Valuable Bull Killed.

As the noon train was passing Birmingham's

Crossing in Ont., about three miles east of Lin-

dsey, on the 19th of last week, a very fine Polled

Angus bull owned by Mr. David Walker, near

Opas, was struck by the engine and killed.

This bull was one of the best in the Midland

district, being very large and jet black in color.

The loss will be felt by a number of the lead-

ing farmers. The train men say the shock

felt all through the train when the engine struck

him. The weight of the animal was above the

average for Polled Angus, taking into consid-

eration. It was very fat and well conditioned.
