Mr. Parker.

After examining the documents and hearing a full, explicit statement from Mr. Parker, the committee beg to report that in their opinion he expended all the moneys entrusted to him as commissioner for the county in the year in question, and that while he might and should have acted in a more business like manner they do not find that he is properly chargeable with any improper motive in discharging his duties. Your committee recommend that in accordance with the resolution of council the reeves of the respective municipalities in the county be requested to report at the June session the amount which would be required to improve satisfactorily the leading roads in each municipality.

The report was adopted, the clerk being instructed to send a copy of the report to the council of Stephenson.

EXTENDING THE CLOSE SEASON. A memorial to the legislative assembly praying that the close season for deer be extended was, on motion of Mr. Stabback, considered in committee. It is asked by the memorial that the time in which it shall be unlawful to kill deer be from 1st December in one year to 15th Oct. in year following. A clause was added to the memorial praying that the law be amended so as to prohibit the use of dogs in hunting and running deer.

Mr. Balley urged this view, and related his experience about his own neighborhood.
