LINDSAY, FRIDAY, APRIL 15, 1887. LOCAL NEWS-LETTERS

DECK LAKE-LANTON. [Correspondence of Tur. Post.]
PARTY. A few evening's ago quite a crowd gathered at Mr. Atchison's of Bexley, where they all spent an enjoyable evening, each one returning home well satisfied with their evening's enjoyment.

DOWNEYVILLE. (Correspondence of The Post.)
CHEESE MERTING.—The annual meeting

CHERSE MERTING.—The annual meeting of the patrons of Downeyville cheese factory was held at the factory on Friday, 8th inst. On motion Mr. Thomas Harrington took the chair. Mr. J. C. Leary was appointed secretary. The report of the past year's transactions were read and adopted. The following officers were elacted for the present year: Directors, C. Lucas, J. Lucas and R. Fox; secretary, E. Shine; salesmen, G. Guiry and J. C. Leary; treasurer, the Dominion Bank, Lindsay. The re-election of the officers showsthat everything is very satisfactory. In regard to our dealings with the Dominion bank it is safe to say the bank has been very correct. Although adhering strictly to the rules of banking still we find the manager and staff of that still we find the manager and staff of that institution very civil and accommodating,

POLITICAL.—Before closing permit me to say a word about the election. It is to be hoped that every reformer and every son of a reformer will exert themselves and vote for William Needler. We are going to give him such support as an honest man supporting an honest party deserves. Honesty and justice to all men and preference none is one of the great planks of the liberal party. Besides we are disgusted at having to go out through the mud to yote. We think Mr. Hudspeth should have known better—seeing he is a lawyer—than to run when he could not hold his seat. Therefore we are going to vote for Needler.

LET US HAVE HIM.—There is a very great desire down here to hear Mr. Hughes of the Warder, otherwise known as "Coal Oil Sam." There was great disappointment when he did not speak at Mr. Hughes peth's meeting Tuesday night and give us the benefit of his views on things in general. Mr. Hughes rides out in great state ersi. Mr. Hughes rides out in great state with Mr. Hudspeth in certain directions, but they never come to Downeyville together. In the words of Josh Billings, 'Why is this thusness?"

BEAVERTON.

POSTPONED.—A banquet was intended to be given to our member, Mr. Madill, on Monday evening last, but he having informed the promoters of his intention of leaving for Ottawa to attend to his pariamentary duties on that evening it was postponed until a more convenient occa-

THE FLOOMS.—The floods played havor with our railroad Sunday last. No trains here, north or south, on Monday until late in the evening, when a mail came in from the evening, when a mail came in from the south. The damages to the road were made good during Monday, so we had the trains on good time Tuesday.

COURT MATTERS.—Division court will be held hers on Friday next, the 22ad inst. Let all those interested govern themselves

REEPS THE HORSE.—We learn that Mr. F. W. McRae has received a handesme offer for his fine imported Clydesdaie stailion "Emperor." He, however, has refused it. This magnificent animal is without doubt one of the finest in the country, is looking and feeling splendid and will no doubt get first prize at all the shows at which he may be exhibited.

Sporting.—Now that the lacroses club

seld his well-known and fine hotel, and intends turning farmer. We are sorry to less "John" from our midst. He is a good honest citizen and a genial landlord. However, we heartly wish him success in his new venture.

KIRKFIELD.

DENTISTRY.—Residents of Kirkfield and surrounding territory are informed that Mr. W. H. Gross of Lindsay visits Kirkfield on Wednesday, April 20th. Call at Campbell's hotel. CAMBRAY.

OATMEAL.—The catmeal turned out by the Cambray mills has obtained such a reputation for excellence that Mr. Berkley has been requested to place an order for one thousand bags per month, but was unable to accept, as with his present facilities he would be unable to supply his regular customers and fill such an extensive order. Mr. Berkley talks of putting in a set of rollers for the manufacture of roll flour.

Sold.—Mr. Tompkins sold his pet deer to a couple of gentlemen from Fension Falls. On taking the snimal to the Falls they told the Gazette reporter a story replete with excitement but lacking in another quality—veracity. other quality—veracity.

BUILDING.—Mr. John Tompkins is letting the contract for the erection of a brick dwelling on his farm a mile east of Cam-

bray.

RAILROADING.—Mr. C. B. Taylor and a number of others left for Sault Ste. Marie on Monday last to work on an American railway building from that place to St. l'aul, Minn.

Spring Requirements in the shape of wall paper, whiting, whitewash brushes, window blinds, varnish, etc., are in abundant supply at Lytle's. Also monster stock of straw hats of all kinds.

BOBCAYGEON. THE FLECTIONS.—Politics seem to drag considerably in this village. Several of the more intelligent conservatives have declared that they will not vote on polling day, preferring to stay at home rather than vote for a man who either showed his ignormance of the year law which as a rayle. nerance of the very law which as a revis-ing barrister he should know or who was grasping in trying to hold an office he was not entitled to ..... Hon, T. White and Mr. Hughes of "Coal Oil" fame held a meeting on Thursday, April 7th. They had a very slim attendance. When your correspondent came to the door Hughes was actively fam the fam standing at the door to ent came to the door Hughes was actively coaxing the few standing at the door to come in, as "there was lots of room." Mr. Hughes explained at some length the "grandeur and honesty" of Mr. Hudspeth in putting this riding to the expense of another election coeting at least \$2,000, and when Mr. White wound up his harangue he explained it all over again, a gentle hint to Mr. Hughes that Mr. White didn't think much of Mr. Hughes' explanation, and Mr. White can be told that the people thought fully as little of his.

fully as little of his. BOUND TO HAVE HIM. - On Wednesday at 10 a.m. Mrs. Robinson appeared before Mr. Crabtree, J.P., on a suit for the recovery of her son who had been given away by her husband, the boy's stepfather. After some discussion the magistrate decided in her favor and she got her boy.

BAD ROADS.—The roads are in a bad state. The weathervane is shifting to a different position every day. So are over town friends.

The weathervane is shifting to a different position every day. So are our tory friends. REVIVAL MEETINGS.—The evangelist, Mr. Marsh, has been holding meetings in the different churches of the village. The meetings are well attended. Mr. Marsh is an earnest and eloquent speaker and an indefatigable worker, and is doing good work. May abundant success attend his labors.

WOODVILLE. [Correspondence of The Post.]
SURE DEFEAT.—The electors around here auticipate a sure defeat for Mr. Hudspeth this trip.

NEARLY POISONED. - The little child of Mr. Heppenstate very narrowly escaped death from poisoning with strychnine. Since Dr. Baxter's office was wrecked with fire all the children around the village fire all the children around the village have free access to it and it appears that one of them found a bottle containing strychnine and very kindly treated the other little fellow to what he said was some sugar. Very soon after partaking of it he was seized with convulsions and continued so for some hours, when they gradually subsided until he was quite re-

STOCK NOTE.—D. Grant & Sons sold a very fine yearing bull to C. Doyle, Brechin. He is a "get" of their old famous bull McDuff. This section is quite noted for good

Moving.—We are very sorry to learn that Mr. Rod Campbell, our obliging and enterprising shoemaker, has rented his shop and house for a term of years and in a very few days will move to Cannington.

Mr. Stewart is his successor.

Scott Act Note.—Mr. Hector Campbell of Kirkfield is again up for violation of the Scott act. His case is going on but has not terminated at the time of writing this.

Examination. -The Easter examination was held in our school last Thursday. The attendance was very good, there being about thirty present. The different classes were examined by the teacher, Mr. Birchard, and the following gentlemen: Rev. J. Gillies, and Mesers. McDougall, Williamson and Howkins. The pupils showed proficiency in all the subjects they were examined, which reflected credit on themselves and their teacher.

PULPIT.—Rev. J. Gillis preached a very impressive discourse here two weeks ago. Shipped.—The famous cattle-buyer, Mr. Putty of Toronto, has shipped another carload of fat cattle from here on Thursday of last week. Among those who have sold to Mr. Putty are Mr. Thomas Rear, three head, for \$110; Mr. Colin Campbell, two head, \$50; Mr. D. N. Smith, three head, \$100.

Sold.—Mr. D. McCrimmon has disposed of his fancy team of horses for a fancy price.

Mr. Beacroft also sold a fine bay team for \$325.

CONVALSCENT.—Mr. McKee, who met with a painful accident some time ago, is slowly recovering under the skilful treatment of Dr. McKay of Woodville.

TOWN JOTTINGS.

from a peep at the program we may confidently predict a rare treat for the music-loving public. The best local talent will contribute, as well as other artistes from a distance. The committee have also secured the services of Mr. W. L. Hunter of Toronto, tenor soloist in the commercial travellers glee club, one of Toronto's favorite vocalits, who receives the highest enconiums from both press and public wherever he appears. Further particulars will be given by posters and programs.

The annual meeting of the Lindsay branch

An Opening by Gas Light. When the lady visitor to Dundas & Flavelle Bros. millinery opening on Thursday had reachthe millinery rooms the visitor found that dayers, plumes, flowers, silks and satins seemed to gain in brilliancy and softness of effect under the gas light, and looked "just too lovely for anything"—but women's wearing. The display made this season under the management of Miss Fegg is a brilliant one, and the rooms never showed to better advantage. A very fine assortment of new pattern bonnets and hats were shown, beautifully trimmed, of undoubted style and as models for all womankind to follow. Laces and parasols had a special exhibit and were very beautiful and stylish. In addition to goods of the millinery department a very fine selection of handsome mantles, dress silks and velvets were shown, provoking the enquiry as to who had means to afford such gorgeous and elegant apparel.....The carpet and housefurnishing department was opening, displaying very handsome and serviceable carpets, floor cloths, etc.

Attention to our ORDERED CLOTHING department enables us this spring to offer better value than ever. We have secured some exceptionally good lines in TWEEDS and the prices are not high. When you consider the value and see the goods you will admit they cannot be bettered anywhere in the county.

We will not say for just how little money we will make you a suit, but you can have your choice of goods and choice of prices as well. Does this not strike you as a reasonable offer.
