"It Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles."—E. Braddon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various cough balsams and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral.

I did so, and am happy to say that it helped me at once. By continuing the use, my cough was cured, and, I am satisfied, saved my life.—Mrs. M. Coburn, 18 Second st., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave, had it not been for this medicine. It has cured me of a dangerous affection of the lungs, for which I had almost despaired of ever finding a remedy.—D. A. McMullen, Windsor, Province of Ontario.

Ayer's Cherry Pectoral saved my life, two years ago. I took a very severe Cold which settled on my lungs. I consulted physicians, and took the remedies they prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral. Two bottles of this medicine completely restored my health.—Lizzie M. Allen, West Lancaster, Ohio.

Ayer's Cherry Pectoral,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price $1, six bottles, $5.

On the recommendation of the minister of justice the governor general has commuted the death sentence recently passed upon Shearer, who was convicted of murdering a man in British Columbia. He was therefore given the benefit of the doubt.

The steamer Champlain caught fire at midnight, it is thought from an exploded lamp, while near Grand Traverse bay in Lake Michigan, and in ten minutes was so much enveloped in flames that all the passengers had to jump into the lake. The boat was running ten miles an hour when flames suddenly shot up from beneath the engines, driving the engineer from his post with his clothes on fire. He was up by the hurricane deck, plunged into a trunk but was too late to stop the engine or disconnect the hose. The alarm was given, the sleeping passengers were aroused, and when the pursuers had been lowered on all they were gathered on the forward deck. Two lifeboats and literally were launched, but the steamer was running so fast they took fire and were lost. Over twenty passengers and others perished, including the captain.

—The Paris Figaro says a sensation has been caused in French high life by the successful kidnapping of a countess recently divorced. The confusion for a time was terrible, men, women and children yelling and crowding for the entrance. Quiet was finally restored, when it was found that one young lady's leg had been broken and several women and children badly bruised. One of the lady equestrienne during the excitement fell in the midst of the four horses. She was riding and was terribly injured about the head and chest. Her condition is precarious.

—The agent of the O'Callaghan estates at Rodyke, which have been the scene of the recent evictions, writes to the Times stating that almost all the tenants held underleases at the judicial rates made by the land courts. They paid their rent regularly until the national league incited them to demand a thirty per cent. reduction. Even then many of the tenants paid their full rents correctly and had their receipts backdated prior to the league meetings, and some went so far as to implore that ejectments be served on them, although they had paid all in order to avoid the league's vengeance. "The whole resistance, the agent says, "was due to the action of the tenants. In the final negotiations nineteen tenants offered to accept a proposal to pay £918 in lieu of the £962 due, but Father Hannan declined the offer on behalf of the tenants." In explaining the agent says: "I have not the least doubt that I could have effected a peaceful settlement but for the mischievous interference of outsiders."

MIDLAND DISTRICT NOTES.

—The Campbellford Herald says: Two of our citizens, who had occasion to travel the country some miles north at Oak Hill in North Hastings recently, were unable to cross Jordan's foot. The waters overflowed to a considerable depth, and they were forced to return when almost there, leaving their supply of bread, which by misfortune to carry them over until harvest. At one place the waters were so deep and swift that the horses, not accustomed to such experiences, refused to swim, and the gentlemen had to swim their horses ashore, and then wade back to the road, a distance of about two hundred yards. Over seventy-five miles of the road was under water, and in some places it was over the fences, and the journey travellers left at any point. They travelled on several other routes, and were nearly starved before their return was effected.
